Ridgeland, Mississippi 39157

Dear Mayor McGee and Board of Alderman:

Please consider this letter as an official request for the appointment of Stephanie Warren, Director of Sales of the Hyatt Place in Ridgeland, to replace Patrice Hobbs of the Hyatt Place who was serving a three year term (April 2020- March 2023) representing the hotel/lodging industry on the Board of Directors for the Ridgeland Tourism Commission.

The position was vacated by Ms. Hobbs due to a change in employment from the Ridgeland lodging industry to FEMA during Covid-19. Ms. Warren has been an active partner with RTC's events and promotions and offers a proven track record of sales and leadership for our industry.

Please contact me with any questions or concerns.

Sincerely,

Chris Chapman

This Second Amendment to the Contract and Agreement between the parties, dated March 1, 2001 is made and entered into by and between the Mississippi Transportation Commission (the Commission), acting by and through the duly authorized Executive Director of the Mississippi Department of Transportation (MDOT) and the City of Ridgeland acting by and through its duly authorized Mayor, (the City), a Mississippi municipal corporation, effective as of the date of last execution below.

Whereas, the parties entered into a Contract and Agreement, dated March 1, 2001, that set forth the terms and conditions for the enhancement and maintenance of certain areas of MDOT right of way of Interstate 55, relative to work known as Project Number IM-0055-02 (160), and are willing to expand the area for enhancement and maintenance, as shown by the exhibit to this Amendment; and

Whereas, the parties entered into the first Amendment, dated January 21, 2020, that expanded its maintenance improvements and responsibilities, and to improve the aesthetic beauty, proposes to perform all of its aforementioned activities in the original agreement from station 148+00 to 225+00 as shown on Federal Aid Number ACNH-9204-00(007). The aforementioned project number is related to work performed on I-55 after the work performed on the previous project, as stated in the second paragraph above. This is more commonly described as the I-55 Right of Way from the City's existing Landscaping area going north to the City Limits.

Whereas, there is an uneconomic remnant parcel owned by the Commission that the City wishes to maintain and enhance labeled as parcel D, in Exhibit 1, attached to this second Amendment; and

Whereas, all of the terms, conditions, obligations, promises and responsibilities in the original Contract, Agreement and the first Amendment shall remain in full force and effect, and the same will apply to the area added by this second Amendment.

Therefore, for and in consideration of the mutual benefits accruing to each, the Commission and the City agree to expand the landscape maintenance requirements of the City in the original Agreement and first Amendment [from Station 148+00 to 225+00 as shown on the plan sheet of Federal Aid Project Number ACNH-9204-00(007)] to include the area highlighted on Exhibit 1 labeled as Parcel D that is within the City Limits.

The parties further agree that should the Commission desire to sell the land shown on Exhibit 1 in the future, that it will provide notice unto the City so that the City may remove any improvements placed upon the property within a reasonable time. Sixty days after the notice to the City, the Commission may proceed with a sale of the land and terminate this Amendment.

Cancellation of this Contract Amendment shall be controlled by the provisions of the original Contract and Agreement.

Mississippi Office of Highway Safety Fiscal Control and Fund Accounting Procedures

Federal regulations prohibit the commingling of Federal grant funds with funds from other sources, and require grant recipients to maintain separate accounting over grant funds to ensure the funds are used for authorized purposes only. Federal grant funds cannot be commingled with general operating funds.

The Mississippi Office of Highway Safety has established the following criteria that must be met by all agencies receiving MOHS funds:

All recipients of MOHS funds are required to follow the federal regulations prohibiting the commingling of federal funds and maintain appropriate financial records that fully disclose the amount and disposition of MOHS funds received. Adequate record keeping includes financial documentation for disbursements.

