t) Approve Privilege License Numbers 2023-00001 through 2023-99999 - Order Attached Hereto As Exhibit "T"

The motion was seconded by Alderman Bill Lee and a vote was taken thereon as follows:

Vote: Aye(s): Alderman Chuck Gautier, Alderman Wesley Hamlin, Alderman Ken Heard, Alderman Kevin Holder, Alderman Brian Ramsey, Alderman D.I. Smith, Alderman Bill Lee

Nay(s): None

Abstention(s): None

The Mayor then declared the Motion carried.

Next came the payment of claims 178490 - 178769 and 9/23/2022 Payroll (\$1,737,855.97). Alderman Chuck Gautier moved to approve. The Motion was seconded by Alderman D.I. Smith and a vote was taken thereon as follows:

Vote: Aye(s): Alderman Chuck Gautier, Alderman Wesley Hamlin, Alderman Ken Heard, Alderman Kevin Holder, Alderman Brian Ramsey, Alderman D.I. Smith, Alderman Bill Lee

Nay(s): None

Abstention(s): None

The Mayor then declared the Motion carried.

The Mayor announced the need of going into Executive Session to discuss both ongoing and pending litigation. Alderman Ken Heard moved to go into Closed Session to discuss the need of going into Executive Session to discuss both ongoing and pending litigation. The motion was seconded by Alderman Brian Ramsey and a vote was taken thereon as follows:

Vote: Aye(s): Alderman Chuck Gautier, Alderman Wesley Hamlin, Alderman Ken Heard, Alderman Kevin Holder, Alderman Brian Ramsey, Alderman D.I. Smith, Alderman Bill Lee
Nay(s): None
Abstention(s): None

The Mayor then declared the Motion carried.

CLOSED SESSION

Alderman D. I. Smith moved to go into Executive Session to discuss both ongoing and pending litigation. The motion was seconded by Alderman Kevin Holder and a vote was taken thereon as follows:

Vote: Aye(s): Alderman Chuck Gautier, Alderman Wesley Hamlin, Alderman Ken Heard, Alderman Kevin Holder, Alderman Brian Ramsey, Alderman D.I. Smith, Alderman Bill Lee
Nay(s): None
Abstention(s): None

The Mayor then declared the Motion carried.

EXECUTIVE SESSION

Alderman Brian Ramsey moved to leave Executive Session. Alderman D. I. Smith seconded the motion and a vote was taken thereon as follows:

Vote: Aye(s): Alderman Chuck Gautier, Alderman Wesley Hamlin, Alderman Ken Heard, Alderman Kevin Holder, Alderman Brian Ramsey, Alderman D.I. Smith, Alderman Bill Lee
Nay(s): None
Abstention(s): None

The Mayor then declared the Motion carried.

There being no further business before the Board of Aldermen, the Mayor adjourned the meeting at 6:21 pm.

WITNESS MY SIGNATURE, this the 10th day of October, 2022.

2022-002642

GENE F. MCGEE, MAYOR

ATTEST:

PAULA TIERCE, CITY CLERK

**MINUTES OF THE SPECIAL MEETING
OF THE MAYOR AND BOARD OF ALDERMEN
OF THE CITY OF RIDGELAND
OCTOBER 3, 2022
6:00 P.M.**

The Mayor opened the special called meeting of the Mayor and Board of Aldermen. Present were Alderman Bill Lee, Alderman Kevin Holder, Alderman Chuck Gautier, Alderman DI Smith, Alderman Wesley Hamlin, Alderman Brian Ramsey, City Attorney Jerry Mills, and City Clerk Paula Tierce. Absent was Alderman Ken Heard.

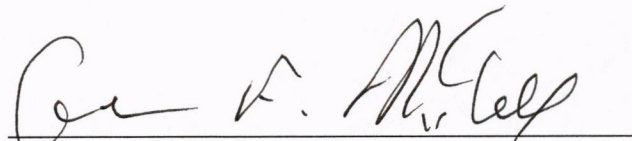

The City Clerk adjudicated that proper notice was made; a copy of which is attached hereto as Exhibit "A".

The Keep Ridgeland Beautiful Committee was present for the presentation of a certificate for being selected the Keep America Beautiful August 2022 Affiliate of the Month for the outstanding work in improving and beautifying the community environment and winning the Keep America Beautiful Innovation Award. The Keep Ridgeland Beautiful Committee has also been awarded \$1,000 for winning the Keep America Beautiful President's Circle Award and the Keep Mississippi Beautiful Circle of Excellence. The Mayor commended the Committee for their hard work and dedication to the City of Ridgeland.

The Mayor presented the proposed agenda for the regular meeting scheduled on Tuesday, October 4, 2022. Each item was discussed with no action being taken by the Board of Aldermen.

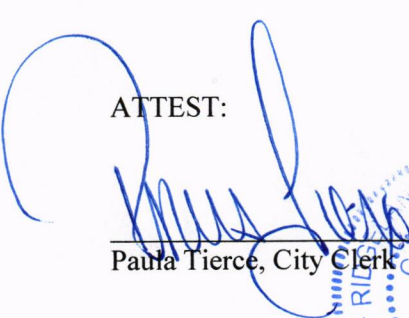

The meeting concluded at 6:15 p.m.

WITNESS MY SIGNATURE, this the 10th day of October, 2022.

GENE F. MCGEE, MAYOR

ATTEST:

Paula Tierce, City Clerk

The Mayor and Board of Aldermen (the “**Governing Body**”) of the City of Ridgeland, Mississippi (the “**City**”), the matter of the Amended and Restated Security and Reimbursement Agreement between the City and Renaissance Phase II, LLC (the “**Developer**”), a limited liability company organized, existing and in good standing under the laws of the State of Mississippi (the “**State**”). After a full consideration of the matter, Alderman _____ offered and moved the adoption of the following Resolution:

RESOLUTION OF THE MAYOR AND BOARD OF ALDERMEN, CITY OF RIDGELAND, MISSISSIPPI, AUTHORIZING THE FORM OF AND EXECUTION OF A DEVELOPMENT AND REIMBURSEMENT AGREEMENT BETWEEN RENAISSANCE PHASE III, LLC, A MISSISSIPPI LIMITED LIABILITY COMPANY, AND THE CITY.

WHEREAS, the Governing Body of the City, acting for and on behalf of the City, hereby find, determine and adjudicate and declare as follows that:

1. The Governing Body is authorized and empowered by the Constitution and Laws of the State of Mississippi, including Section 21-45-1 *et seq.*, Mississippi Code of 1972, as amended and/or supplemented from time to time (the “**TIF Act**”), to undertake and carry out redevelopment projects within an area determined by the Governing Body of the City to be in need of development and redevelopment and designated as appropriate for redevelopment in accordance with redevelopment and tax increment financing plans adopted by the Governing Body;

2. The Governing Body approved its redevelopment plan entitled “Tax Increment Redevelopment Plan, City of Ridgeland, Mississippi, 2003, as Amended and Restated October 2016” (the “**Redevelopment Plan**”) pursuant to the TIF Act.

3. The Governing Body approved the “Tax Increment Financing Plan, Colony Park Project, City of Ridgeland, Mississippi, December 2004” (the “**2004 TIF Plan**”) to create a tax increment financing district for the purpose of assisting in the development of the approximately 280 acres located along the Highland Colony Parkway in the City (the “**Colony Park Project**”), and approved the “Tax Increment Financing Plan, Colony Park Project, City of Ridgeland, Mississippi, December 2004 as Amended and Restated September 2016” (the “**First Amendment**”), and together with the 2004 TIF Plan, the “**TIF Plan**”) to amend the 2004 TIF Plan and to approve the additional phases of the Colony Park Project as qualified for tax increment financing and to express its intent at a future time or times to issue tax increment financing bonds in one or more series in an total outstanding principal amount not to exceed Forty-Two Million Five Hundred Thousand Dollars (\$42,500,000), all as provided by the Act.

4. The Developer has proposed to develop a portion of the Colony Park Project to be known as the Renaissance Phase II Project, which project includes a proposed development of an additional 80,000 to 90,000 square feet of retail and restaurants, and the tenant improvements therein, including without limitation equipment, inventory and other personal property owned by tenants, and improvements, including without limitation equipment, inventory and other personal property, on any parcels that may be ground leased to third party developers, representing a private investment of approximately \$45,000,000, located adjacent to Renaissance Phase I (as defined with the First Amendment and together with the Renaissance Phase II Project, the “**Renaissance Projects**”) on prime commercial property along Highland Colony Parkway within the corporate limits of the City and in the TIF District.

5. The City and the Developer previously entered into that certain Security and Reimbursement Agreement, dated October 18, 2016 (the “**Original Development Agreement**”), which provided for the development of the Renaissance Phase II Project and the issuance of not to exceed the principal amount of \$5,000,000 Tax Increment Limited Obligation Bonds of the City (the “**Renaissance II Bonds**”) to fund certain public infrastructure improvements related to the Renaissance Phase II Project and described in the TIF Plan.

6. There has been presented to the Governing Body the form of an Amended and Restated Security and Reimbursement Agreement, dated as of October 18, 2022, to be executed by and between the City and the Developer, the form of which is attached hereto as **EXHIBIT A** (the "**Amended Agreement**") to provide that the Renaissance II Bonds may fund certain public infrastructure improvements related to the Renaissance Projects.

7. The Governing Body desires to enter into the Amended Agreement and to authorize the Mayor and City Clerk of the City to execute same with such changes, additions, deletions and modifications as shall be approved by the officers of the City executing the Amended Agreement, their execution thereon signifying their approval of such changes, additions, deletions and modifications.

NOW, THEREFORE, BE IT RESOLVED BY THE GOVERNING BODY OF THE CITY, AS FOLLOWS:

Section 1. That all the findings and facts made and set forth in the preamble to this resolution shall be and the same are hereby found, declared and adjudicated to be true and correct.

Section 2. That the Amended Agreement is approved in the form attached hereto as **EXHIBIT A**, and that the Mayor and the City Clerk are authorized to execute the Development Agreement with such changes, additions, deletions and modifications as shall be approved by the officers of the City executing same, their execution thereon signifying their approval of such changes, additions, deletions and modifications.

Section 3. That all orders, resolutions or proceedings of this Governing Body in conflict with the provisions of this Resolution shall be and are repealed, rescinded and set aside, but only to the extent of such conflict.

Section 4. That for cause, this Resolution shall become effective immediately upon the adoption thereof.

_____ seconded the motion to adopt the foregoing, and the roll call vote was as follows:

Alderman D.I. Smith	voted: _____
Alderman Ken Heard	voted: _____
Alderman Chuck Gautier	voted: _____
Alderman Kevin Holder	voted: _____
Alderman Brian Ramsey	voted: _____
Alderman Bill Lee	voted: _____
Alderman Wesley Hamlin	voted: _____

The motion having received the affirmative vote of a majority of all of the members of the Governing Body present, the Mayor declared the motion carried and the Resolution adopted on this the 18th day of October 2022.

CITY OF RIDGELAND, MISSISSIPPI

Gene F. McGee, Mayor

ATTEST:

Paula Tierce, City Clerk
(SEAL)

Exhibit A

Amended and Restated Security and Reimbursement Agreement

AMENDED AND RESTATED SECURITY AND REIMBURSEMENT AGREEMENT

This Amended and Restated Security and Reimbursement Agreement (the “Amended Agreement”) dated October 18, 2022, by and between the **City of Ridgeland, Mississippi**, a body corporate and politic organized and existing under the laws and Constitution of the State of Mississippi (the “City”), and **Renaissance Phase II, LLC**, a limited liability company organized, existing and in good standing under the laws of the State of Mississippi (the “State”), its successors, assigns or designees as provided herein (“Renaissance Phase II”).

WITNESSETH:

WHEREAS, the City and Renaissance Phase II entered into that certain Security and Reimbursement Agreement, dated October 18, 2016 which is being amended and restated under the provisions hereof; and

WHEREAS, the City approved its redevelopment plan entitled “Tax Increment Redevelopment Plan, City of Ridgeland, Mississippi, 2003, as Amended and Restated October 2016” (the “Redevelopment Plan”) as authorized under Section 21-45-1 *et seq.*, Mississippi Code of 1972, as amended (the “TIF Act”); and

WHEREAS, on December 7, 2004, the City adopted a resolution approving the “Tax Increment Financing Plan, Colony Park Project, City of Ridgeland, Mississippi, December 2004” (the “2004 TIF Plan”) to create a tax increment financing district for the purpose of assisting in the development of the approximately 280 acres located along the Highland Colony Parkway in the City (the “Colony Park Project”); and

WHEREAS, on September 20, 2016, the City adopted a resolution giving notice of its intention to hold a hearing to consider approval of the “Tax Increment Financing Plan, Colony Park Project, City of Ridgeland, Mississippi, December 2004 as Amended and Restated September 2016” (the “First Amendment”, and together with the 2004 TIF Plan, the “TIF Plan”) to amend the 2004 TIF Plan and to approve the additional phases of the Colony Park Project as qualified for tax increment financing (“TIF”), to express its intent at a future time or times to issue Tax Increment Financing Bonds in one or more series (the “Bonds”) in an outstanding principal amount not to exceed Forty-Two Million Five Hundred Thousand Dollars (\$42,500,000), all as provided by the Act; and

WHEREAS, the TIF Plan was developed in conformity with the Redevelopment Plan; and

WHEREAS, on October 6, 2016, the City published a Notice of a Public Hearing on the First Amendment, and on October 18, 2016, the Mayor and Board of Aldermen (the “Board”) held a public hearing on the First Amendment, all as required by the Act, after which the Board adopted a resolution giving final approval to the First Amendment and authorizing the issuance of the Bonds for the purpose of acquiring and constructing the Infrastructure Improvements, as defined herein below; and

WHEREAS, Madison County, Mississippi (the “County”), has previously participated with the City to assist in the development of the Colony Park Project, as authorized by the TIF Act

and Sections 57-64-1 *et seq.*, Mississippi Code of 1972, amended (the “REDA Act”), and, in November of 2016 the County amended its tax increment plan authorizing the County to cooperate with the City to further assist in the development of the Colony Park Project and, in particular, the Renaissance Phase II Project pursuant to the REDA Act and Sections 17-13-1 *et seq.*, Mississippi Code of 1972, as amended (the “Interlocal Act”); and

WHEREAS, the City and the County entered into an Interlocal Agreement, dated August 10, 2020 (the “Interlocal Agreement”) providing for the joint participation of the City and the County regarding the participation of each with respect to the development and redevelopment of the Colony Park Project, which includes the Renaissance Phase II Project; and

WHEREAS, pursuant to the TIF Plan and the TIF Act, the City has agreed to issue the Bonds, in one or more series, subject in part to compliance with the terms of this Amended Agreement, to pay the cost of acquiring land and/or constructing various infrastructure improvements with respect to the Colony Park Project, which includes, but is not limited to, installation of utilities such as water, sanitary sewer, and natural gas lines; relocation of utilities; installation and relocation of electrical services; installation of storm drainage; construction of roadways with curb and gutter, sidewalks, multi-use paths, parking (including parking structures); installation and construction of fountains; installation and construction of public facilities; installation of traffic signalization and signage; site improvements; grading; landscaping of rights-of-way; purchase of rights-of-way necessary for the installation of the infrastructure improvements described hereinabove (the “Infrastructure Improvements”); and

WHEREAS, the Colony Park Project is composed of numerous components, including but not limited to, the Highland Colony Redevelopment Project as described in **Exhibit B** attached hereto (the “Highland Colony Redevelopment Project”) and the Renaissance Phase II Project, as described in Exhibit B attached hereto (the “Renaissance Phase II Project”) and together with the Highland Colony Redevelopment Project, the “Projects”); and

WHEREAS, Renaissance Phase II has developed the Renaissance Phase II Project, and the City intends to support the Renaissance Phase II Project and to allow a portion of the proceeds from the Bonds to be used to reimburse Renaissance Phase II for the cost of Infrastructure Improvements installed and contained as part of the Projects (the “Renaissance Infrastructure Improvements”) in a principal amount necessary to reimburse Renaissance Phase II an amount not to exceed Five Million Dollars (\$5,000,000) for eligible Renaissance Infrastructure Improvements; and

WHEREAS, the Bonds will be secured by a pledge of all of the City’s incremental ad valorem tax increases from the real and personal property and all of the incremental increases in sales tax rebates and the County’s incremental ad valorem tax increases from the real and personal property all generated within the TIF District from the development of the Colony Park Project, which includes the Projects; and

WHEREAS, the principal amount of the Bonds to be issued by the City from time to time hereunder to support the Infrastructure Improvements will be determined based on (a) one hundred percent (100%) of the incremental increase in the City’s ad valorem tax revenue generated from real and personal property within the TIF District attributable to the development of the Colony

Park Project; (b) fifty percent (50%) of the incremental increase in sales tax rebates generated within the TIF District attributable to the development of the Colony Park Project; and (c) one hundred percent (100%) of the incremental increase in the County's ad valorem tax revenue generated from real and personal property within the TIF District attributable to the development of the Colony Park Project, as provided in the Interlocal Agreement; and

WHEREAS, Renaissance Phase II has substantially completed the construction of the Renaissance Phase II Project prior to issuance of the Bonds, and when such Bonds are delivered, the City will reimburse Renaissance Phase II for expenditures for the Renaissance Infrastructure Improvements incurred up to that time and then will subsequently reimburse Renaissance Phase II for future expenditures for the Renaissance Infrastructure Improvements all as set forth in Section 4 herein, subject in all respects to compliance by Renaissance Phase II with the terms and provisions of this Amended Agreement; and

WHEREAS, Renaissance Phase II is continuing to make, or cause to be made, certain tenant improvements to the Renaissance Phase II Project in anticipation of the delivery of the Bonds; and

WHEREAS, as required by the TIF Act, this Amended Agreement is being executed and delivered in order to set forth the agreements between the parties hereto with respect to Renaissance Phase II being reimbursed for its expenditures for the Renaissance Infrastructure Improvements when the Bonds are sold and delivered and with respect to the obligations of Renaissance Phase II with respect to bond issuance fees and expenses that the City may be required to incur prior to and in anticipation of the sale and delivery of the Bonds; and

WHEREAS, this Amended Agreement is authorized by and being executed in order to comply with Section 21-45-9 of the TIF Act.

NOW THEREFORE, IN CONSIDERATION OF THE FOREGOING, THE CITY AND RENAISSANCE PHASE II AGREE THAT:

SECTION 1. Renaissance Phase II has substantially completed the acquisition and construction of the Renaissance Phase II Project and shall commence with making, or cause to be made, certain additional tenant improvements to the Renaissance Phase II Project, and subject to the provisions of this Amended Agreement and the issuance of the Bonds, the City shall reimburse Renaissance Phase II for expenditures on the Renaissance Infrastructure Improvements.

SECTION 2. The City will issue the Bonds to defray the costs of the Infrastructure Improvements in one or more series, in the principal amount, as may be reasonably determined by the City, in an amount equal to the lesser of:

(a) such principal amount of Bonds issued to provide for the Infrastructure Improvements (i.e., the calculation to determine sizing of the Bonds to support the financing of Infrastructure Improvements, the cost of issuance of the Bonds and, to the extent necessary, amounts reasonably required to fund a capitalized interest fund and/or a debt service reserve fund) shall be based on amounts to retire both principal and interest out of:

- (i) fifty percent (50%) of the increase in sales tax rebates accruing to the City resulting from the taxation of retail sales within the TIF District attributable to businesses contained within the TIF District from the development of the Colony Park Project;
- (ii) the increase in ad valorem taxes accruing to the City resulting from taxation of the real and personal property attributable to the businesses and improvements, equipment, inventory and other personal property contained within the TIF District from the development of the Colony Park Project; and
- (iii) the increase in County ad valorem taxes resulting from taxation of the real and personal property in the TIF District attributable to the businesses and improvements, equipment, inventory and other personal property contained within the TIF District from the development of the Colony Park Project pursuant to the Interlocal Agreement;

provided that neither ad valorem taxes of the City generated by single-family residential development nor ad valorem taxes of the City generated for school district purposes will be pledged to service the debt of the Bonds. The tax revenues identified in subsections (i), (ii) and (iii) above are hereinafter referred to as “TIF Revenues,” or

- (b) an amount necessary to reimburse Renaissance Phase II \$5,000,000 for eligible Infrastructure Improvements.

The City will deliver the Bonds as soon as Renaissance Phase II is able to demonstrate to the satisfaction of the City that projected TIF Revenues will provide moneys sufficient to make the payments for such Bonds and compliance with the provisions of Section 3(b) of that certain Bond Resolution, adopted by the Board on August 2020 (the “2020 Bond Resolution”), which relate to the issuance of Additional Bonds. Furthermore, in no event shall the Bonds, the proceeds of which will be used to defray the cost of Infrastructure Improvements, be issued in an amount that would require the annual payment on such series of Bonds to exceed the projected annual amount available to the City and County, if applicable, from those revenues specified in Section 2(a) above.

Proceeds of Bonds issued hereunder shall be applied in accordance with the provisions of Section 5 hereof and the bond resolution to be adopted by the City providing for the issuance of such Bonds. The provisions of this Section 2 shall not apply to the refunding of outstanding tax increment financing obligation under Section 5(b) hereof.

SECTION 3. Renaissance Phase II acknowledges and agrees that the City and the County entered into the Interlocal Agreement, which provides for the participation of the County as to the pledging of its increase in ad valorem taxes on real and personal property contained within the TIF District and the County Portion of the Tax Increment (as defined in the Interlocal Agreement) to be used for the payment of debt service payments on the Bonds.

SECTION 4. The acquisition and construction of the Renaissance Phase II Project has been substantially completed by Renaissance Phase II at its own cost prior to the delivery of any series of Bonds. To the extent allowed by law and this Amended Agreement, the City will reimburse Renaissance Phase II for expenditures on the Renaissance Infrastructure Improvements in a principal amount as provided in Section 2 hereof.

The City and Renaissance Phase II hereby acknowledge and agree that Highland Colony Land Company, LLC ("Highland Colony") may be included as a designee for the purpose of reimbursing Renaissance Phase II for expenditures on the Renaissance Infrastructure Improvements, provided that such costs and expenditures made by Highland Colony have not previously been reimbursed from proceeds of previously issued Bonds. Reimbursement of such costs and expenditures shall be made by the City pursuant to requisitions, the form of which is provided in **Exhibit A** attached hereto.

SECTION 5. (a) The City and Renaissance Phase II agree that at such time as one or more series of the Bonds are sold and delivered, the City shall deposit and apply Bond proceeds in the maximum outstanding principal amount of Forty-Two Million Five Hundred Thousand Dollars (\$42,500,000) in the priority as follows: (i) first, with respect to any refinancing, set aside or pay an amount sufficient to provide for the payment of the City's outstanding tax increment financing obligations previously incurred in connection with the Colony Park Project; (ii) then, in the City's sole discretion, establish any necessary reserve fund to pay interest on the Bonds which would be due and payable prior to the date when the first incremental increase in taxes is received, (iii) then, in the City's sole discretion, establish any necessary debt service reserve fund, subject to Section 7 hereof, and provide for cost of issuance, and (iv) then the proceeds shall next be used to reimburse Renaissance Phase II, which may include Highland Colony, for all costs and expenditures made by Renaissance Phase II or Highland Colony in connection with the acquisition and construction of the Renaissance Infrastructure Improvements by requisition therefor, as described in **Exhibit A**, in the principal amount as provided for in Section 2 hereof.

(b) In connection with any refunding of the City's outstanding tax increment financing obligations described under Section 5(a)(i) hereof (the "Outstanding TIF Obligations") the debt service reserve funds related to the Outstanding TIF Obligations shall be applied as follows: (i) to the extent such debt service reserve funds are necessary to fund a new debt service reserve fund for refunding bonds, such amounts shall be transferred to the refunding bond issue and deposited into a new debt service reserve fund under terms and conditions consistent with the 2020 Bond Resolution or any other existing bond documents for the Outstanding TIF Obligations; or (ii) to the extent such debt service reserve funds are not necessary to fund a new debt service reserve fund for the refunding bonds, such amounts shall be applied to pay eligible Infrastructure Improvements consistent with the terms and conditions of the 2020 Bond Resolution or other existing bond documents for the Outstanding TIF Obligations and with State and federal law (including federal tax laws relating to the issuance of the refunding bonds).

SECTION 6. Renaissance Phase II hereby acknowledges and agrees that the City is not authorized to use its general funds to pay (or to reimburse Renaissance Phase II) any part of the cost of the Renaissance Infrastructure Improvements or cost and expense incurred in connection with issuing the Bonds and that the City's obligation to expend funds or reimburse Renaissance Phase II to pay for the acquisition and construction of the Renaissance Infrastructure Improvements is limited to the proceeds of any series of Bonds, and in the event the Bonds are not sold and delivered, no resulting liability shall accrue to the City irrespective of expenditures made by Renaissance Phase II in connection with construction of the Projects. The City covenants and agrees to use its best efforts to issue the Bonds in the amounts, for the purposes and at the times contemplated herein, and covenants and agrees that the Bonds will be issued unless the issuance thereof is prevented by rule of law, commercial inability to issue such Bonds or by the lack of sufficient projected TIF Revenues to provide for the Bond Payments for the Bonds, or a series thereof in the minimum amount provided for hereunder, as may reasonably be determined by the City in accordance with fact.

SECTION 7. It is the parties' intention that should a debt service reserve fund (the "Debt Service Reserve Fund") be required as an inducement to sell the Bonds on reasonable terms and conditions acceptable to the City, the City shall first use commercially reasonable efforts to obtain bond insurance to fund the Debt Service Reserve Fund. In the event said bond insurance is unavailable on commercially reasonable terms and conditions and a Debt Service Reserve Fund is required, the City shall fund the Debt Service Reserve Fund with funds in a Debt Service Reserve Fund related to Outstanding TIF Obligations to the extent allowed by the 2020 Bond Resolution and then to the extent necessary from Bond proceeds. To the extent permitted by State and federal law and regulations, the final payment on the Bonds shall be made from the TIF Revenues, if sufficient, and funds in the Debt Service Reserve Fund, if any, shall be released to Renaissance Phase II to the extent Renaissance Phase II has not been reimbursed for allowable expenses of the Renaissance Infrastructure Improvements.

SECTION 8. Prior to any reimbursement, Renaissance Phase II will present a description of any portion of the Renaissance Infrastructure Improvements to be dedicated to the City, if any, or if no property is to be dedicated to the City, Renaissance Phase II shall so inform the City prior to any reimbursement. Contingent on same being constructed in compliance with City standards, codes and ordinances, the City agrees to accept maintenance responsibility for that part, if any, of the Renaissance Infrastructure Improvements which is dedicated to the City. The non-dedicated Renaissance Infrastructure Improvements shall remain the property of Renaissance Phase II or other private party and shall be maintained by Renaissance Phase II or such other private party.

SECTION 9. Renaissance Phase II acknowledges and agrees that it assumed the risk of proceeding with the construction and acquisition of the Renaissance Phase II Project prior to the issuance and sale of any series of Bonds and further acknowledges that the City's sole source of funds available to pay the cost of the Renaissance Infrastructure Improvements or reimburse Renaissance Phase II for such cost is the proceeds derived from the sale of the Bonds.

SECTION 10. The City hereby agrees that it will make all reasonable efforts to issue and deliver the Bonds, from time to time, in a timely manner and represents to Renaissance Phase II that it knows of no reason why the Bonds will not be issued and delivered, other than compliance with the provisions of Section 3(b) of the 2020 Bond Resolution.

SECTION 11. Renaissance Phase II hereby acknowledges that the City has entered into the following agreements that related to the TIF District and the Colony Park Project:

- (1) that certain Security and Reimbursement Agreement, dated as of June 1, 2006 (the “Highland Colony Reimbursement Agreement”) with Highland Colony in order to provide funds to pay the costs of all or a portion of the Highland Colony Redevelopment Project in an amount not to exceed \$27,400,000. Bonds issued by the City for the Highland Colony Redevelopment Project may be issued at different times and in separate series, and the principal amount of each respective series of Bonds will be determined as provided by the 2020 Bond Resolution;
- (2) that certain Security and Reimbursement Agreement, dated as of June 1, 2006 (the “Township I Reimbursement Agreement”) with The Township Land Company, LLC (“Township”) in order to provide funds to pay the costs of all or a portion of the Township Redevelopment Project (as defined in the Township I Reimbursement Agreement) in an amount not to exceed \$7,600,000. Bonds issued by the City for the Township Redevelopment Project may be issued at different times and in separate series, and the principal amount of each respective series of Bonds will be determined as provided by the 2020 Bond Resolution; and
- (3) that certain Security and Reimbursement Agreement, dated as of October 16, 2016 with Township (the “Township II Security and Reimbursement Agreement”) in order to provide funds to pay the cost of all or a portion of the Township II Public Improvement Project (as defined in the Township II Security and Reimbursement Agreement) in an amount not to exceed \$2,500,000. Bonds issued by the City for the Township II Public Improvement Project may be issued at different times and in separate series, and the principal amount of each respective series of Bonds will be determined by the increased TIF Revenues generated within or attributable to the respective businesses and improvements within the Township II Redevelopment Project Site.

SECTION 12. If any provision of this Amended Agreement shall be held or deemed to be or shall, in fact, be invalid, inoperative or unenforceable, the same shall not affect any other provision or provisions herein contained or render the same invalid, inoperative or unenforceable to any extent whatever.

SECTION 13. Any notice, request, complaint, demand, communication or other paper shall be sufficiently given when delivered or mailed by registered or certified mail, postage prepaid, or sent by telegram, addressed to the addresses set forth below:

If to the City:

City of Ridgeland, Mississippi
Attention: Mayor
Post Office Box 217
Ridgeland, Mississippi 39158

With a copy to the City Attorney:

Mills Scanlon
Attention: Jerry Mills
800 Avery Boulevard, Suite 101
Ridgeland, MS 39157

If to the Renaissance Phase II:

Renaissance Phase II
Attention: T. Andrew Mattiace
125 S Congress St.
Jackson, Mississippi 39201

SECTION 14. This Amended Agreement may be simultaneously executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

SECTION 15. This Amended Agreement has been made by the City and Renaissance Phase II and no person other than the foregoing and their successors and assigns shall acquire or have any right under or by virtue of this Amended Agreement.

SECTION 16. This Amended Agreement shall become effective upon the execution and acceptance hereof by the parties hereto and shall be valid and enforced from and after the time of such execution and acceptance.

SECTION 17. This Amended Agreement shall be governed as to validity, construction and performance by the Constitution and the laws of the State Mississippi.

EXHIBIT B

Highland Colony Redevelopment Project and Renaissance Phase II Project

The Highland Colony Redevelopment Project consist of the following components:

- *Renaissance*: Renaissance Phase I is comprised of 75 acres and consists of approximately 400,000 square feet of retail and related space; approximately 575,000 square feet of Class A office space; a 120-room hotel; and two parking garages accommodating 1700 parking spaces. The retail portion of Renaissance Phase I represents an investment in excess of \$130,000,000 and the Class A office, parking structures and hotel development represent an investment in excess of \$170,000,000.
- *Concourse*: Concourse includes 74 acres that currently consist of 300,000 square feet of Class A office space representing a private investment of approximately \$30,000,000. It is anticipated that Concourse will develop another 900,000 square feet of office space, a hotel, and an upscale residential condominium development, representing an investment of approximately \$250,000,000 at build out.
- *Crescent*: Crescent totals 28.7 acres that consist of 100,000 square feet of Class A office space representing a private investment of approximately \$20,000,000. It is anticipated that Crescent will increase to 250,000 square feet of Class A office space, representing an additional private investment of \$30,000,000. Upon completion, the final investment will be approximately \$50,000,000.
- *Quorum*: There are approximately 6.4 acres at Quorum, which currently consists of approximately 60,000 square feet of office space. Upon completion, Quorum will have approximately 100,000 square feet of office space and represent an investment of approximately \$20,000,000 upon completion.

The Renaissance Phase II Project consist of an additional 80,000 to 90,000 square feet of retail and restaurants, representing a private investment of approximately \$45,000,000 at build out.

RESOLUTION AUTHORIZING AN ADDITIONAL EXTENSION OF THE DEVELOPMENT AND REIMBURSEMENT AGREEMENT (THE "DEVELOPMENT AGREEMENT"), BY AND BETWEEN THE CITY OF RIDGELAND, MISSISSIPPI (THE "CITY") AND LAKE HARBOUR CROSSING INVESTMENTS, LLC, A MISSISSIPPI LIMITED LIABILITY COMPANY (THE "ORIGINAL DEVELOPER"); AND FOR RELATED PURPOSES.

WHEREAS, the Mayor and Board of Aldermen of the City of Ridgeland, Mississippi (the "Governing Body" of the "City"), acting for and on behalf of the City, hereby finds, determines, adjudicates and declares as follows:

WHEREAS, on August 22, 2007, the City of Ridgeland, Mississippi (the "City") and Lake Harbour Crossing Investments, LLC (the "Original Developer") entered into that certain Development and Reimbursement Agreement dated August 22, 2007 (the "Development Agreement"), which Development Agreement was entered into pursuant to the Tax Increment Financing Plan, Harbour Pointe Project, City of Ridgeland, Mississippi 2007 (the "TIF Plan"); and

WHEREAS, on July 13, 2017, the Original Developer assigned its rights and responsibilities under the Development Agreement to BankPlus, a Mississippi bank; and

WHEREAS, on July 18, 2017, Amendment #1 to the Development Agreement was approved by the Mayor and the Board of Aldermen of the City to extend the Development Agreement to July 31, 2022; and

WHEREAS, on December 15, 2021, BankPlus assigned to Harbor Point, LLC, a Mississippi limited liability company (the "New Developer") all of BankPlus' rights under the 2007 Development Agreement as amended and extended; and

WHEREAS, the City, on July 19th, 2022, the City approved Amendment #2 extending the Development Agreement to August 30, 2022; and on August 16th the City approved Amendment #3 extending the Development Agreement to September 30, 2022; and on September 20th the City approved Amendment #4 extending the Development Agreement to October 31, 2022; and

WHEREAS, an additional 30 days is needed to allow time for the City's Special Counsel, Butler Snow LLP, and Municipal Advisor, Government Consultants, Inc. to continue consultation with the representatives of the New Developer for the purpose of a) preparing a possible additional amendment to the Development Agreement to clarify and set forth the respective obligations, expectations and deadlines of the parties regarding implementation of the TIF Project; and b) reporting their findings and recommendations at a subsequent meeting of the Governing Body.

NOW, THEREFORE, the City hereby approves the following Amendment #5 to the Development Agreement:

A) Section 5, "MODIFICATION AND TERMINATION" of the Development and Reimbursement Agreement is hereby amended to extend said agreement to November 30, 2022.

B) Except as expressly modified hereinabove, all other terms of the Development Agreement remain as written.

C) This Amendment #5 shall be effective from and after October 18, 2022.

Alderman _____ moved and Alderman _____ seconded the motion to adopt the foregoing, and the roll call vote was as follows:

CITY CLERK

(SEAL)

**MINUTES OF THE MEETING
OF THE ZONING BOARD
OF THE CITY OF RIDGELAND, MISSISSIPPI**

A meeting of the Zoning Board of the City of Ridgeland, Mississippi (the "Board") was duly called, held, and conducted on Thursday, July 21, 2022, at 6:00 o'clock p.m. in the Ridgeland City Hall in the City of Ridgeland, Madison County, Mississippi.

The following members were present, to-wit:

Don Roberts
Bernie Giessner
Michelle Caballero
Theresa Kennedy
Tabatha Baum

Absent:

Larry Miller
Judy Rice
Drew Malone

Also present:

Jerry L. Mills, Attorney
Jordan Lohman, City of Ridgeland

* * * * *

Chairman Bernie Giessner called the meeting to order. Roll was called and it was announced that a majority of the voting members of the Board were present, and that said number constituted a quorum to conduct business.

Bernie Giessner led the Pledge of Allegiance and the meeting was opened with prayer.

All members of the Board present acknowledged receipt of the agenda and the agenda was as follows:

1. Call to Order/Invocation.
2. Adoption of Minutes.

3. Public Hearing for Petition and Application for Conditional Use Permit for John White (Two Guns Tactical) – *Petitioner*

Property Address/Description:

287 Highway 51

Tax Parcel No.:

(June 23, 2022)

4. Public Hearing for Petition and Application for Conditional Use Permit for Ridgeland Hospitality, LLC – *Petitioner*

Property Address/Description:

I-55 North Frontage Road

Tax Parcel No.:

071F-24D-052/00.00

(July 21, 2022)

5. Old Business/New Business.
6. Adjourn

The Board next considered the Minutes of the June 23, 2022, meeting. Michelle Caballero moved to approve the minutes as written. The motion was seconded by Theresa Kennedy and approved unanimously

Public Hearing for Petition and Application for Conditional Use Permit for John White (Two Guns Tactical)

Chairman Bernie Giessner opened the Public Hearing on the Petition and Application for Conditional Use Permit for John White (Two Guns Tactical) for property located at 287 Highway 51 in the City of Ridgeland. The subject property is presently zoned C-3. Mr. White appeared and spoke on behalf of the Petition confirming notice was sent. Petitioner is requesting the conditional use permit to allow Petitioner to develop and operate a fully enclosed pistol firing range with 12 lanes, retail sales area and classroom areas for instruction and safety instruction in the use of firearms on the subject property.

Opposition was given an opportunity to respond, but there was no opposition present.