All recipients of MOHS funds will follow the requirement above, establish and maintain both fiscal and program controls and funds accounting procedures acceptable to the Mississippi Office of Highway Safety, to assure the proper expenditure and disbursement of all funds and for program management and execution. Books and records will be kept and maintained until audited by the MOHS, federal granting agency, Office of the Inspector General, or any other agency requesting records, who shall have the right to access to any pertinent books, documents, papers or other records of the sub-grantee, which are pertinent to the award, in order to make audits, examinations, excerpts and transcripts. The right to access are limited to the required retention period, but last as long as the records are retained (Reference 2CFR 200.336). Records must be maintained for a period of at least three years. Before destruction of any record, written approval must be obtained from the Mississippi Office of Highway Safety. These records include, but are not limited to:

- Financial report covering expenditures of the grant
- General ledger, cash receipts journals, cash disbursements journals, and other subsidiary records
- Approved budget and subsequent modifications
- Indirect cost allocation plans
- All invoices, billings, and reporting worksheets
- All personnel records of individuals paid with grant funds, including time sheets,
- wage authorization, tax withholdings forms, employment applications and other relevant data
- Inventory records for all property purchased with grant funds showing acquisition data, cost of property, identification number, bid information, and the use of the property
- Bank statements and reconciliations;
- Internal and external audit reports and project evaluation

We have read and understand all Fiscal Control and Fund Accounting Procedures as shown above and agree to comply with these conditions in the operation of the grant.

This Agreement made and entered into by and between the State of Mississippi by and through the MS Office of Highway Safety, hereinafter referred to as State, and the Governmental Unit or agency named in this application, hereinafter referred to as Sub-Grantee.

WHEREAS, the National Highway Traffic Safety Act of 1966, as amended, provides Federal funds to the State for approved highway safety projects for the purpose of reducing injuries and fatalities as result of motor vehicle crashes, and

WHEREAS, the State may make said funds available to state, county, and municipal agencies and/or government or political subdivisions and/or non-profit entities upon application and approval by State and the National Highway Traffic Safety Administration (NHTSA) if applicable, and

WHEREAS, the Sub-Grantee must comply with the requirements listed herein, to be eligible for Federal funds in approved highway safety projects, and

WHEREAS, the State is obligated to reimburse NHTSA out of its funds for any ineligible or unauthorized expenditures for which Federal funds have been claimed and payment received, and

WHEREAS, the Sub-Grantee has submitted an application for Federal funds for highway safety projects:

NOW, THEREFORE, IN CONSIDERATION OF MUTUAL PROMISES AND OTHER GOOD AND VALUABLE CONSIDERATION, THE PARTIES AGREE AS FOLLOWS:

I. REIMBURSEMENT OF ELIGIBLE EXPENSES

- A. It is mutually agreed that upon written application by Sub-Grantee and approval by State and NHTSA (if applicable), State will obligate Federal funds to Sub-Grantee account for reimbursement of eligible expenditures as set forth in the application.
- B. It is understood that the State has the right to monitor and pre-audit any and all claims presented for reimbursement. Arrangements have been made for the financial and compliance audit required by 2CFR Subpart F, which is to be conducted within the prescribed audit reporting cycle (failure to furnish an acceptable audit, as determined by the cognizant Federal agency, may result in denial or require return of Federal funds). It is mutually agreed and promised that Sub-Grantee reimburse State for any ineligible or unauthorized expenditure for which Federal funds have been claimed and payment received as determined by a State or Federal audit.
- C. It is also understood, pursuant to 2 CFR 200.336, the awarding agency and the Comptroller General of the United States, or any of their authorized representatives (such as National Highway Traffic Administration otherwise known as NHTSA), shall have the right of access to any pertinent books, documents, papers, or other records of grantees and Sub-Grantees which are pertinent to the grant, in order to make audits, examinations, excerpts, and transcripts.
- D. It is further agreed that where reimbursement is made to Sub-Grantee in installments, State shall have the right to withhold any installments to make up reimbursement(s) received for any ineligible or unauthorized expenditure until such time as the ineligible claim is made up or corrected by Sub-Grantee.

- E. Unless otherwise directed, Sub-Grantees must submit monthly reimbursement, activity reports and back up documentation, by the 10th working day of the following month to receive reimbursement for project activities. Reports reflect the status of project implementation and progress toward reaching goals. Each activity report shall describe the project status and shall be submitted to the State, no later than the 10th working day following the end of the month.
- F. Final Closeout Report and Reimbursement Claim with all required documentation must be received to MS Office of Highway Safety within forty-five (45) days of completion of the project (Close of Business (COB) November 15th). Appropriate forms will be provided to the Project Director. All required due dates for MOHS documents are provided in the Project Director's Guide.