Chairman Bernie Giessner closed the Public Hearing and called for a vote on the Petition. On motion by Michelle Caballero and seconded Don Roberts, the Board present voted 3 to 1 to

recommend to the Mayor and Board of Aldermen that they approve a conditional use to allow a fully enclosed pistol firing range with 12 lanes, retail sales area and classroom areas for instruction and safety instruction in the use of firearms on the subject property within the C-3 zoned district.

The vote of the Board was as follows:

Aye: Don Roberts
Michelle Caballero
Tabatha Baum

Nay: Theresa Kennedy

Public Hearing for Petition and Application for Conditional Use Permit for Ridgeland Hospitality, LLC

Chairman Bernie Giessner opened the Public Hearing on the Petition and Application for Conditional Use Permit for Ridgeland Hospitality, LLC for property located along the I-55 North Frontage Road and identified by Tax Parcel Number 071F-24D-052/00.00. The subject property is presently zoned MU-1 Mixed Use District. Suresh Patel appeared and spoke on behalf of Petitioner and its Petition confirming notice was sent. Mr. Patel addressed the Zoning Board and stated Petitioner is requesting the conditional use permit to allow a hotel four stories high on the MU-1 Mixed Use District zoned property.

It was discussed that the height variance is requested in the conditional use request and that a conditional use for a building over 48 feet has previously been issued to Petitioner on additional properties.

Opposition was given an opportunity to respond, but there was no opposition present.

Chairman Bernie Giessner closed the Public Hearing and called for a vote on the Petition. On motion by Michelle Caballero and seconded by Don Roberts, the Board present voted unanimously to recommend to the Mayor and Board of Aldermen that they approve a conditional use for Petitioner to allow a hotel four stories high on the MU-1 Mixed Use District zoned property. Ms. Kennedy abstained from the vote.

OLD BUSINESS

None.

NEW BUSINESS

None.

There was no further business to be presented.

ADJOURN

Theresa Kennedy moved that the meeting be adjourned. The motion was seconded by Michelle Caballero and approved unanimously.

WITNESS OUR HANDS, this the _____ day of _____, 2022.

BERNIE GIESSNER, Chairman

MICHELLE CABALLERO, Vice Chairman/Secretary

BEFORE THE MAYOR AND BOARD OF ALDERMEN OF
THE CITY OF RIDGELAND, MADISON COUNTY, MISSISSIPPI

**PETITION AND APPLICATION FOR
CONDITIONAL USE PERMIT**

(Official Form February 2014)

COMES NOW, Ridgeland Hospitality LLC, (the "Petitioner") and
[Name of Petitioner(s)]

respectfully petitions the Mayor and Board of Aldermen of the City of Ridgeland, Mississippi, to grant a conditional use permit as set forth in Section 600.09 of the City of Ridgeland Zoning Ordinance of February, 2014, as more specifically described in this Petition for that real property described in this Petition, and in support of this Petition would show as follows:

1. The name of the Petitioner is Ridgeland Hospitality LLC
(hereinafter referred to as "Petitioner").
2. The Petitioner's mailing address is 115 W. Jackson St Ste 2D Ridgeland, Ms 39157

_____ and the Petitioner's attorney or
representative's mailing address is N/A.
3. The Petitioner's phone number is 601-488-4657 and the Petitioner's
attorney's phone number is (if applicable) N/A.
4. The record title holder of the property is Ridgeland Hospitality Group LLC & Suresh Patel
and a copy of the property deed with legal description is attached hereto as Exhibit "A".
Additionally, digital text version of the legal description shall be provided to the Zoning
Administrator for use in advertising the public hearing.

5. If the Petitioner is not the owner of the property, the owner's address and phone number is C/O Suresh Patel 114 Bridgewater Crossing Ridgeland, MS 39157 601-488-4657

6. A copy of the written authority of the owner's representative to act on behalf of the Owner is attached hereto as Exhibit "B", if applicable.

7. The street address of the property is: I-55 North Frontage Rd

Ridgeland, Ms 39157

Ridgeland, Mississippi 39157

(and/or) Tax Parcel ID Number(s): 071F-24D-052/00.00

8. A copy of a plat or map of the property certified by a licensed land surveyor is attached as Exhibit "C".

9. A vicinity map or plat depicting an area of at least 300' surrounding the subject property in all directions is attached to this Petition as Exhibit "D". The vicinity map includes the current zoning classification of all lands within 160' of the subject property.

10. The property is presently zoned MU-1, according to the official zoning map of Ridgeland, Mississippi.

11. Petitioner requests that it be granted a conditional use permit as authorized by

Section 340.03.K of the Zoning Ordinance of the City of Ridgeland, Mississippi, dated February. 2014. **(Section of ordinance authorizing the specified conditional use).**

12. Petitioner intends to use the subject property for the following purpose(s) in accord with

requested classification: 1 Hotel- 4 stories high along with associated parking area and
drive aisles, passenger loading and unloading.

13. A site plan for development of the property as required by Section 600.09 of the Zoning Ordinance is attached as Exhibit "E".

14. Petitioner acknowledges that in order to assure consideration of the request contained in this Petition, Petitioner must present proof as to all matters required to be proved by Section 600.09 of the Zoning Ordinance. Petitioner must answer the following questions before filing this petition. The petition will not be accepted unless petitioner responds to each of the following questions:

a. Why does the Petitioner claim that the requested land use fits the site and is compatible with adjacent properties?

Hyatt Place Hotel and Embassy Suites across I-55 to the West. Both are similar to
our project, Zoned MU-1 and 4 stories high. There is also a 4 story Hilton Home 2
Suites located to the south. A 4 story Holiday Inn Express is being built on property directly
ajoining this property.

b. How will the proposed use impact traffic on adjacent streets and highways?

There will be full access to driveway on W. Ridgeland Ave. and a driveway off the
frontage road. With the increased traffic, it is anticipated that the surrounding roadways
will still operate within the accepted level of service

- c. Will the requested land use cause an adverse effect (noise, glare, odor, traffic, use, encroachment, etc.) on abutting property or the permitted use thereof? Please explain.

No, all surrounding properties are zoned MU-1. All city required buffers, setbacks, etc.
will be complied with in order to reduce any adverse impact to adjacent properties
to the proposed use.

- d. What provision(s) have been made for ingress and egress to the subject property and structures located thereon with particular reference to automobile and pedestrian safety, traffic flow, and fire protection?

The proposed property will have 2 full access driveways one on W. Ridgeland Ave
and on I-55 North Frontage Rd. Raised curbs and striping are provided throughout the
site in order to facilitate automobile traffic and parking. There are no proposed sidewalks
on this property due to the lack of pedestrian connectivity within the site vicinity.

- e. What provision(s) have been made to provide adequate off-street parking and loading areas in conformance with Section 37.02 Off-Street Parking of this Ordinance?

The zoning ordinance requires 1 space per room + employee parking, however, hotels
only need one space per room. This is because some hotel patrons share a car or use other
forms of transportation. Also there are very few hotel employees on site when most of
the parking spaces are occupied at night.

- f. What provision(s) have been made for refuse storage areas and service areas to be screened from adjoining properties, and are the proposed improvements in conformance with Section 36.07 and Appendix 'D'?

There is one proposed dumpster for this project. The dumpster will be located within enclosures that will screen all 4 sides. There will also be additional plants around the enclosures so as to reduce visibility from the ROW and adjacent properites.

- g. What provision(s) have been made for controlling drainage and erosion on/from the proposed site?

Proposed above ground and underground detention systems will reduce the proposed runoff to less than or equal its predevelopment conditions. Erosion and sediment control best management practices will include silt fencing, diversions ditches, check dams, inlet protection, construction entrance, concrete washout area, etc.

- h. What provision(s) have been made for the availability and connection of utilities?

8" water main exists across W. Ridgeland Ave and has been bored in building the Holiday Inn Express to service water to this site. Water services will include one 2" domestic meter, one 2" irrigation meter and one fire line service connection. Sewer will be extended to the site from the existing 8" main from the north. This extension will be a 2" PVC force main and will be served by a public duplex pump station.

- i. What provisions(s) have been made for signage and lighting at the proposed site?

YES

- j. Does the proposed land use comply with required yards, Landscape Ordinance, and Tree Ordinance? If not, please explain.

YES

- k. What provision(s) have been made with respect to hours of operation so as not to cause an adverse effect on neighboring properties?

Normal deliveries will occur between the hours of 7 am to 9 pm. No residential

uses are located adjacent to the property that could be adversely impacted by deliveries

- l. What provision(s) have been made to adequately address any concern for safety?

There are no safety concerns presented by the proposed development

- m. What provision(s) have been made to address any negative impact on the capacity of public facilities?

No negative impacts to public facilities are presented by the proposed development

tThe public water and sewer have been determined to have capacity to serve
the development

- n. What provision(s) have been made to minimize negative environmental and economic impacts?

An erosion control plan will be provided in order to minimize negative environmental
impacts. The goal of the project is to bring more business to the surrounding area
which will cause positive economic impacts

- o. Does the proposed land use encroach upon flood hazard zones or airport approach zones?

NO

- p. Are there any additional issues that should be addressed in this application?

NO

15. Petitioner acknowledges that prior to approving any petition, a public hearing must be held in accordance with Section 600.15 of the Zoning Ordinance. At the public hearing the petitioner will be required to provide proof in the form of testimony and documents as to each of the matters listed in paragraph 14 of this petition.
16. Petitioner believes that the reasons set forth in this petition justify the granting of the conditional use permit.
17. Petitioner would show that the planned use of the property and the conditional use permit would be in harmony with the general purpose and intent of the land uses permitted in the use district where the property is located, and would not be injurious to the neighborhood or detrimental to the public welfare.
18. The required \$150.00 filing fee has been paid with the filing of this Petition.

Respectfully submitted,

PETITIONER

JUNE 10, 2022
DATE

Description For Ridgeland Hospitality, LLC Property – Parcel 2

A tract or parcel of land containing **1.34 acres**, more or less, lying and being situated in the Southeast ¼ of Section 24, Township 7 North, Range 1 East, City of Ridgeland, Madison County, Mississippi and being more particularly described by metes and bounds as follows:

Commencing at a found ½ inch iron pin marking the Northeast corner of Share #5, Joe Cummings Estate as recorded in Deed Book 82, Page 84 in the Office of the Chancery Clerk of Madison County; thence

South 87 degrees 20 minutes 55 seconds East along the South right of way of West Ridgeland Avenue for a distance of 150.22 feet the Northeast corner of Share # 4 of said Joe Cummings Estate to a set ½ inch iron pin; thence

South 00 degrees 25 minutes 41 seconds East along the East line of said Share #4, Joe Cummings Estate for a distance of 326.13 feet to a set ½ inch iron pin; thence

South 89 degrees 34 minutes 19 seconds West for a distance of 150.00 feet to a set ½ inch iron pin marking the West line of said Share # 4, Joe Cummings Estate and the **Point of Beginning** of the herein described property; thence

South 00 degrees 25 minutes 41 seconds East along said West line of Share # 4, Joe Cummings Estate for a distance of 272.82 feet to a found ½ inch iron pin marking the North right-of-way of a 50 foot wide undeveloped alley; thence

North 87 degrees 17 minutes 45 seconds West along said North line of the undeveloped 50 foot alley for a distance of 188.78 feet to a set ½ inch iron pin marking the East right of way of Interstate 55 – Frontage Road; thence

North 15 degrees 17 minutes 08 seconds West along said East right of way of Interstate 55 – Frontage Road for a distance of 181.08 feet to a found concrete right of way marker; thence

North 00 degrees 21 minutes 05 seconds West along said East right of way of Interstate 55 – Frontage Road for a distance of 87.48 feet to a set ½ inch iron pin; thence

North 89 degrees 34 minutes 19 seconds East for a distance of 234.81 feet to the **Point of Beginning**.

This description is based on the Mississippi State Plane Coordinate System, West Zone, NAD 83/CORS 96 (EPOCH 2002.000), grid values, using a scale factor of 0.999953962 and a Convergence Angle of 00 degrees 06 minutes 08.10285 seconds developed on a found ½ inch iron pin.

**ORDINANCE OF THE MAYOR AND BOARD OF ALDERMEN OF
THE CITY OF RIDGELAND, MADISON COUNTY, MISSISSIPPI
APPROVING AND GRANTING A CONDITIONAL USE PERMIT FOR
PROPERTY LOCATED ON I-55 NORTH FRONTAGE ROAD,
IDENTIFIED BY TAX PARCEL NO. 071F-24D-052/00.00,
CITY OF RIDGELAND, MADISON COUNTY, MISSISSIPPI**

WHEREAS, Ridgeland Hospitality, LLC (the "Petitioner"), did file a Petition and Application for a Conditional Use Permit as permitted by Section 600.09 for the property described herein, which property is located in a MU-1 Mixed Use District Classification under the City of Ridgeland Zoning Regulations Ordinance of February 2014, (the "Petition"); and,

WHEREAS, the Mayor and Board of Aldermen referred the Petition to the Zoning Board of the City of Ridgeland (the Zoning "Board") which Board scheduled a hearing on said Petition for July 21, 2022, at 6:00 o'clock p.m.; and,

WHEREAS, the City Clerk did cause notice of the July 21, 2022, hearing to be published in the Madison County Journal, a newspaper published in the City of Ridgeland, Madison County, Mississippi, in the manner and for the time required by law, and the Zoning Administrator did post notice of same upon the affected property in the manner and for the time required by law; and,

WHEREAS, at the time, date and place specified in the notice, the Zoning Board of the City of Ridgeland, Mississippi, did conduct a full and complete hearing on the Petition, and received comments and heard evidence presented by the Petitioner and thereafter forwarded its recommendation thereon to the Mayor and Board of Aldermen; and,

WHEREAS, the Mayor and Board of Aldermen are familiar with the property and existing land uses within the City of Ridgeland and in the area of the City where the property is located, and in acting on this Ordinance, have duly considered the matters and facts within their personal knowledge as same affect the land uses required in the Petition; and,

WHEREAS, the Mayor asked whether the Board of Aldermen desired to take any action regarding the Petition and the recommendation of the Zoning Board, and after discussion thereof, Alderman _____ offered the following Ordinance and moved that it be adopted, to-wit:

NOW, THEREFORE, be it ordained by the Mayor and Board of Aldermen of the City of Ridgeland, Madison County, Mississippi, as follows, to-wit:

SECTION 1. That the matters and facts stated in the preamble hereof are found, determined and adjudicated to be true and correct.

SECTION 2. That the findings of fact contained in the Zoning Board's July 21, 2022, Minutes in regard to the Petition be, and same are hereby adopted as and for the findings of fact of the Mayor and Board of Aldermen in support of the zoning decision contained herein.

SECTION 3. That it is hereby found and determined that the conditions precedent to the granting of a Conditional Use Permit in regard to the herein described property as required in Section 600.09 of the City of Ridgeland Zoning Regulations Ordinance of February 2014, exist, and have been satisfied, for the granting of a Conditional Use Permit for the purpose of allowing a hotel four stories high on the subject property within the MU-1 zoning district.

SECTION 4. That the Mayor and Board of Aldermen of the City of Ridgeland, Mississippi, do hereby grant from and after the effective date of this Ordinance a Conditional Use Permit for the purpose of allowing a hotel four stories high on the subject property within the MU-1 zoning district.

SECTION 5. The property affected by this Ordinance (the "property") is located in the City of Ridgeland, Madison County, Mississippi, and described as follows:

A tract or parcel of land containing **1.34 acres**, more or less, lying and being situated in the Southeast $\frac{1}{4}$ of Section 24, Township 7 North, Range 1 East, City of Ridgeland, Madison County, Mississippi and being more particularly described by metes and bounds as follows:

Commencing at a found $\frac{1}{2}$ inch iron pin marking the Northeast corner of Share #5, Joe Cummings Estate as recorded in Deed Book 82, Page 84 in the Office of the Chancery Clerk of Madison County; thence

South 87 degrees 20 minutes 55 seconds East along the South right of way of West Ridgeland Avenue for a distance of 150.22 feet the Northeast corner of Share # 4 of said Joe Cummings Estate to a set $\frac{1}{2}$ inch iron pin; thence

South 00 degrees 25 minutes 41 seconds East along the East line of said Share #4, Joe Cummings Estate for a distance of 326.13 feet to a set $\frac{1}{2}$ inch iron pin; thence

South 89 degrees 34 minutes 19 seconds West for a distance of 150.00 feet to a set $\frac{1}{2}$ inch iron pin marking the West line of said Share # 4, Joe Cummings Estate and the **Point of Beginning** of the herein described property; thence

South 00 degrees 25 minutes 41 seconds East along said West line of Share # 4, Joe Cummings Estate for a distance of 272.82 feet to a found $\frac{1}{2}$ inch iron pin marking the North right-of-way of a 50 foot wide undeveloped alley; thence

North 87 degrees 17 minutes 45 seconds West along said North line of the undeveloped 50 foot alley for a distance of 188.78 feet to a set $\frac{1}{2}$ inch iron pin marking the East right of way of Interstate 55 – Frontage Road; thence

North 15 degrees 17 minutes 08 seconds West along said East right of way of Interstate 55 – Frontage Road for a distance of 181.08 feet to a found concrete right of way marker; thence

North 00 degrees 21 minutes 05 seconds West along said East right of way of Interstate 55 – Frontage Road for a distance of 87.48 feet to a set ½ inch iron pin; thence

North 89 degrees 34 minutes 19 seconds East for a distance of 234.81 feet to the **Point of Beginning**.

This description is based on the Mississippi State Plane Coordinate System, West Zone, NAD 83/CORS 96 (EPOCH 2002.000), grid values, using a scale factor of 0.999953962 and a Convergence Angle of 00 degrees 06 minutes 08.10285 seconds developed on a found ½ inch iron pin.

SECTION 6. That the City of Ridgeland Zoning Regulations Ordinance of February, 2014, and the Use District Map accompanying said Ordinance be, and same hereby are amended to the extent necessary to reflect the foregoing change in land use in regard to the property.

ORDAINED, ADOPTED AND APPROVED by the Mayor and Board of Aldermen of the City of Ridgeland, Madison County, Mississippi, at a regular meeting thereof held on the _____ day of _____, 2022.

The motion for adoption was seconded by Alderman _____ and the foregoing Ordinance having been first reduced to writing, was submitted to the Board of Aldermen for passage or rejection on roll call vote with the following results:

Alderman Ken Heard (Ward 1) voted: _____

Alderman Chuck Gautier (Ward 2) voted: _____

Alderman Kevin Holder (Ward 3) voted: _____

Alderman Brian Ramsey (Ward 4) voted: _____

Alderman Scott Jones (Ward 5) voted: _____

Alderman Wesley Hamlin (Ward 6) voted: _____

Alderman D. I. Smith (At large) voted: _____

Whereupon, the Mayor declared the motion carried and the Ordinance adopted.

The foregoing ordinance is approved, this the ____ day of _____, 2022.

Mayor Gene F. McGee
City of Ridgeland, Mississippi

Attest:

Paula Tierce, City Clerk

**RESOLUTION OF THE MAYOR AND BOARD OF ALDERMEN
OF THE CITY OF RIDGELAND, MADISON COUNTY, MISSISSIPPI
DENYING A CONDITIONAL USE PERMIT FOR PROPERTY
LOCATED ON I-55 NORTH FRONTAGE ROAD,
IDENTIFIED BY TAX PARCEL NO. 071F-24D-052/00.00,
CITY OF RIDGELAND, MADISON COUNTY, MISSISSIPPI**

WHEREAS, Ridgeland Hospitality, LLC (the "Petitioner"), did file a Petition and Application for a Conditional Use Permit on property described herein, which property is located in a MU-1 Mixed Use District Classification under the City of Ridgeland Zoning Regulations Ordinance of February 2014 (the "Petition"); and,

WHEREAS, the Mayor and Board of Aldermen referred the Petition to the Zoning Board of the City of Ridgeland (the Zoning "Board"), which Board scheduled a hearing on said Petition for July 21, 2022, at 6:00 o'clock p.m.; and did thereafter forward its recommendation to the Mayor a Board or Aldermen; and,

WHEREAS, the Mayor and Board of Aldermen are familiar with the property and existing land uses within the City of Ridgeland and in the area of the City where the property is located, and in acting on this Resolution, have duly considered the matters and facts within their personal knowledge as same affects the land uses requested in the Petition filed herein; and,

WHEREAS, at the conclusion of the discussion of the Zoning Board's recommendation, the Mayor asked whether the Board of Aldermen desired to take any action regarding the Petition and the recommendation of the Zoning Board and after discussion thereof, Alderman _____ offered the following Resolution and moved that it be adopted, to-wit:

IT IS, THEREFORE, RESOLVED by the Mayor and Board of Aldermen of the City of Ridgeland, Madison County, Mississippi, as follows, to-wit;

SECTION 1. That the matters and facts stated in the preamble hereof are found, determined and adjudicated to be true and correct.

SECTION 2. That it is hereby found and determined that the conditions precedent to the granting of a Conditional Use Permit as required by Section 600.09 of the City of Ridgeland Zoning Regulations Ordinance of February, 2014, do not exist, and have not been satisfied by the Petitioner in regard to the granting of a Conditional Use Permit.

SECTION 3. That the Petition to grant a Conditional Use Permit pursuant to Section 600.09 of the City of Ridgeland Zoning Regulations Ordinance of February, 2014, on the following described property, be and same is hereby denied. The property referenced in the Petition (the "property") is described as follows:

A tract or parcel of land containing **1.34 acres**, more or less, lying and being situated in the Southeast $\frac{1}{4}$ of Section 24, Township 7 North, Range 1 East, City of Ridgeland, Madison County, Mississippi and being more particularly described by metes and bounds as follows:

Commencing at a found $\frac{1}{2}$ inch iron pin marking the Northeast corner of Share #5, Joe Cummings Estate as recorded in Deed Book 82, Page 84 in the Office of the Chancery Clerk of Madison County; thence

South 87 degrees 20 minutes 55 seconds East along the South right of way of West Ridgeland Avenue for a distance of 150.22 feet the Northeast corner of Share # 4 of said Joe Cummings Estate to a set $\frac{1}{2}$ inch iron pin; thence

South 00 degrees 25 minutes 41 seconds East along the East line of said Share #4, Joe Cummings Estate for a distance of 326.13 feet to a set $\frac{1}{2}$ inch iron pin; thence

South 89 degrees 34 minutes 19 seconds West for a distance of 150.00 feet

to a set ½ inch iron pin marking the West line of said Share # 4, Joe Cummings Estate and the **Point of Beginning** of the herein described property; thence

South 00 degrees 25 minutes 41 seconds East along said West line of Share # 4, Joe Cummings Estate for a distance of 272.82 feet to a found ½ inch iron pin marking the North right-of-way of a 50 foot wide undeveloped alley; thence

North 87 degrees 17 minutes 45 seconds West along said North line of the undeveloped 50 foot alley for a distance of 188.78 feet to a set ½ inch iron pin marking the East right of way of Interstate 55 – Frontage Road; thence

North 15 degrees 17 minutes 08 seconds West along said East right of way of Interstate 55 – Frontage Road for a distance of 181.08 feet to a found concrete right of way marker; thence

North 00 degrees 21 minutes 05 seconds West along said East right of way of Interstate 55 – Frontage Road for a distance of 87.48 feet to a set ½ inch iron pin; thence

North 89 degrees 34 minutes 19 seconds East for a distance of 234.81 feet to the **Point of Beginning**.

This description is based on the Mississippi State Plane Coordinate System, West Zone, NAD 83/CORS 96 (EPOCH 2002.000), grid values, using a scale factor of 0.999953962 and a Convergence Angle of 00 degrees 06 minutes 08.10285 seconds developed on a found ½ inch iron pin.

SO RESOLVED by the Mayor and Board of Aldermen of the City of Ridgeland, Madison County, Mississippi, at a regular meeting held on ____ day of _____, 2022.

The motion for adoption was seconded by Alderman _____, and the foregoing Resolution having been first reduced to writing, was submitted to the Board of Aldermen for passage or rejection on roll call vote with the following results:

Alderman Ken Heard (Ward 1) voted: _____

Alderman Chuck Gautier (Ward 2) voted: _____

Alderman Kevin Holder (Ward 3) voted: _____

Alderman Brian Ramsey (Ward 4) voted: _____

Alderman Scott Jones (Ward 5) voted: _____

Alderman Wesley Hamlin (Ward 6) voted: _____

Alderman D.I. Smith (At large) voted: _____

Whereupon, the Mayor declared the motion carried and the Resolution adopted.

The foregoing Resolution is approved, this the _____ day of _____, 2022.

Gene F. McGee, Mayor of the City of
Ridgeland, Mississippi

1.0 INTRODUCTION

Section 112 of the 1990 Clean Air Act Amendments was promulgated by the United States Environmental Protection Agency (EPA) to minimize the probability and severity of accidental releases of toxic or flammable substances which may cause harm to public or environmental receptors and to improve emergency response relationships between the civil and industrial sectors. Facilities that handle these substances in quantities over the “threshold amount” are subject to the Accidental Release Prevention Requirements set forth in 40 Code of Federal Regulations (CFR) Part 68 and were required to develop a risk management program and submit a Risk Management Plan (RMP) to EPA by June 21, 1999. The risk management program must also be reviewed, revised and updated within five years of the initial submission. This document is a 5-year update.

There are currently seventy-seven (77) toxic and sixty-three (63) flammable and explosive substances listed by the EPA. Toxic substances were selected based on the acute toxicity due to inhalation. The list of flammable substances was selected based on their ability to cause vapor cloud explosions and fires under atmospheric dilution conditions.

The City of Ridgeland School Street water well includes a single process that involves the storage and use of chlorine, a regulated, acutely hazardous material. The facility stores chlorine in up to two (2) one-ton cylinders. Maximum storage capacity is 4,000 pounds. Only one (1) of the cylinders is actively drained at any one time, while the remaining cylinder is connected ready for backup use. The TPQ for chlorine is 2,500 pounds. The City of Ridgeland School Street water well is subject to the Program 2 requirements of the Accidental Release Prevention Provisions.

The purpose of this document is to summarize the requirements of the RMP standard and to document compliance with the standard. The document is divided into an introduction and eleven (11) chapters, each of which addresses specific requirements of the standard.

1.1 FACILITY INFORMATION

Physical Address:	City of Ridgeland North School Street Ridgeland, Mississippi
RMP Contact:	Alan Hart
24-Hour Phone:	(601) 853-2027
RMP Covered Process:	Water Treatment Facility utilizing chlorine to disinfect water

2.0 RISK MANAGEMENT PLAN

The Risk Management Plan (RMP) contains a summary of the information required by 40 CFR Part 68. The RMP contains the following items:

1. Executive Summary - brief summary of accidental release policy, the stationary source, regulated substances handled, worst-case and alternative release scenarios, the prevention program, the five-year accident history, the emergency response program, and any planned changes to improve safety;
2. Registration - includes information such as facility location, responsible official, name and CAS number of regulated substance, and date of last safety inspection;
3. Offsite Consequence Analysis - release scenarios, distances to endpoints, and public and environmental receptors within those distances;
4. Five-year Accident History;
5. Prevention Program - includes SIC code for process, date of hazard review, identification of major hazards, mitigation systems in use, training information, and dates of latest maintenance review, compliance audit, and incident investigation;
6. Emergency Response Program; and
7. Certification by Responsible Official.

The RMP has been submitted electronically to the EPA using the RMP*eSubmit program. A hard copy version of the RMP submitted to the EPA by the City of Ridgeland is provided in **Appendix A**.

2.1 REFERENCE

40 Code of Federal Regulations 68.150-68.195.

2.2 DOCUMENTATION REQUIREMENTS

A copy of the RMP will be kept on-site. The RMP will be revised and updated as follows:

1. Within five (5) years from its initial submission or most recent update, whichever is later;
2. Within six (6) months of any change to the offsite consequence analysis, any change requiring a revised hazard review, or a change which alters the Program level.

3.0 MANAGEMENT SYSTEM

The Accidental Release Prevention Provisions require that Program 2 facilities develop a management system to oversee the implementation of the risk management program. The owner or operator of the facility must designate a qualified person or position that has overall responsibility for the development, implementation, and integration of the risk management program elements. Documentation of the management system implemented by the City of Ridgeland can be found in **Appendix B** - Form 1.

Risk Management Program Element	Person or Position Assigned Responsibility
Safety Information	Alan Hart – (601) 853-2027 Plant – (601) 455-9062
Hazard Review	Alan Hart – (601) 853-2027 Plant – (601) 455-9062
Operating Procedures	Alan Hart – (601) 853-2027 Plant – (601) 455-9062
Training	Alan Hart – (601) 853-2027 Plant – (601) 455-9062
Maintenance	Alan Hart – (601) 853-2027 Plant – (601) 455-9062
Compliance Audits	Alan Hart – (601) 853-2027 Plant – (601) 455-9062
Accident Investigation	Alan Hart – (601) 853-2027 Plant – (601) 455-9062

** Additional staff include Mark McManus and Thomas Bishop*

3.1 REFERENCE

40 Code of Federal Regulations Part 68.15

3.2 DOCUMENTATION REQUIREMENTS

Any changes in the roles of responsibility for the management of any element within the risk management program shall be documented, such as personnel changes.

4.0 HAZARD ASSESSMENT

The Hazard Assessment of the regulated process includes a review of the facility's accident history over the past five (5) years, establishment of worst-case and alternative release scenarios which may occur with the covered process, and evaluation of the hazard zone (radial distance to endpoint) to determine the extent of offsite consequences in the result of an accidental release. The worst-case and alternative release scenarios, as determined using RMP*Comp software, are included in **Appendix C**.

4.1 WORST-CASE RELEASE SCENARIO

The worst-case release scenario for regulated toxic gases involves the ground-level release of the entire contents of the largest vessel at the facility over a ten-minute period. In the worst-case situation, this type of release would coincide with meteorological conditions that would result in minimal dilution of the vessel contents. The endpoint for toxic substances is the maximum airborne concentration below which nearly all individuals can be exposed for up to one hour without developing serious health effects which could impair the ability to take protective cover. For chlorine, this toxic endpoint is 0.087 mg/L (3 ppm). The distance to endpoint was determined using RMP*Comp, a software program developed by the National Oceanic and Atmospheric Administration (NOAA).

The worst-case scenario for the School Street water well involves a failure of the cylinder in use and a failure of the backup cylinder. This corresponds to a release of 4,000 pounds of chlorine over a ten-minute period. Although the water well does employ passive mitigation measures, i.e. enclosures, for purposes of the worst-case release scenario it was not accounted for. The distance to endpoint for this type of release is approximately 3 miles. The estimated population potentially affected within the hazard zone based on 2010 Census information is approximately 44,588 people and 20,808 housing units. Other public receptors within the hazard zone include a school, a shopping center, churches, and various commercial establishments.

4.2 ALTERNATIVE RELEASE SCENARIO

The alternative release scenario is an event more likely to occur than the worst-case scenario and will reach an endpoint offsite, unless no such scenario exists. In determining the distance to endpoint for the alternative release scenario, any mitigation controls employed in the process can be used. The distance to endpoint for the alternative release scenario was determined using RMP*Comp.

The most likely alternative scenario for the School Street water well would involve a failing transfer hose. Since the transfer hose operates under vacuum, only a slow release of chlorine would result from this type of hose failure. The release would occur in the fiberglass enclosure surrounding the chlorine cylinders. The enclosure mitigates the release of chlorine to the atmosphere and was taken into account using RMP*Comp. The corresponding distance to endpoint for the alternative scenario would be 0.1 miles. The estimated population potentially affected within the hazard zone based on 2010 Census information is approximately 0 people and 0 housing units.

4.3 HAZARD ZONE EVALUATION

A circular area centered at the point of release is considered the hazard zone. **Figure 1** illustrates the point of release location and the radial distance to endpoint for both the worst-case and the alternative release scenarios. The residential population was estimated and the public/environmental receptors identified within the hazard zone using MARPLOT and ALOHA hazard modeling programs through CAMEO software suite.

Public receptors are defined as locations where the public could be exposed. This includes places where people work, live, and congregate. A release of chlorine from the School Street water well would result in exposure to public receptors such as commercial areas, residential areas, schools, and churches. The hazard zones and population potentially affected by the worst-case and alternative release scenarios from the largest vessel at the facility are documented in **Appendix A and C**.

4.4 REFERENCE

40 Code of Federal Regulations 68.20 - 68.42.

4.5 DOCUMENTATION REQUIREMENTS

The City of Ridgeland will review and update the offsite consequence analyses at least once every five years. To document that the offsite consequence analyses have been reviewed and updated, the last copy will be retained, and each subsequent copy dated. If a change occurs in the process that may result in an increase or decrease in the distance to the endpoint by a factor of two or more, the City of Ridgeland will complete a revised analysis within six (6) months of the change and submit a revised RMP.

5.0 PROCESS SAFETY INFORMATION

In accordance with RMP requirements the covered stationary sources must compile and maintain on-site safety information related to the regulated substance, processes, and equipment. The information includes the following:

1. Material Safety Data Sheets;
2. Maximum intended inventory of the vessels;
3. Safe upper and lower temperatures, pressures, and flows;
4. Equipment specifications; and
5. Codes and standards used to design, build, and operate the process.

The required Process Safety Information is provided in **Appendix B**, Form 2. Equipment specifications were provided by equipment vendors and are kept on-site.

5.1 REFERENCE

40 Code of Federal Regulations 68.65.

5.2 DOCUMENTATION REQUIREMENTS

All safety information shall be documented and kept on-site. The City of Ridgeland will update the safety information if a major change occurs that makes the information inaccurate.

6.0 PROCESS HAZARD ANALYSIS

The City of Ridgeland is required to conduct a review of the hazards associated with the regulated process.

The review involves the following:

1. Hazards associated with the process;
2. Opportunities for equipment malfunction or human errors;
3. Safeguards used to control hazards or prevent equipment malfunction; and
4. Steps used to detect or monitor releases.

The Hazard Review Checklist can be found in **Appendix B**, Form 3.

6.1 REFERENCE

40 Code of Federal Regulations 68.67.

6.2 DOCUMENTATION REQUIREMENTS

The City of Ridgeland will document the results of the review and ensure that any identified problems are resolved in a timely manner. The review will be updated at least once every five (5) years. Hazard reviews will also be conducted whenever a major change in the process occurs.

7.0 OPERATING PROCEDURES

The owner or operator shall prepare written operating procedures that provide clear instructions for safely conducting activities associated with each covered process consistent with the safety information for that process. The procedures shall address the following:

1. Initial startup;
2. Normal operations;
3. Temporary operations;
4. Emergency shutdown;
5. Normal shutdown;
6. Startup following a shutdown; and
7. Equipment inspections.

The City of Ridgeland has developed standard operating procedures (SOPs) to conduct operations for the various systems within the facility. These procedures are documented in a SOP manual maintained at each site and in the office of the Public Works Director.

7.1 REFERENCE

40 Code of Federal Regulations 68.69.

7.2 DOCUMENTATION REQUIREMENTS

The City of Ridgeland will ensure that the standard operating procedures are updated whenever a major change occurs and prior to startup of the changed process. All SOPs pertaining to chlorine handling and storage are reviewed on an annual basis. The Public Works Director or his designee will perform the review. The SOPs will be reviewed to determine if they remain reflective of current site operating conditions and are adequate to minimize the risk of accidents.

8.0 EMPLOYEE TRAINING

An effective employee training program significantly reduces the number and severity of incidents arising from process operations. City of Ridgeland employees presently operating a process, or newly assigned to the process, have been trained or tested competent in the process operating procedures. The minimum requirements for an effective training program include initial training, refresher training, and documentation of training. The requirements of 40 CFR Part 68 allows the responsible official of the facility to certify that any employee involved in the process has been trained regarding process operations. This certification can be found in **Appendix B**, Form 4.

8.1 REFERENCE

40 Code of Federal Regulations 68.71.

8.2 DOCUMENTATION REQUIREMENTS

The City of Ridgeland will document that training has occurred or that employees currently operating the process have received and understand the process operations. Refresher training will also be documented and will occur at least every three (3) years.

9.0 MECHANICAL INTEGRITY

Equipment used to store, process, or handle covered chemicals must be designed, constructed, installed, and maintained to minimize the risk of releases of the chemical. This requires that a mechanical integrity program be in place to assure the continued integrity of the process equipment. The elements of the mechanical integrity program include the identification of equipment and instrumentation, development of written maintenance procedures, training for process maintenance activities, inspection and testing, and correction of deficiencies in the equipment. Operation and Maintenance manuals are kept on-site. The City of Ridgeland completes routine activities based on equipment manufacture recommendations and guidance from the Chlorine Institute. Employees of the School Street water well trained in maintaining the mechanical integrity of the covered process will perform required maintenance inspections according to a maintenance schedule. This schedule can be found in **Appendix D**.

9.1 REFERENCE

40 Code of Federal Regulations 68.73.

9.2 DOCUMENTATION REQUIREMENTS

The City of Ridgeland will keep written procedures on-site for the covered process. Any tests performed on the equipment along with the Maintenance Inspection Checklists and a Maintenance Schedule will be among the written documents maintained on-site.

10.0 COMPLIANCE AUDITS

The owner or operator shall certify that the compliance with the prevention program requirements has been evaluated. The minimum requirements for the compliance audit include performing an audit at least once every three (3) years; maintaining the last two (2) audit reports at a minimum; conducting audits by at least one (1) person knowledgeable in the process; documenting the appropriate response to each finding; and documenting any deficiencies found and corrective actions taken. The Compliance Audit Checklist can be found in Appendix B, Form 5.

10.1 REFERENCE

40 Code of Federal Regulations 68.79.

10.2 DOCUMENTATION REQUIREMENTS

The compliance audit must be conducted and documented at least every three (3) years, and the results of the two (2) most recent reports will be kept on file at a minimum.