Any Sub-Grantee delinquent in submitting monthly reimbursement, monthly activity, and/or final accomplishment reports, or incomplete progress reports that lack sufficient detail of progress during the period in question, may be subject to having submitted reimbursement requests delayed, pending additional justification. Once completed reports are received, reimbursement requests will be processed.

II. ON-SITE MONITORING AND EVALUATION

Pursuant to Federal guidelines, the State has developed a plan for evaluating all projects. Each Sub-Grantee will be required to have at least one (1) on-site monitoring visits during the grant year. All written documents will be reviewed to determine progress, problems and reimbursements of the project. The State evaluates all sub recipient's risk of noncompliance with Federal statutes, regulations and the terms and conditions of the sub-award for the purposes of determining the appropriate level of sub recipient monitoring.

III. PROPERTY AGREEMENT

- Facilities and equipment acquired under this agreement for use in highway safety program areas shall be used and kept in operation for highway safety purposes by the MS Office of Highway Safety; or the State, by formal agreement with appropriate officials of a political subdivision, State agency, or non-profit entities.
- It is mutually agreed and promised that the Sub-Grantee shall immediately notify the MS Office of Highway Safety, if any equipment purchased under this project ceases to be used in the manner set forth by the project agreement. In such event, Sub-Grantee further agrees to transfer or otherwise dispose of such equipment, as directed by the MS Office of Highway Safety.
- It is mutually agreed and promised by the Sub-Grantee that no equipment will be conveyed, sold, salvaged, transferred, etc., without the express written approval of the MS Office of Highway Safety.
- It is mutually agreed and promised that the Sub-Grantee shall maintain, or cause to be maintained for its useful life, any equipment purchased under this project.
- Each Sub-Grantee of federal grant funds has a financial management system that complies with the minimum requirements of 2 CFR Part 200 (Super Circular).

Audit Requirements:

Law enforcement, state, local, non-profit agencies funded with Federal Highway Safety funds administered by the MS Office of Highway Safety for the purpose of grant activity must comply with the following (2 CFR§200.501):

(a) *Audit required.* A non-Federal entity that expends \$750,000 or more during the non-Federal entity's fiscal year in Federal awards must have a single or program-specific audit conducted for that year in accordance with the provisions of this part.

(b) *Single audit.* A non-Federal entity that expends \$750,000 or more during the non-Federal entity's fiscal year in Federal awards must have a single audit conducted in accordance with §200.514 Scope of audit except when it elects to have a program-specific audit conducted in accordance with paragraph (c) of this section.

(c) *Program-specific audit election.* When an auditee expends Federal awards under only one Federal program (excluding R&D) and the Federal program's statutes, regulations, or the terms and conditions of the Federal award do not require a financial statement audit of the auditee, the auditee may elect to have a program-specific audit conducted in accordance with §200.507 Program-specific audits. A program-specific audit may not be elected for R&D unless all of the Federal awards expended were received from the same Federal agency, or the same Federal agency and the same pass-through entity, and that Federal agency, or pass-through entity in the case of a sub recipient, approves in advance a program-specific audit.

(d) *Exemption when Federal awards expended are less than \$750,000.* A non-Federal entity that expends less than \$750,000 during the non-Federal entity's fiscal year in Federal awards is exempt from Federal audit requirements for that year, except as noted in §200.503 Relation to other audit requirements, but records must be available for review or audit by appropriate officials of the Federal agency, pass-through entity, and Government Accountability Office (GAO).

(e) *Federally Funded Research and Development Centers (FFRDC).* Management of an auditee that owns or operates a FFRDC may elect to treat the FFRDC as a separate entity for purposes of this part.

(f) *Sub-recipients and Contractors.* An auditee may simultaneously be a recipient, a sub recipient, and a contractor. Federal awards expended as a recipient or a sub recipient are subject to audit under this part. The payments received for goods or services provided as a contractor are not Federal awards. Section §200.330 Sub recipient and contractor determinations sets forth the considerations in determining whether payments constitute a Federal award or a payment for goods or services provided as a contractor.