11.0 INCIDENT INVESTIGATION

The City of Ridgeland is required to investigate each incident that resulted in, or could reasonably have resulted in, a catastrophic release. An investigation shall be initiated no later than 48 hours following the incident. A summary shall be prepared at the conclusion of the investigation that includes at a minimum the following:

1. Date of incident;
2. Date investigation began;
3. Description of the incident;
4. Factors contributing to the incident; and
5. Any recommendations resulting from the investigation.

The owner or operator shall promptly address and resolve any findings and recommendations. The findings shall be reviewed with all personnel whose job tasks are affected by the findings. The Incident Investigation Report form can be found in **Appendix B**, Form 6. No reportable incidents have occurred at the School Street water well within the last three (3) years.

11.1 REFERENCE

40 Code of Federal Regulations 68.81.

11.2 DOCUMENTATION REQUIREMENTS

The City of Ridgeland will document any resolutions or corrective actions taken as a result of the incident investigation. The investigation reports will be retained for five (5) years.

12.0 EMERGENCY PLANNING AND RESPONSE

In the event of a significant release from the water well, the City of Ridgeland Fire Department will be notified immediately to respond. The City of Ridgeland Fire Department will dispatch experienced personnel trained to handle such emergencies. After notification of the Fire Department, notifications would be made to site personnel responsible for well operations. A list of phone numbers for emergency contacts is kept on-site. The contact list is updated as needed.

12.1 REFERENCE

40 Code of Federal Regulations 68.95.

12.2 DOCUMENTATION REQUIREMENTS

The City of Ridgeland will maintain these written procedures on-site to follow in the event of an accidental release from the chlorine storage vessels.

Answer the questions below by indicating “Yes”, “No”, or “N/A” (for not applicable). “No” responses require further comment and a projected completion date for correcting the deficiency. Comments can be recorded on a separate sheet that you reference in the comments section of this table.

	Yes/No/NA	Comments
General Conditions and Operation		
1) Are work areas clean?		
2) Are adequate warning signs posted?		
3) Is lighting sufficient for all operations?		
4) Is personal protective equipment (PPE) provided and adequate?		
5) Are containers and tanks protected from vehicular traffic?		
6) Are all flammables and combustibles kept away from containers, tanks, and feed lines?		
7) Are leak detectors with alarms present, operable, and tested?		
8) Are windsocks provided in a visible location?		
9) Are emergency repair kits available?		
10) Are appropriate emergency supplies and equipment present, including PPE and SCBA?		
11) Are emergency numbers posted in an appropriate place?		
12) Is equipment inspected daily?		
13) Are written operating procedures available to the operators?		
14) Have operators been trained on the operating procedures and use of PPE in normal operations?		
15) Are controls accessible and easily understood?		
16) Are labels adequate on instrument controls?		
17) Are all major components and piping clearly labeled?		
18) Are personnel trained in the emergency response plan?		
Chlorine – Siting		
1) Are storage, transfer, and use areas located away from sewer openings?		
2) Do storage, transfer, and use areas have easy access for emergency response?		

3) Are storage, transfer, and use areas downwind of or separated from most operations and support areas and ventilation intakes?		
4) Are storage, transfer, and use areas located away from residences and facility boundaries?		
Chlorine – Hazard Recognition		
1) Are MSDSs readily available to those operating and maintaining the system?		
2) Do employees understand that there are certain materials with which this material must not be mixed?		
3) Do employees understand the toxicity, mobility, and ability of Anhydrous Ammonia to sustain combustion?		
4) Do employees understand the effects of fire and elevated temperature on confined chlorine/ chloride dioxide and the potential for release?		
Chlorine – Container Unloading		
1) Are trucks inspected for wheel chocks and proper position?		
2) Are adequate warning signs posted?		
3) Is the shipment inspected for leakage, general condition, and valve protective housing before accepting?		
Chlorine – Housing Chlorine Systems		
1) Does the building comply with local building and fire codes?		
2) If flammable materials are stored in the same building as the chlorine, are they separated by a firewall?		
3) Are two or more exits provided from each chlorine storage and process area?		
4) Can the exhaust fan be remotely operated?		
Chlorine – Housing Chlorine Systems		
1) Do piping specifications meet chlorine requirements for the service?		
2) Are piping systems properly supported, adequately sloped for drainage, and with a minimum of low spots?		

3) Is all piping protected from excessive heat or fire?		
4) Is an appropriate vapor pressure relief provided on every line segment or device that can be isolated?

Release Scenario Information

RMP*Comp RMP*Comp

[Back](#)

Estimated Distance Calculation

 **Estimated distance to toxic endpoint:** 3.0 miles (4.8 kilometers)

This is the downwind distance to the toxic endpoint specified for this regulated substance under the RMP Rule. Report all distances shorter than 0.1 mile as 0.1 mile, and all distances longer than 25 miles as 25 miles.

Scenario Summary

Chemical: Chlorine

CAS number: 7782-50-5

Threat type: Toxic Gas

Scenario type: Worst-case

Quantity released: 4000 pounds

Release duration: 10 min

Release rate: 220 pounds per minute

Mitigation measures: Release in enclosed space, in direct contact with outside air

Surrounding terrain type: Rural surroundings (terrain generally flat and unobstructed)

Toxic endpoint: 0.0087 mg/L; basis: ERPG-2

Assumptions about this scenario

Wind speed: 1.5 meters/second (3.4 miles/hour)

Stability class: F

Air temperature: 77 degrees F (25 degrees C)

RMP*Comp
RMP*Comp

Estimated Distance Calculation

 **Estimated distance to toxic endpoint:** 0.1 miles (0.2 kilometers)

This is the downwind distance to the toxic endpoint specified for this regulated substance under the RMP Rule. Report all distances shorter than 0.1 mile as 0.1 mile, and all distances longer than 25 miles as 25 miles.

Scenario Summary

Chemical: Chlorine
CAS number: 7782-50-5
Threat type: Toxic Gas
Scenario type: Alternative
Release duration: 10 minutes
Release rate: 55 pounds per min

Mitigation measures: Release in enclosed space, in direct contact with outside air

Surrounding terrain type: Urban surroundings (many obstacles in the immediate area)
Toxic endpoint: 0.0087 mg/L; basis: ERPG-2

Assumptions about this scenario

Wind speed: 3 meters/second (6.7 miles/hour)
Stability class: D
Air temperature: 77 degrees F (25 degrees C)

Appendix D:
Maintenance Schedule

MAINTENANCE SCHEDULE

School Street Water Well

All maintenance activities are performed according to general procedures written by the Chlorine Institute. These activities are performed according to the schedule listed below.

Daily Activities

- Visually inspect all valves and piping in Chlorine Storage Room.
- Visually inspect all chlorinators and vacuum regulators.
- Check feed rate to set point.

Weekly Activities

- Clean Chlorine Storage Room.
- Clean Chlorine Feed Room.
- Check vent fan operation.
- Check chlorine leak detectors.

Monthly Activities

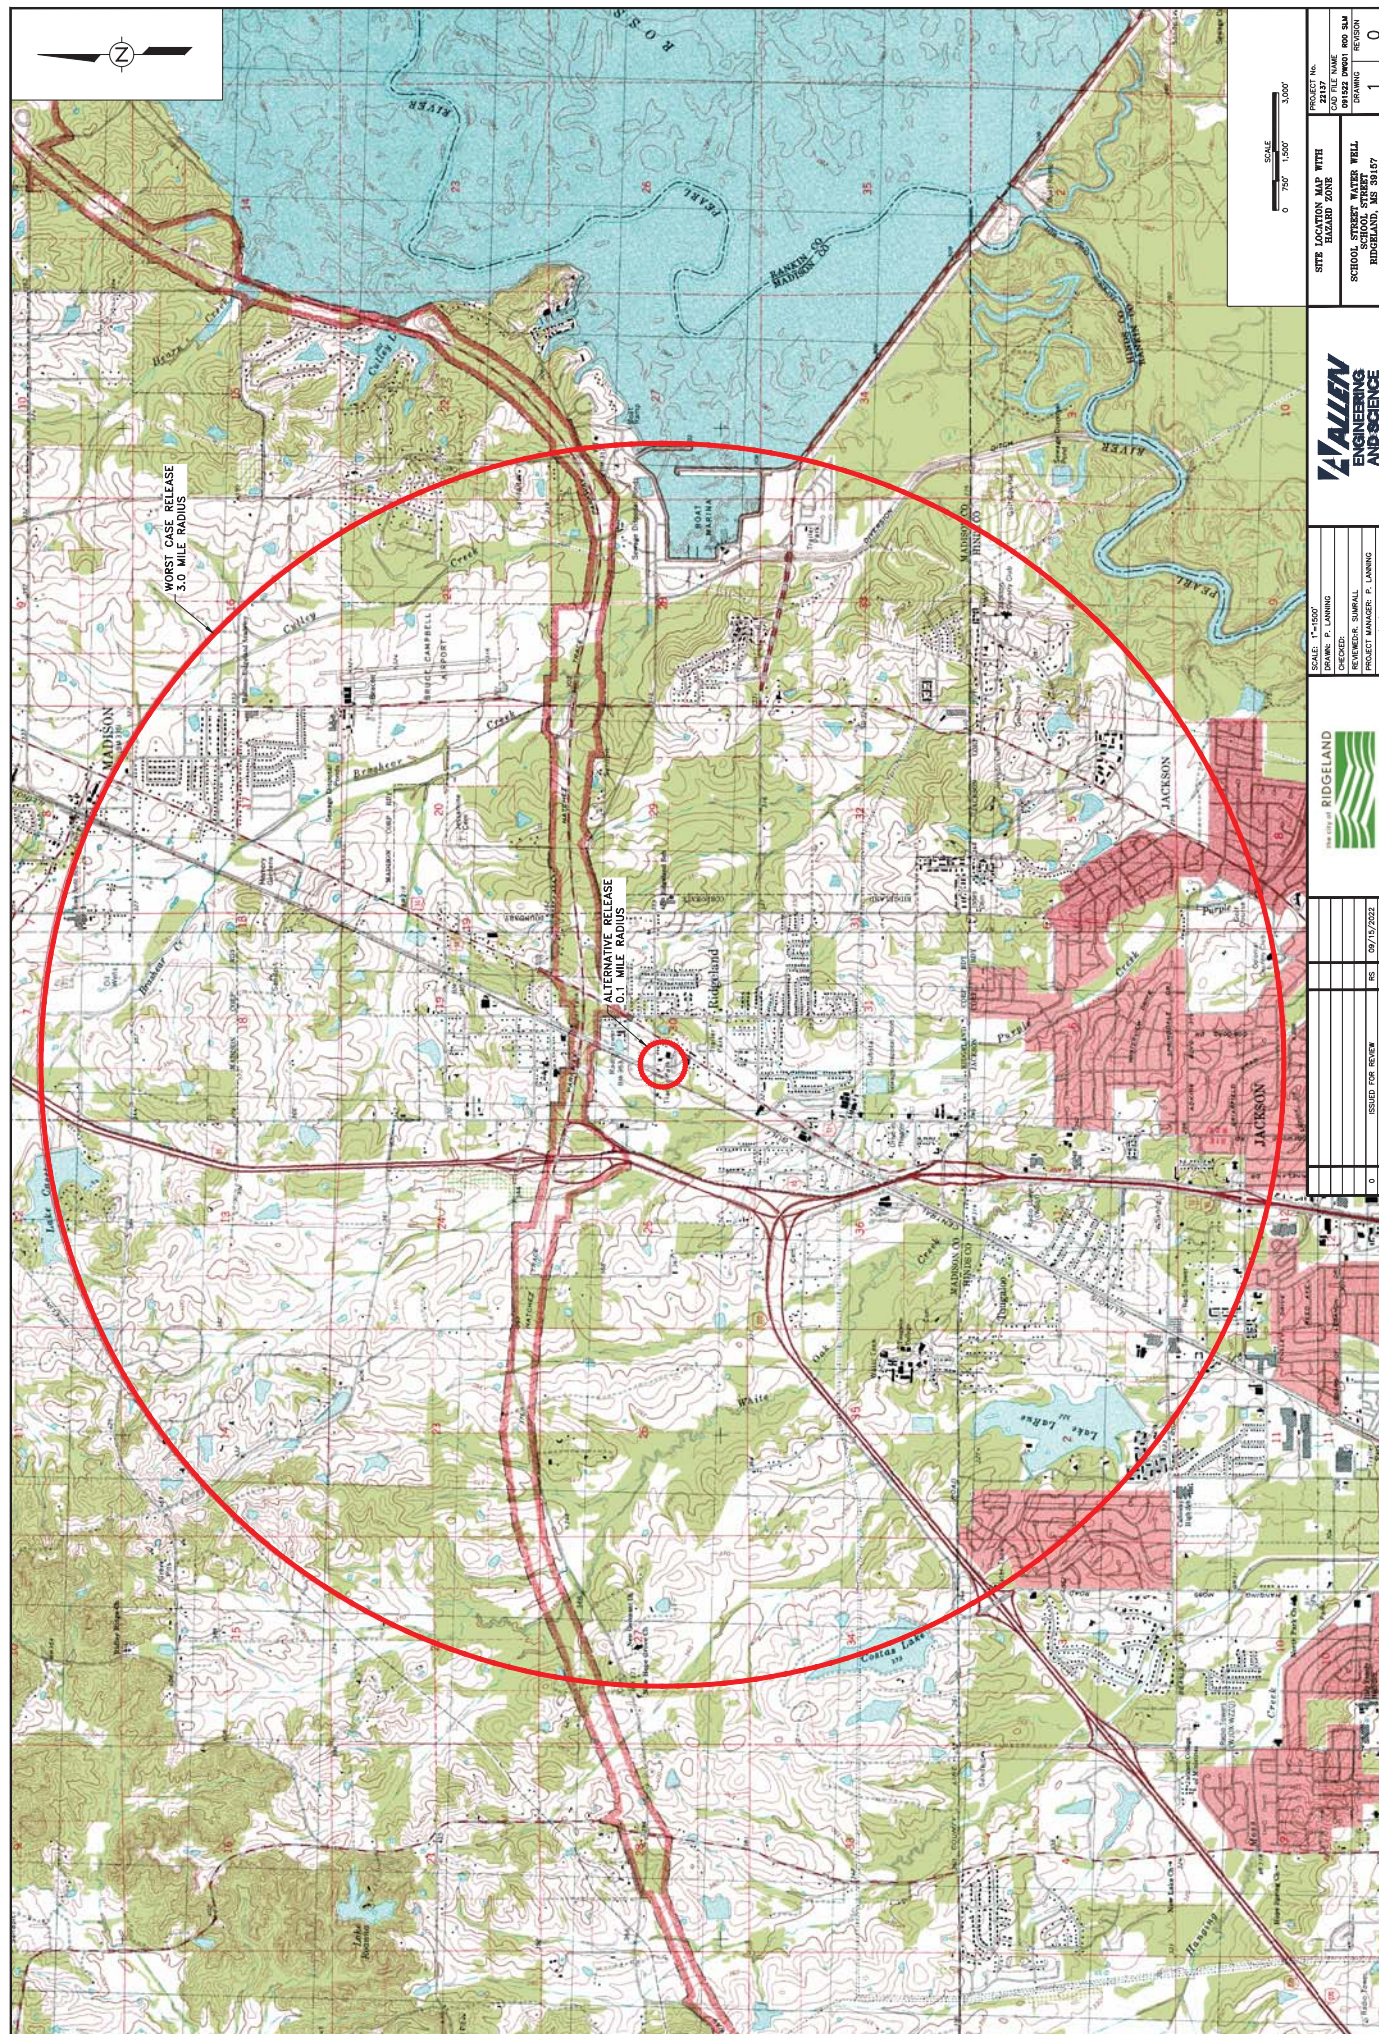

- Check operation of vacuum regulators.
- Check leak alarms semi-annually.

Annual Activities

- Replace any flex piping that has any indication of wear.
- Check calibration of chlorinators.
- Keep Kit on hand for Emergency Response team.
- Have escape masks.

1.0 INTRODUCTION

Section 112 of the 1990 Clean Air Act Amendments was promulgated by the United States Environmental Protection Agency (EPA) to minimize the probability and severity of accidental releases of toxic or flammable substances which may cause harm to public or environmental receptors and to improve emergency response relationships between the civil and industrial sectors. Facilities that handle these substances in quantities over the “threshold amount” are subject to the Accidental Release Prevention Requirements set forth in 40 Code of Federal Regulations (CFR) Part 68 and were required to develop a risk management program and submit a Risk Management Plan (RMP) to EPA by June 21, 1999. The risk management program must also be reviewed, revised and updated within five years of the initial submission. This document is a 5-year update.

There are currently seventy-seven (77) toxic and sixty-three (63) flammable and explosive substances listed by the EPA. Toxic substances were selected based on the acute toxicity due to inhalation. The list of flammable substances was selected based on their ability to cause vapor cloud explosions and fires under atmospheric dilution conditions.

The City of Ridgeland Old Canton Road water well includes a single process that involves the storage and use of chlorine, a regulated, acutely hazardous material. The facility stores chlorine in up to two (2) one-ton cylinders. Maximum storage capacity is 4,000 pounds. Only one (1) of the cylinders is actively drained at any one time, while the remaining cylinder is connected ready for backup use. The TPQ for chlorine is 2,500 pounds. The City of Ridgeland Old Canton Road water well is subject to the Program 2 requirements of the Accidental Release Prevention Provisions.

The purpose of this document is to summarize the requirements of the RMP standard and to document compliance with the standard. The document is divided into an introduction and eleven (11) chapters, each of which addresses specific requirements of the standard.

1.1 FACILITY INFORMATION

Physical Address:	City of Ridgeland Old Canton Road Ridgeland, Mississippi
RMP Contact:	Alan Hart
24-Hour Phone:	(601) 853-2027
RMP Covered Process:	Water Treatment Facility utilizing chlorine to disinfect water

2.0 RISK MANAGEMENT PLAN

The Risk Management Plan (RMP) contains a summary of the information required by 40 CFR Part 68. The RMP contains the following items:

1. Executive Summary - brief summary of accidental release policy, the stationary source, regulated substances handled, worst-case and alternative release scenarios, the prevention program, the five-year accident history, the emergency response program, and any planned changes to improve safety;
2. Registration - includes information such as facility location, responsible official, name and CAS number of regulated substance, and date of last safety inspection;
3. Offsite Consequence Analysis - release scenarios, distances to endpoints, and public and environmental receptors within those distances;
4. Five-year Accident History;
5. Prevention Program - includes SIC code for process, date of hazard review, identification of major hazards, mitigation systems in use, training information, and dates of latest maintenance review, compliance audit, and incident investigation;
6. Emergency Response Program; and
7. Certification by Responsible Official.

The RMP has been submitted electronically to the EPA using the RMP*eSubmit program. A hard copy version of the RMP submitted to the EPA by the City of Ridgeland is provided in **Appendix A**.

2.1 REFERENCE

40 Code of Federal Regulations 68.150-68.195.

2.2 DOCUMENTATION REQUIREMENTS

A copy of the RMP will be kept on-site. The RMP will be revised and updated as follows:

1. Within five (5) years from its initial submission or most recent update, whichever is later;
2. Within six (6) months of any change to the offsite consequence analysis, any change requiring a revised hazard review, or a change which alters the Program level.

3.0 MANAGEMENT SYSTEM

The Accidental Release Prevention Provisions require that Program 2 facilities develop a management system to oversee the implementation of the risk management program. The owner or operator of the facility must designate a qualified person or position that has overall responsibility for the development, implementation, and integration of the risk management program elements. Documentation of the management system implemented by the City of Ridgeland can be found in **Appendix B** - Form 1.

Risk Management Program Element	Person or Position Assigned Responsibility
Safety Information	Alan Hart – (601) 853-2027 Plant – (601) 455-9062
Hazard Review	Alan Hart – (601) 853-2027 Plant – (601) 455-9062
Operating Procedures	Alan Hart – (601) 853-2027 Plant – (601) 455-9062
Training	Alan Hart – (601) 853-2027 Plant – (601) 455-9062
Maintenance	Alan Hart – (601) 853-2027 Plant – (601) 455-9062
Compliance Audits	Alan Hart – (601) 853-2027 Plant – (601) 455-9062
Accident Investigation	Alan Hart – (601) 853-2027 Plant – (601) 455-9062

** Additional staff include Mark McManus and Thomas Bishop*

3.1 REFERENCE

40 Code of Federal Regulations Part 68.15

3.2 DOCUMENTATION REQUIREMENTS

Any changes in the roles of responsibility for the management of any element within the risk management program shall be documented, such as personnel changes.

4.0 HAZARD ASSESSMENT

The Hazard Assessment of the regulated process includes a review of the facility's accident history over the past five (5) years, establishment of worst-case and alternative release scenarios which may occur with the covered process, and evaluation of the hazard zone (radial distance to endpoint) to determine the extent of offsite consequences in the result of an accidental release. The worst-case and alternative release scenarios, as determined using RMP*Comp software, are included in **Appendix C**.

4.1 WORST-CASE RELEASE SCENARIO

The worst-case release scenario for regulated toxic gases involves the ground-level release of the entire contents of the largest vessel at the facility over a ten-minute period. In the worst-case situation, this type of release would coincide with meteorological conditions that would result in minimal dilution of the vessel contents. The endpoint for toxic substances is the maximum airborne concentration below which nearly all individuals can be exposed for up to one hour without developing serious health effects which could impair the ability to take protective cover. For chlorine, this toxic endpoint is 0.087 mg/L (3 ppm). The distance to endpoint was determined using RMP*Comp, a software program developed by the National Oceanic and Atmospheric Administration (NOAA).

The worst-case scenario for the Old Canton Road water well involves a total failure of the cylinder in use and the failure of the backup cylinder. This corresponds to a release of 4,000 pounds of chlorine over a ten-minute period. Although the water well does employ passive mitigation measures, i.e. enclosures, for purposes of the worst-case release scenario it was not accounted for. The distance to endpoint for this type of release is approximately three (3) miles. The estimated population potentially affected within the hazard zone based on 2010 Census information is approximately 42,189 people and approximately 19,837 housing units. Other public receptors within the hazard zone include a school, a shopping center, churches, and various commercial establishments.

4.2 ALTERNATIVE RELEASE SCENARIO

The alternative release scenario is an event more likely to occur than the worst-case scenario and will reach an endpoint offsite, unless no such scenario exists. In determining the distance to endpoint for the alternative release scenario, any mitigation controls employed in the process can be used. The distance to endpoint for the alternative release scenario was determined using RMP*Comp.

The most likely alternative scenario for the Old Canton Road water well would involve a failing transfer hose. Since the transfer hose operates under vacuum, only a slow release of chlorine would result from this type of hose failure. The release would occur in the fiberglass enclosure surrounding the chlorine cylinders. The enclosure mitigates the release of chlorine to the atmosphere and was taken into account using RMP*Comp. The corresponding distance to endpoint for the alternative scenario would be 0.1 miles. The estimated population potentially affected within the hazard zone based on 2010 Census information is approximately 1,118 people and approximately 618 housing units.

4.3 HAZARD ZONE EVALUATION

A circular area centered at the point of release is considered the hazard zone. **Figure 1** illustrates the point of release location and the radial distance to endpoint for both the worst-case and the alternative release scenarios. The residential population was estimated and the public/environmental receptors identified within the hazard zone using MARPLOT and ALOHA hazard modeling programs through CAMEO software suite.

Public receptors are defined as locations where the public could be exposed. This includes places where people work, live, and congregate. A release of chlorine from the Old Canton Road water well would result in exposure to public receptors such as commercial areas, residential areas, schools, and churches. The hazard zones and population potentially affected by the worst-case and alternative release scenarios from the largest vessel at the facility are documented in **Appendix A and C**.

4.4 REFERENCE

40 Code of Federal Regulations 68.20 - 68.42.

4.5 DOCUMENTATION REQUIREMENTS

The City of Ridgeland will review and update the offsite consequence analyses at least once every five years. To document that the offsite consequence analyses have been reviewed and updated, the last copy will be retained, and each subsequent copy dated. If a change occurs in the process that may result in an increase or decrease in the distance to the endpoint by a factor of two or more, the City of Ridgeland will complete a revised analysis within six (6) months of the change and submit a revised RMP.

5.0 PROCESS SAFETY INFORMATION

In accordance with RMP requirements the covered stationary sources must compile and maintain on-site safety information related to the regulated substance, processes, and equipment. The information includes the following:

1. Material Safety Data Sheets;
2. Maximum intended inventory of the vessels;
3. Safe upper and lower temperatures, pressures, and flows;
4. Equipment specifications; and
5. Codes and standards used to design, build, and operate the process.

The required Process Safety Information is provided in **Appendix B**, Form 2. Equipment specifications were provided by equipment vendors and are kept on-site.

5.1 REFERENCE

40 Code of Federal Regulations 68.65.

5.2 DOCUMENTATION REQUIREMENTS

All safety information shall be documented and kept on-site. The City of Ridgeland will update the safety information if a major change occurs that makes the information inaccurate.

6.0 PROCESS HAZARD ANALYSIS

The City of Ridgeland is required to conduct a review of the hazards associated with the regulated process.

The review involves the following:

1. Hazards associated with the process;
2. Opportunities for equipment malfunction or human errors;
3. Safeguards used to control hazards or prevent equipment malfunction; and
4. Steps used to detect or monitor releases.

The Hazard Review Checklist can be found in **Appendix B**, Form 3.

6.1 REFERENCE

40 Code of Federal Regulations 68.67.

6.2 DOCUMENTATION REQUIREMENTS

The City of Ridgeland will document the results of the review and ensure that any identified problems are resolved in a timely manner. The review will be updated at least once every five (5) years. Hazard reviews will also be conducted whenever a major change in the process occurs.

7.0 OPERATING PROCEDURES

The owner or operator shall prepare written operating procedures that provide clear instructions for safely conducting activities associated with each covered process consistent with the safety information for that process. The procedures shall address the following:

1. Initial startup;
2. Normal operations;
3. Temporary operations;
4. Emergency shutdown;
5. Normal shutdown;
6. Startup following a shutdown; and
7. Equipment inspections.

The City of Ridgeland has developed standard operating procedures (SOPs) to conduct operations for the various systems within the facility. These procedures are documented in a SOP manual maintained at each site and in the office of the Public Works Director.

7.1 REFERENCE

40 Code of Federal Regulations 68.69.

7.2 DOCUMENTATION REQUIREMENTS

The City of Ridgeland will ensure that the standard operating procedures are updated whenever a major change occurs and prior to startup of the changed process. All SOPs pertaining to chlorine handling and storage are reviewed on an annual basis. The Public Works Director or his designee will perform the review. The SOPs will be reviewed to determine if they remain reflective of current site operating conditions and are adequate to minimize the risk of accidents.

8.0 EMPLOYEE TRAINING

An effective employee training program significantly reduces the number and severity of incidents arising from process operations. City of Ridgeland employees presently operating a process, or newly assigned to the process, have been trained or tested competent in the process operating procedures. The minimum requirements for an effective training program include initial training, refresher training, and documentation of training. The requirements of 40 CFR Part 68 allows the responsible official of the facility to certify that any employee involved in the process has been trained regarding process operations. This certification can be found in **Appendix B**, Form 4.

8.1 REFERENCE

40 Code of Federal Regulations 68.71.

8.2 DOCUMENTATION REQUIREMENTS

The City of Ridgeland will document that training has occurred or that employees currently operating the process have received and understand the process operations. Refresher training will also be documented and will occur at least every three (3) years.

9.0 MECHANICAL INTEGRITY

Equipment used to store, process, or handle covered chemicals must be designed, constructed, installed, and maintained to minimize the risk of releases of the chemical. This requires that a mechanical integrity program be in place to assure the continued integrity of the process equipment. The elements of the mechanical integrity program include the identification of equipment and instrumentation, development of written maintenance procedures, training for process maintenance activities, inspection and testing, and correction of deficiencies in the equipment. Operation and Maintenance manuals are kept on-site. The City of Ridgeland completes routine activities based on equipment manufacture recommendations and guidance from the Chlorine Institute. Employees of the Old Canton Road water well trained in maintaining the mechanical integrity of the covered process will perform required maintenance inspections according to a maintenance schedule. This schedule can be found in **Appendix D**.

9.1 REFERENCE

40 Code of Federal Regulations 68.73.

9.2 DOCUMENTATION REQUIREMENTS

The City of Ridgeland will keep written procedures on-site for the covered process. Any tests performed on the equipment along with the Maintenance Inspection Checklists and a Maintenance Schedule will be among the written documents maintained on-site.

10.0 COMPLIANCE AUDITS

The owner or operator shall certify that the compliance with the prevention program requirements has been evaluated. The minimum requirements for the compliance audit include performing an audit at least once every three (3) years; maintaining the last two (2) audit reports at a minimum; conducting audits by at least one (1) person knowledgeable in the process; documenting the appropriate response to each finding; and documenting any deficiencies found and corrective actions taken. The Compliance Audit Checklist can be found in Appendix B, Form 5.

10.1 REFERENCE

40 Code of Federal Regulations 68.79.

10.2 DOCUMENTATION REQUIREMENTS

The compliance audit must be conducted and documented at least every three (3) years, and the results of the two (2) most recent reports will be kept on file at a minimum.

11.0 INCIDENT INVESTIGATION

The City of Ridgeland is required to investigate each incident that resulted in, or could reasonably have resulted in, a catastrophic release. An investigation shall be initiated no later than 48 hours following the incident. A summary shall be prepared at the conclusion of the investigation that includes at a minimum the following:

1. Date of incident;
2. Date investigation began;
3. Description of the incident;
4. Factors contributing to the incident; and
5. Any recommendations resulting from the investigation.

The owner or operator shall promptly address and resolve any findings and recommendations. The findings shall be reviewed with all personnel whose job tasks are affected by the findings. The Incident Investigation Report form can be found in **Appendix B**, Form 6. No reportable incidents have occurred at the Old Canton Road water well within the last three (3) years.

11.1 REFERENCE

40 Code of Federal Regulations 68.81.

11.2 DOCUMENTATION REQUIREMENTS

The City of Ridgeland will document any resolutions or corrective actions taken as a result of the incident investigation. The investigation reports will be retained for five (5) years.

12.0 EMERGENCY PLANNING AND RESPONSE

In the event of a significant release from the water well, the City of Ridgeland Fire Department will be notified immediately to respond. The City of Ridgeland Fire Department will dispatch experienced personnel trained to handle such emergencies. After notification of the Fire Department, notifications would be made to site personnel responsible for well operations. A list of phone numbers for emergency contacts is kept on-site. The contact list is updated as needed.

12.1 REFERENCE

40 Code of Federal Regulations 68.95.

12.2 DOCUMENTATION REQUIREMENTS

The City of Ridgeland will maintain these written procedures on-site to follow in the event of an accidental release from the chlorine storage vessels.

HAZARD REVIEW CHECKLIST CHLORINE STORAGE

City of Ridgeland – Old Canton Road Water Well

Answer the questions below by indicating “Yes”, “No”, or “N/A” (for not applicable). “No” responses require further comment and a projected completion date for correcting the deficiency. Comments can be recorded on a separate sheet that you reference in the comments section of this table.

	Yes/No/NA	Comments
General Conditions and Operation		
1) Are work areas clean?		
2) Are adequate warning signs posted?		
3) Is lighting sufficient for all operations?		
4) Is personal protective equipment (PPE) provided and adequate?		
5) Are containers and tanks protected from vehicular traffic?		
6) Are all flammables and combustibles kept away from containers, tanks, and feed lines?		
7) Are leak detectors with alarms present, operable, and tested?		
8) Are windsocks provided in a visible location?		
9) Are emergency repair kits available?		
10) Are appropriate emergency supplies and equipment present, including PPE and SCBA?		
11) Are emergency numbers posted in an appropriate place?		
12) Is equipment inspected daily?		
13) Are written operating procedures available to the operators?		
14) Have operators been trained on the operating procedures and use of PPE in normal operations?		
15) Are controls accessible and easily understood?		
16) Are labels adequate on instrument controls?		
17) Are all major components and piping clearly labeled?		
18) Are personnel trained in the emergency response plan?		
Chlorine – Siting		
1) Are storage, transfer, and use areas located away from sewer openings?		
2) Do storage, transfer, and use areas have easy access for emergency response?		

3) Are storage, transfer, and use areas downwind of or separated from most operations and support areas and ventilation intakes?		
4) Are storage, transfer, and use areas located away from residences and facility boundaries?		
Chlorine – Hazard Recognition		
1) Are MSDSs readily available to those operating and maintaining the system?		
2) Do employees understand that there are certain materials with which this material must not be mixed?		
3) Do employees understand the toxicity, mobility, and ability of Anhydrous Ammonia to sustain combustion?		
4) Do employees understand the effects of fire and elevated temperature on confined chlorine/ chloride dioxide and the potential for release?		
Chlorine – Container Unloading		
1) Are trucks inspected for wheel chocks and proper position?		
2) Are adequate warning signs posted?		
3) Is the shipment inspected for leakage, general condition, and valve protective housing before accepting?		
Chlorine – Housing Chlorine Systems		
1) Does the building comply with local building and fire codes?		
2) If flammable materials are stored in the same building as the chlorine, are they separated by a firewall?		
3) Are two or more exits provided from each chlorine storage and process area?		
4) Can the exhaust fan be remotely operated?		
Chlorine – Housing Chlorine Systems		
1) Do piping specifications meet chlorine requirements for the service?		
2) Are piping systems properly supported, adequately sloped for drainage, and with a minimum of low spots?		

3) Is all piping protected from excessive heat or fire?		
4) Is an appropriate vapor pressure relief provided on every line segment or device that can be isolated?

Release Scenario Information

RMP*Comp RMP*Comp

[Back](#)

Estimated Distance Calculation

 **Estimated distance to toxic endpoint:** 3.0 miles (4.8 kilometers)

This is the downwind distance to the toxic endpoint specified for this regulated substance under the RMP Rule. Report all distances shorter than 0.1 mile as 0.1 mile, and all distances longer than 25 miles as 25 miles.

Scenario Summary

Chemical: Chlorine

CAS number: 7782-50-5

Threat type: Toxic Gas

Scenario type: Worst-case

Quantity released: 4000 pounds

Release duration: 10 min

Release rate: 220 pounds per minute

Mitigation measures: Release in enclosed space, in direct contact with outside air

Surrounding terrain type: Rural surroundings (terrain generally flat and unobstructed)

Toxic endpoint: 0.0087 mg/L; basis: ERPG-2

Assumptions about this scenario

Wind speed: 1.5 meters/second (3.4 miles/hour)

Stability class: F

Air temperature: 77 degrees F (25 degrees C)

RMP*Comp

Estimated Distance Calculation

 **Estimated distance to toxic endpoint:** 0.1 miles (0.2 kilometers)

This is the downwind distance to the toxic endpoint specified for this regulated substance under the RMP Rule. Report all distances shorter than 0.1 mile as 0.1 mile, and all distances longer than 25 miles as 25 miles.

Scenario Summary

Chemical: Chlorine
CAS number: 7782-50-5
Threat type: Toxic Gas
Scenario type: Alternative
Release duration: 10 minutes
Release rate: 55 pounds per min

Mitigation measures: Release in enclosed space, in direct contact with outside air

Surrounding terrain type: Urban surroundings (many obstacles in the immediate area)
Toxic endpoint: 0.0087 mg/L; basis: ERPG-2

Assumptions about this scenario

Wind speed: 3 meters/second (6.7 miles/hour)
Stability class: D
Air temperature: 77 degrees F (25 degrees C)

Appendix D: Maintenance Schedule

MAINTENANCE SCHEDULE

Old Canton Road Water Well

All maintenance activities are performed according to general procedures written by the Chlorine Institute. These activities are performed according to the schedule listed below.

Daily Activities

- Visually inspect all valves and piping in Chlorine Storage Room.
- Visually inspect all chlorinators and vacuum regulators.
- Check feed rate to set point.

Weekly Activities

- Clean Chlorine Storage Room.
- Clean Chlorine Feed Room.
- Check vent fan operation.
- Check chlorine leak detectors.