(g) *Compliance responsibility for contractors.* In most cases, the auditee's compliance responsibility for contractors is only to ensure that the procurement, receipt, and payment for goods and services comply with Federal statutes, regulations, and the terms and conditions of Federal awards. Federal award compliance requirements normally do not pass through to contractors. However, the auditee is responsible for ensuring compliance for procurement transactions which are structured such that the contractor is responsible for program compliance or the contractor's records must be reviewed to determine program compliance. Also, when these procurement transactions relate to a major program, the scope of the audit must include determining whether these transactions are in compliance with Federal statutes, regulations, and the terms and conditions of Federal awards.

(h) *For-profit sub recipient.* Since this part does not apply to for-profit sub recipients, the pass-through entity is responsible for establishing requirements, as necessary, to ensure compliance by for-profit sub recipients. The

agreement with the for-profit sub recipient must describe applicable compliance requirements and the for-profit sub recipient's compliance responsibility. Methods to ensure compliance for Federal awards made to for-profit sub recipients may include pre-award audits, monitoring during the agreement, and post-award audits. See also §200.331 Requirements for pass-through entities.

Sub-Grantees are required to provide a copy of the jurisdiction/agency(s) most recent financial audit with the submission of the Grant Application. If the agency receives an updated audit during the grant year, the agency is required to provide a copy of the audit to the MOHS.

STATE CERTIFICATION AND ASSURANCE
CERTIFICATION AND STANDARD ASSURANCE REQUIREMENT FOR:
(APPLIES TO SUB RECIPIENTS AS WELL AS SUB-GRANTEES)

CONCERNING: STATE, COUNTY AND LOCAL EMERGENCY RESPONSE AND VEHICULAR PURSUIT POLICIES

When truly applicable and in full cooperation with the MS Office of Highway Safety, all grant and/or Sub-Grantee recipients (regardless of the type of entity or the amount awarded) must show substantial compliance with the following statutory requirement: On or after January 1, 2005, each state, county and local law enforcement agency that conducts emergency response and vehicular pursuits shall adopt written policies and training procedures that set forth the manner in which these operations shall be conducted. Each law enforcement agency may create its own policies or adopt an existing model. All pursuit policies created or adopted by any law enforcement agency must address situations in which police pursuits cross over into other jurisdictions. Law enforcement agencies which do not comply with the requirements of this provision are subject to the withholding of any state funding or state administered federal funding.

MS Code Annotated § 45-1-43, effective from and after July 1, 2004.

The obligation of a Sub-Grantee is to formulate, implement, and maintain certain written pursuit policies and training procedures which specifically set forth how these operations shall be conducted in accordance with State law. Note that "recipient" means any state, county or local law enforcement agency that conducts emergency response and vehicular pursuits and which may also receive any state funding or state administered federal funding.

A true copy of the law enforcement agency's emergency response and vehicular pursuit policy with pertinent training procedures must be retained in the agency grant file and be available for review. However, when otherwise allowed to submit an alternative for the required documentary confirmation, recipient must specifically identify and acknowledge the use of viable pertinent policies and training procedures, as these factors may be especially expressed through an appropriate letter or timely memorandum of understanding. All relevant information submitted or received by the MOHS, becomes an actual documented part of the grant documentation and thus will be placed within the MOHS master file for grants.

During any occurrence or time period for application, selection, award, implementation or close out of a grant or an award, if the grantee, Sub-Grantee, or recipient does not show compliance with the statute emphasized above, the grantee, Sub-Grantee or recipient is subject to the withholding of any state funding or state administered federal funding. Failure of grantee, Sub-Grantee or recipient to communicate the relevant policy that is required by statute may lead to adverse cost adjustment, disallowance of costs and/or recovery of

pertinent project funds. Such recovery may be accomplished on the basis of offset levied against any and all advanced funding, requests for reimbursements, or award of funds.

As the Authorized Official for, City of Ridgeland, Ridgeland Police Department (Sub-Grantee Name), I certify by my signature below, that I have fully read and I am cognizant of our duties and responsibilities under the emergency response and vehicular pursuit policies statute. Therefore, I hereby comply with this Certification and Standard Assurance requirement by retaining true copy of the applicable state, county or local emergency response and vehicular pursuit policies with training procedures which are pertinent to this organization. A copy of the vehicular pursuit policy must be maintained in the Sub-Grantee agency grant file.