Monthly Activities

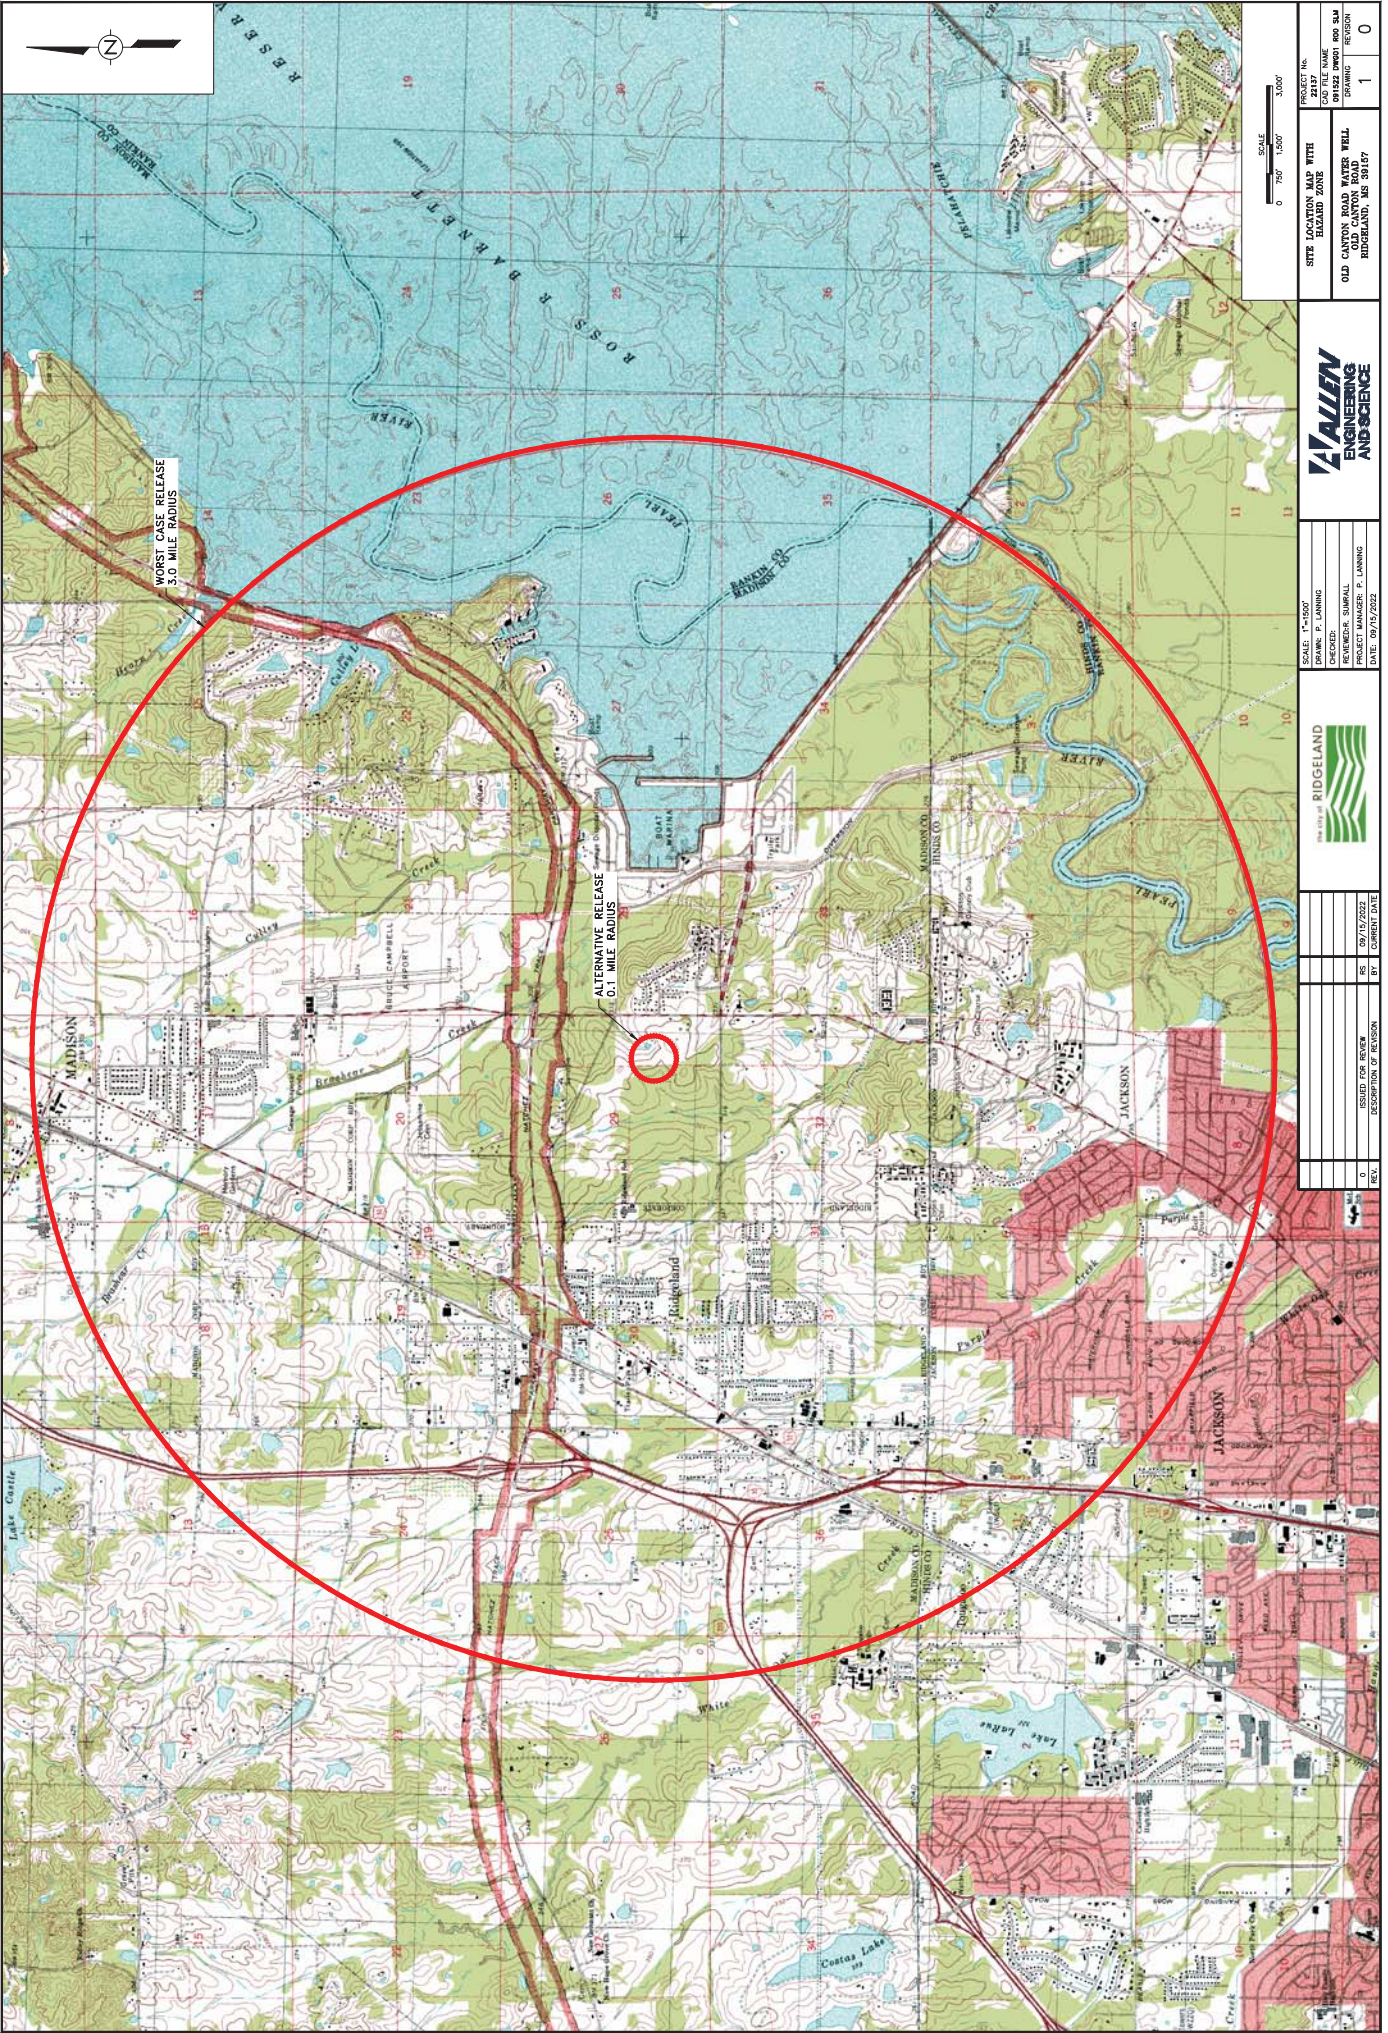

- Check operation of vacuum regulators.
- Check leak alarms semi-annually.

Annual Activities

- Replace any flex piping that has any indication of wear.
- Check calibration of chlorinators.
- Keep Kit on hand for Emergency Response team.
- Have escape masks.

1.0 INTRODUCTION

Section 112 of the 1990 Clean Air Act Amendments was promulgated by the United States Environmental Protection Agency (EPA) to minimize the probability and severity of accidental releases of toxic or flammable substances which may cause harm to public or environmental receptors and to improve emergency response relationships between the civil and industrial sectors. Facilities that handle these substances in quantities over the “threshold amount” are subject to the Accidental Release Prevention Requirements set forth in 40 Code of Federal Regulations (CFR) Part 68 and were required to develop a risk management program and submit a Risk Management Plan (RMP) to EPA by June 21, 1999. The risk management program must also be reviewed, revised and updated within five years of the initial submission. This document is a 5-year update.

There are currently seventy-seven (77) toxic and sixty-three (63) flammable and explosive substances listed by the EPA. Toxic substances were selected based on the acute toxicity due to inhalation. The list of flammable substances was selected based on their ability to cause vapor cloud explosions and fires under atmospheric dilution conditions.

The City of Ridgeland Livingston Road water well includes a single process that involves the storage and use of chlorine, a regulated, acutely hazardous material. The facility stores chlorine in up to two (2) one-ton cylinders. Maximum storage capacity is 4,000 pounds. Only one (1) of the cylinders is actively drained at any one time, while the remaining cylinder is connected ready for backup use. The TPQ for chlorine is 2,500 pounds. The City of Ridgeland Livingston Road water well is subject to the Program 2 requirements of the Accidental Release Prevention Provisions.

The purpose of this document is to summarize the requirements of the RMP standard and to document compliance with the standard. The document is divided into an introduction and eleven (11) chapters, each of which addresses specific requirements of the standard.

1.1 FACILITY INFORMATION

Physical Address:	City of Ridgeland 574 N Livingston Road Ridgeland, Mississippi
RMP Contact:	Alan Hart
24-Hour Phone:	(601) 853-2027
RMP Covered Process:	Water Treatment Facility utilizing chlorine to disinfect water

2.0 RISK MANAGEMENT PLAN

The Risk Management Plan (RMP) contains a summary of the information required by 40 CFR Part 68. The RMP contains the following items:

1. Executive Summary - brief summary of accidental release policy, the stationary source, regulated substances handled, worst-case and alternative release scenarios, the prevention program, the five-year accident history, the emergency response program, and any planned changes to improve safety;
2. Registration - includes information such as facility location, responsible official, name and CAS number of regulated substance, and date of last safety inspection;
3. Offsite Consequence Analysis - release scenarios, distances to endpoints, and public and environmental receptors within those distances;
4. Five-year Accident History;
5. Prevention Program - includes SIC code for process, date of hazard review, identification of major hazards, mitigation systems in use, training information, and dates of latest maintenance review, compliance audit, and incident investigation;
6. Emergency Response Program; and
7. Certification by Responsible Official.

The RMP has been submitted electronically to the EPA using the RMP*eSubmit program. A hard copy version of the RMP submitted to the EPA by the City of Ridgeland is provided in **Appendix A**.

2.1 REFERENCE

40 Code of Federal Regulations 68.150-68.195.

2.2 DOCUMENTATION REQUIREMENTS

A copy of the RMP will be kept on-site. The RMP will be revised and updated as follows:

1. Within five (5) years from its initial submission or most recent update, whichever is later;
2. Within six (6) months of any change to the offsite consequence analysis, any change requiring a revised hazard review, or a change which alters the Program level.

3.0 MANAGEMENT SYSTEM

The Accidental Release Prevention Provisions require that Program 2 facilities develop a management system to oversee the implementation of the risk management program. The owner or operator of the facility must designate a qualified person or position that has overall responsibility for the development, implementation, and integration of the risk management program elements. Documentation of the management system implemented by the City of Ridgeland can be found in **Appendix B** - Form 1.

Risk Management Program Element	Person or Position Assigned Responsibility
Safety Information	Alan Hart – (601) 853-2027 Plant – (601) 455-9062
Hazard Review	Alan Hart – (601) 853-2027 Plant – (601) 455-9062
Operating Procedures	Alan Hart – (601) 853-2027 Plant – (601) 455-9062
Training	Alan Hart – (601) 853-2027 Plant – (601) 455-9062
Maintenance	Alan Hart – (601) 853-2027 Plant – (601) 455-9062
Compliance Audits	Alan Hart – (601) 853-2027 Plant – (601) 455-9062
Accident Investigation	Alan Hart – (601) 853-2027 Plant – (601) 455-9062

** Additional staff include Mark McManus and Thomas Bishop*

3.1 REFERENCE

40 Code of Federal Regulations Part 68.15

3.2 DOCUMENTATION REQUIREMENTS

Any changes in the roles of responsibility for the management of any element within the risk management program shall be documented, such as personnel changes.

4.0 HAZARD ASSESSMENT

The Hazard Assessment of the regulated process includes a review of the facility's accident history over the past five (5) years, establishment of worst-case and alternative release scenarios which may occur with the covered process, and evaluation of the hazard zone (radial distance to endpoint) to determine the extent of offsite consequences in the result of an accidental release. The worst-case and alternative release scenarios, as determined using RMP*Comp software, are included in **Appendix C**.

4.1 WORST-CASE RELEASE SCENARIO

The worst-case release scenario for regulated toxic gases involves the ground-level release of the entire contents of the largest vessel at the facility over a ten-minute period. In the worst-case situation, this type of release would coincide with meteorological conditions that would result in minimal dilution of the vessel contents. The endpoint for toxic substances is the maximum airborne concentration below which nearly all individuals can be exposed for up to one hour without developing serious health effects which could impair the ability to take protective cover. For chlorine, this toxic endpoint is 0.087 mg/L (3 ppm). The distance to endpoint was determined using RMP*Comp, a software program developed by the National Oceanic and Atmospheric Administration (NOAA).

The worst-case scenario for the Livingston Road water well involves a total failure of the cylinder in use and the failure of the backup cylinder. This corresponds to a release of 4,000 pounds of chlorine over a ten-minute period. Although the water well does employ passive mitigation measures, i.e. enclosures, for purposes of the worst-case release scenario it was not accounted for. The distance to endpoint for this type of release is approximately 3 miles. The estimated population potentially affected within the hazard zone based on 2010 Census information is approximately 7,314 people and approximately 2,790 housing units. Other public receptors within the hazard zone include a school, a shopping center, churches, and various commercial establishments.

4.2 ALTERNATIVE RELEASE SCENARIO

The alternative release scenario is an event more likely to occur than the worst-case scenario and will reach an endpoint offsite, unless no such scenario exists. In determining the distance to endpoint for the alternative release scenario, any mitigation controls employed in the process can be used. The distance to endpoint for the alternative release scenario was determined using RMP*Comp.

The most likely alternative scenario for the Livingston Road water well would involve a failing transfer hose. Since the transfer hose operates under vacuum, only a slow release of chlorine would result from this type of hose failure. The release would occur in the fiberglass enclosure surrounding the chlorine cylinders. The enclosure mitigates the release of chlorine to the atmosphere and was taken into account using RMP*Comp. The corresponding distance to endpoint for the alternative scenario would be 0.1 miles. The estimated population potentially affected within the hazard zone based on 2010 Census information is approximately 0 people and 0 housing units.

4.3 HAZARD ZONE EVALUATION

A circular area centered at the point of release is considered the hazard zone. **Figure 1** illustrates the point of release location and the radial distance to endpoint for both the worst-case and the alternative release scenarios. The residential population was estimated and the public/environmental receptors identified within the hazard zone using MARPLOT and ALOHA hazard modeling programs through CAMEO software suite.

Public receptors are defined as locations where the public could be exposed. This includes places where people work, live, and congregate. A release of chlorine from the Livingston Road water well would result in exposure to public receptors such as commercial areas, residential areas, schools, and churches. The hazard zones and population potentially affected by the worst-case and alternative release scenarios from the largest vessel at the facility are documented in **Appendix A and C**.

4.4 REFERENCE

40 Code of Federal Regulations 68.20 - 68.42.

4.5 DOCUMENTATION REQUIREMENTS

The City of Ridgeland will review and update the offsite consequence analyses at least once every five years. To document that the offsite consequence analyses have been reviewed and updated, the last copy will be retained, and each subsequent copy dated. If a change occurs in the process that may result in an increase or decrease in the distance to the endpoint by a factor of two or more, the City of Ridgeland will complete a revised analysis within six (6) months of the change and submit a revised RMP.

5.0 PROCESS SAFETY INFORMATION

In accordance with RMP requirements the covered stationary sources must compile and maintain on-site safety information related to the regulated substance, processes, and equipment. The information includes the following:

1. Material Safety Data Sheets;
2. Maximum intended inventory of the vessels;
3. Safe upper and lower temperatures, pressures, and flows;
4. Equipment specifications; and
5. Codes and standards used to design, build, and operate the process.

The required Process Safety Information is provided in **Appendix B**, Form 2. Equipment specifications were provided by equipment vendors and are kept on-site.

5.1 REFERENCE

40 Code of Federal Regulations 68.65.

5.2 DOCUMENTATION REQUIREMENTS

All safety information shall be documented and kept on-site. The City of Ridgeland will update the safety information if a major change occurs that makes the information inaccurate.

6.0 PROCESS HAZARD ANALYSIS

The City of Ridgeland is required to conduct a review of the hazards associated with the regulated process.

The review involves the following:

1. Hazards associated with the process;
2. Opportunities for equipment malfunction or human errors;
3. Safeguards used to control hazards or prevent equipment malfunction; and
4. Steps used to detect or monitor releases.

The Hazard Review Checklist can be found in **Appendix B**, Form 3.

6.1 REFERENCE

40 Code of Federal Regulations 68.67.

6.2 DOCUMENTATION REQUIREMENTS

The City of Ridgeland will document the results of the review and ensure that any identified problems are resolved in a timely manner. The review will be updated at least once every five (5) years. Hazard reviews will also be conducted whenever a major change in the process occurs.

7.0 OPERATING PROCEDURES

The owner or operator shall prepare written operating procedures that provide clear instructions for safely conducting activities associated with each covered process consistent with the safety information for that process. The procedures shall address the following:

1. Initial startup;
2. Normal operations;
3. Temporary operations;
4. Emergency shutdown;
5. Normal shutdown;
6. Startup following a shutdown; and
7. Equipment inspections.

The City of Ridgeland has developed standard operating procedures (SOPs) to conduct operations for the various systems within the facility. These procedures are documented in a SOP manual maintained at each site and in the office of the Public Works Director.

7.1 REFERENCE

40 Code of Federal Regulations 68.69.

7.2 DOCUMENTATION REQUIREMENTS

The City of Ridgeland will ensure that the standard operating procedures are updated whenever a major change occurs and prior to startup of the changed process. All SOPs pertaining to chlorine handling and storage are reviewed on an annual basis. The Public Works Director or his designee will perform the review. The SOPs will be reviewed to determine if they remain reflective of current site operating conditions and are adequate to minimize the risk of accidents.

8.0 EMPLOYEE TRAINING

An effective employee training program significantly reduces the number and severity of incidents arising from process operations. City of Ridgeland employees presently operating a process, or newly assigned to the process, have been trained or tested competent in the process operating procedures. The minimum requirements for an effective training program include initial training, refresher training, and documentation of training. The requirements of 40 CFR Part 68 allows the responsible official of the facility to certify that any employee involved in the process has been trained regarding process operations. This certification can be found in **Appendix B**, Form 4.

8.1 REFERENCE

40 Code of Federal Regulations 68.71.

8.2 DOCUMENTATION REQUIREMENTS

The City of Ridgeland will document that training has occurred or that employees currently operating the process have received and understand the process operations. Refresher training will also be documented and will occur at least every three (3) years.

9.0 MECHANICAL INTEGRITY

Equipment used to store, process, or handle covered chemicals must be designed, constructed, installed, and maintained to minimize the risk of releases of the chemical. This requires that a mechanical integrity program be in place to assure the continued integrity of the process equipment. The elements of the mechanical integrity program include the identification of equipment and instrumentation, development of written maintenance procedures, training for process maintenance activities, inspection and testing, and correction of deficiencies in the equipment. Operation and Maintenance manuals are kept on-site. The City of Ridgeland completes routine activities based on equipment manufacture recommendations and guidance from the Chlorine Institute. Employees of the Livingston Road water well trained in maintaining the mechanical integrity of the covered process will perform required maintenance inspections according to a maintenance schedule. This schedule can be found in Appendix D.

9.1 REFERENCE

40 Code of Federal Regulations 68.73.

9.2 DOCUMENTATION REQUIREMENTS

The City of Ridgeland will keep written procedures on-site for the covered process. Any tests performed on the equipment along with the Maintenance Inspection Checklists and a Maintenance Schedule will be among the written documents maintained on-site.

10.0 COMPLIANCE AUDITS

The owner or operator shall certify that the compliance with the prevention program requirements has been evaluated. The minimum requirements for the compliance audit include performing an audit at least once every three (3) years; maintaining the last two (2) audit reports at a minimum; conducting audits by at least one (1) person knowledgeable in the process; documenting the appropriate response to each finding; and documenting any deficiencies found and corrective actions taken. The Compliance Audit Checklist can be found in Appendix B, Form 5.

10.1 REFERENCE

40 Code of Federal Regulations 68.79.

10.2 DOCUMENTATION REQUIREMENTS

The compliance audit must be conducted and documented at least every three (3) years, and the results of the two (2) most recent reports will be kept on file at a minimum.

11.0 INCIDENT INVESTIGATION

The City of Ridgeland is required to investigate each incident that resulted in, or could reasonably have resulted in, a catastrophic release. An investigation shall be initiated no later than 48 hours following the incident. A summary shall be prepared at the conclusion of the investigation that includes at a minimum the following:

1. Date of incident;
2. Date investigation began;
3. Description of the incident;
4. Factors contributing to the incident; and
5. Any recommendations resulting from the investigation.

The owner or operator shall promptly address and resolve any findings and recommendations. The findings shall be reviewed with all personnel whose job tasks are affected by the findings. The Incident Investigation Report form can be found in **Appendix B**, Form 6. No reportable incidents have occurred at the Livingston Road water well within the last three (3) years.

11.1 REFERENCE

40 Code of Federal Regulations 68.81.

11.2 DOCUMENTATION REQUIREMENTS

The City of Ridgeland will document any resolutions or corrective actions taken as a result of the incident investigation. The investigation reports will be retained for five (5) years.

12.0 EMERGENCY PLANNING AND RESPONSE

In the event of a significant release from the water well, the City of Ridgeland Fire Department will be notified immediately to respond. The City of Ridgeland Fire Department will dispatch experienced personnel trained to handle such emergencies. After notification of the Fire Department, notifications would be made to site personnel responsible for well operations. A list of phone numbers for emergency contacts is kept on-site. The contact list is updated as needed.

12.1 REFERENCE

40 Code of Federal Regulations 68.95.

12.2 DOCUMENTATION REQUIREMENTS

The City of Ridgeland will maintain these written procedures on-site to follow in the event of an accidental release from the chlorine storage vessels.

FORM 3: HAZARD REVIEW CHECKLIST

HAZARD REVIEW CHECKLIST CHLORINE STORAGE

City of Ridgeland – Livingston Road Water Well

Answer the questions below by indicating “Yes”, “No”, or “N/A” (for not applicable). “No” responses require further comment and a projected completion date for correcting the deficiency. Comments can be recorded on a separate sheet that you reference in the comments section of this table.

	Yes/No/NA	Comments
General Conditions and Operation		
1) Are work areas clean?		
2) Are adequate warning signs posted?		
3) Is lighting sufficient for all operations?		
4) Is personal protective equipment (PPE) provided and adequate?		
5) Are containers and tanks protected from vehicular traffic?		
6) Are all flammables and combustibles kept away from containers, tanks, and feed lines?		
7) Are leak detectors with alarms present, operable, and tested?		
8) Are windsocks provided in a visible location?		
9) Are emergency repair kits available?		
10) Are appropriate emergency supplies and equipment present, including PPE and SCBA?		
11) Are emergency numbers posted in an appropriate place?		
12) Is equipment inspected daily?		
13) Are written operating procedures available to the operators?		
14) Have operators been trained on the operating procedures and use of PPE in normal operations?		
15) Are controls accessible and easily understood?		
16) Are labels adequate on instrument controls?		
17) Are all major components and piping clearly labeled?		
18) Are personnel trained in the emergency response plan?		
Chlorine – Siting		
1) Are storage, transfer, and use areas located away from sewer openings?		
2) Do storage, transfer, and use areas have easy access for emergency response?		

3) Are storage, transfer, and use areas downwind of or separated from most operations and support areas and ventilation intakes?		
4) Are storage, transfer, and use areas located away from residences and facility boundaries?		
Chlorine – Hazard Recognition		
1) Are MSDSs readily available to those operating and maintaining the system?		
2) Do employees understand that there are certain materials with which this material must not be mixed?		
3) Do employees understand the toxicity, mobility, and ability of Anhydrous Ammonia to sustain combustion?		
4) Do employees understand the effects of fire and elevated temperature on confined chlorine/ chloride dioxide and the potential for release?		
Chlorine – Container Unloading		
1) Are trucks inspected for wheel chocks and proper position?		
2) Are adequate warning signs posted?		
3) Is the shipment inspected for leakage, general condition, and valve protective housing before accepting?		
Chlorine – Housing Chlorine Systems		
1) Does the building comply with local building and fire codes?		
2) If flammable materials are stored in the same building as the chlorine, are they separated by a firewall?		
3) Are two or more exits provided from each chlorine storage and process area?		
4) Can the exhaust fan be remotely operated?		
Chlorine – Housing Chlorine Systems		
1) Do piping specifications meet chlorine requirements for the service?		
2) Are piping systems properly supported, adequately sloped for drainage, and with a minimum of low spots?		

3) Is all piping protected from excessive heat or fire?		
4) Is an appropriate vapor pressure relief provided on every line segment or device that can be isolated?

Release Scenario Information

RMP*Comp RMP*Comp

[Back](#)

Estimated Distance Calculation

 **Estimated distance to toxic endpoint:** 3.0 miles (4.8 kilometers)

This is the downwind distance to the toxic endpoint specified for this regulated substance under the RMP Rule. Report all distances shorter than 0.1 mile as 0.1 mile, and all distances longer than 25 miles as 25 miles.

Scenario Summary

Chemical: Chlorine

CAS number: 7782-50-5

Threat type: Toxic Gas

Scenario type: Worst-case

Quantity released: 4000 pounds

Release duration: 10 min

Release rate: 220 pounds per minute

Mitigation measures: Release in enclosed space, in direct contact with outside air

Surrounding terrain type: Rural surroundings (terrain generally flat and unobstructed)

Toxic endpoint: 0.0087 mg/L; basis: ERPG-2

Assumptions about this scenario

Wind speed: 1.5 meters/second (3.4 miles/hour)

Stability class: F

Air temperature: 77 degrees F (25 degrees C)

RMP*Comp

Estimated Distance Calculation

 **Estimated distance to toxic endpoint:** 0.1 miles (0.2 kilometers)

This is the downwind distance to the toxic endpoint specified for this regulated substance under the RMP Rule. Report all distances shorter than 0.1 mile as 0.1 mile, and all distances longer than 25 miles as 25 miles.

Scenario Summary

Chemical: Chlorine
CAS number: 7782-50-5
Threat type: Toxic Gas
Scenario type: Alternative
Release duration: 10 minutes
Release rate: 55 pounds per min

Mitigation measures: Release in enclosed space, in direct contact with outside air

Surrounding terrain type: Urban surroundings (many obstacles in the immediate area)
Toxic endpoint: 0.0087 mg/L; basis: ERPG-2

Assumptions about this scenario

Wind speed: 3 meters/second (6.7 miles/hour)
Stability class: D
Air temperature: 77 degrees F (25 degrees C)

Appendix D: Maintenance Schedule

MAINTENANCE SCHEDULE

Livingston Road Water Well

All maintenance activities are performed according to general procedures written by the Chlorine Institute. These activities are performed according to the schedule listed below.

Daily Activities

- Visually inspect all valves and piping in Chlorine Storage Room.
- Visually inspect all chlorinators and vacuum regulators.
- Check feed rate to set point.

Weekly Activities

- Clean Chlorine Storage Room.
- Clean Chlorine Feed Room.
- Check vent fan operation.
- Check chlorine leak detectors.

Monthly Activities

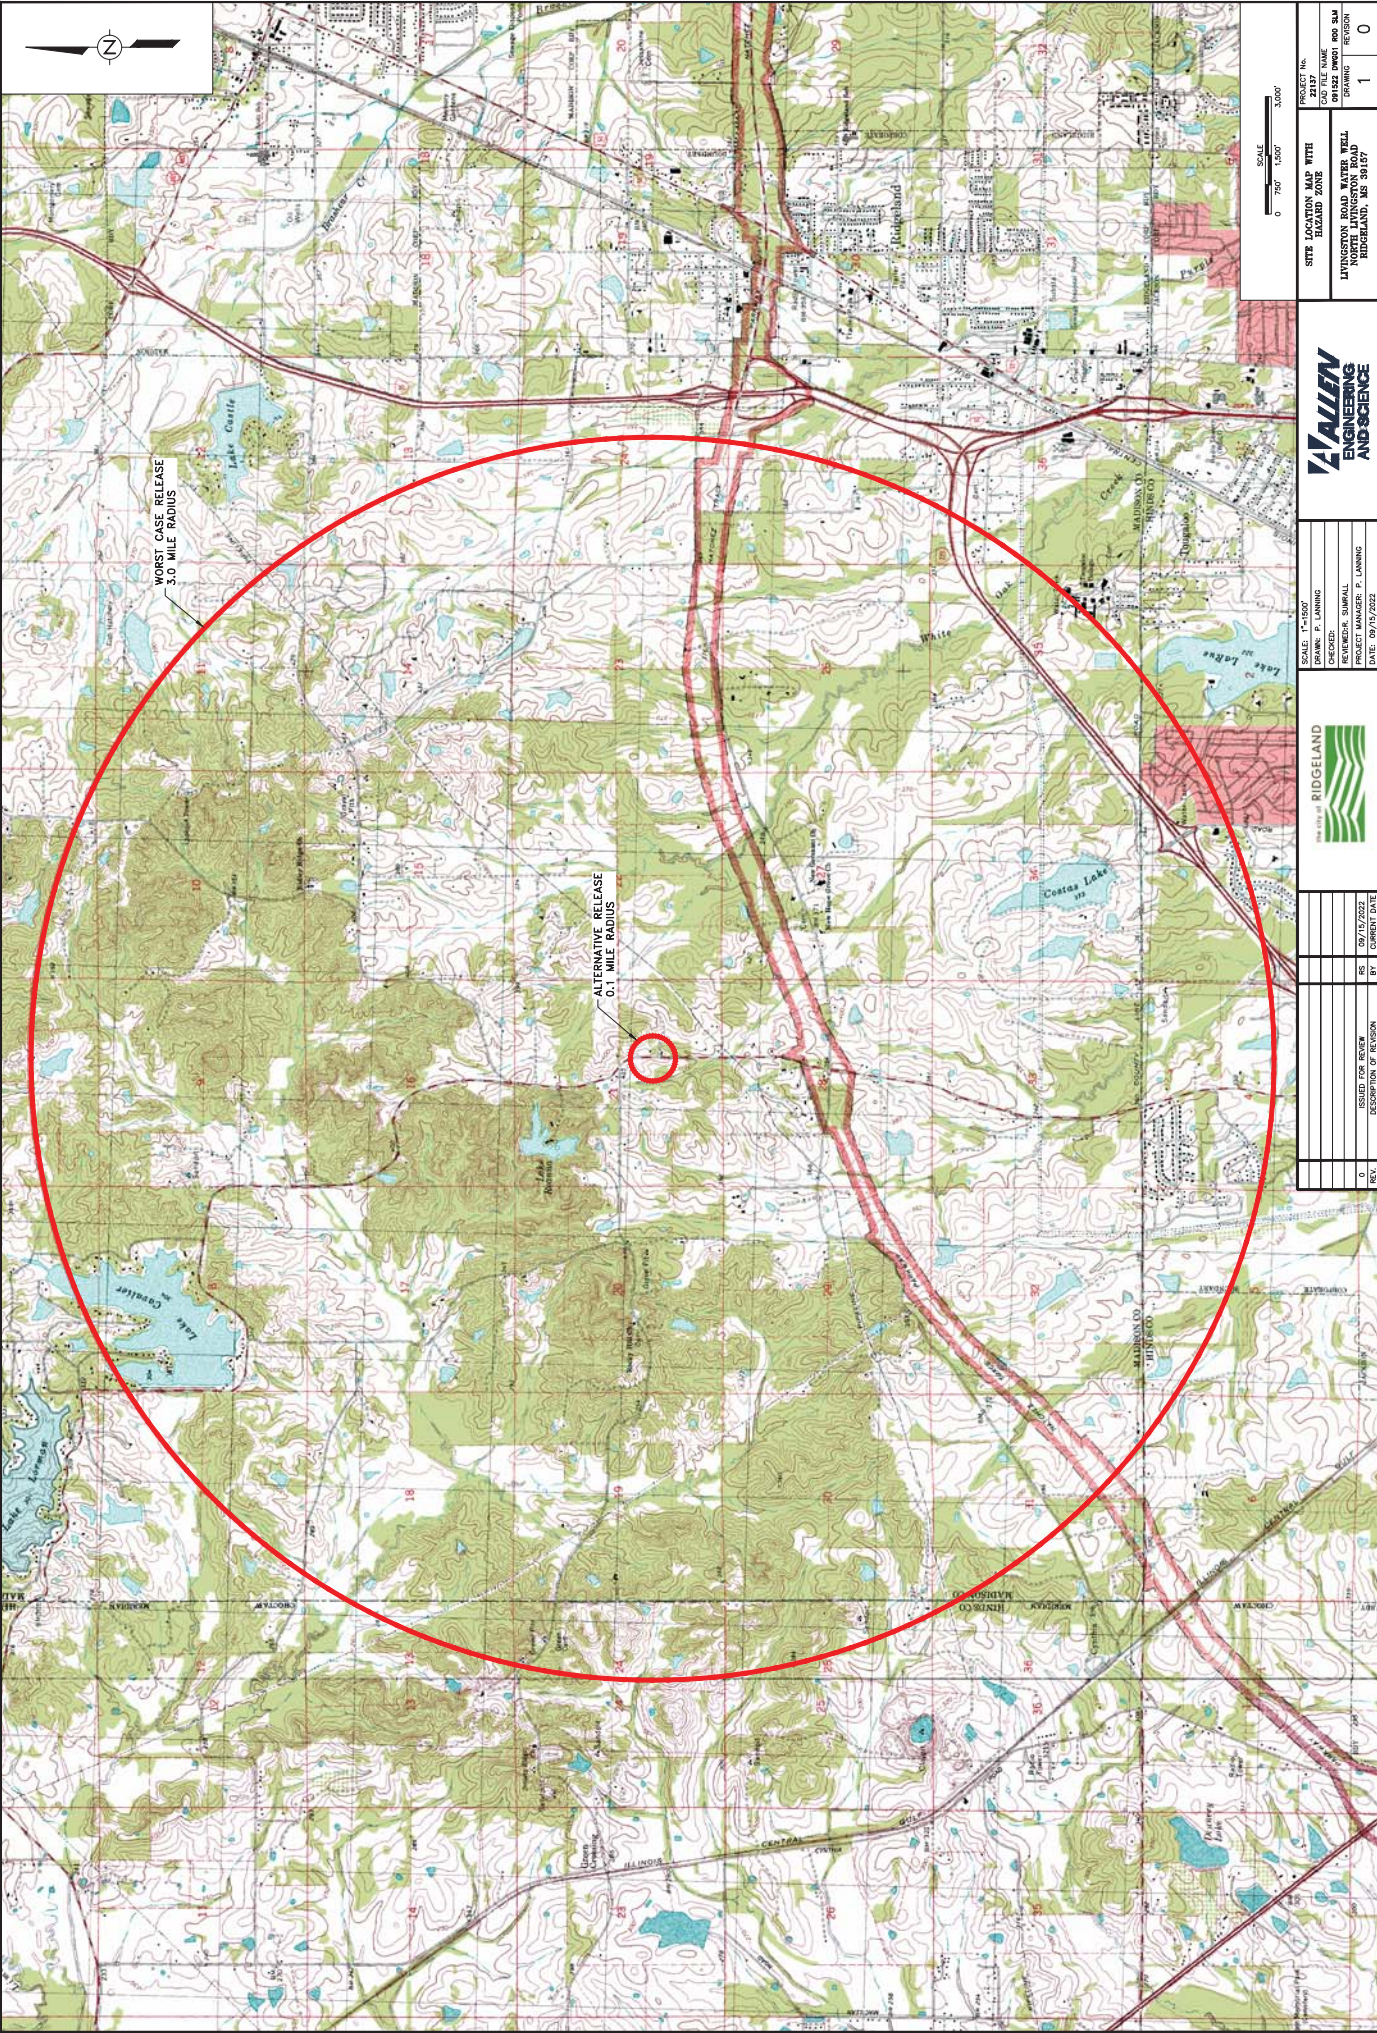

- Check operation of vacuum regulators.
- Check leak alarms semi-annually.

Annual Activities

- Replace any flex piping that has any indication of wear.
- Check calibration of chlorinators.
- Keep Kit on hand for Emergency Response team.
- Have escape masks.

1.0 INTRODUCTION

Section 112 of the 1990 Clean Air Act Amendments was promulgated by the United States Environmental Protection Agency (EPA) to minimize the probability and severity of accidental releases of toxic or flammable substances which may cause harm to public or environmental receptors and to improve emergency response relationships between the civil and industrial sectors. Facilities that handle these substances in quantities over the “threshold amount” are subject to the Accidental Release Prevention Requirements set forth in 40 Code of Federal Regulations (CFR) Part 68 and were required to develop a risk management program and submit a Risk Management Plan (RMP) to EPA by June 21, 1999. The risk management program must also be reviewed, revised and updated within five years of the initial submission. This document is a 5-year update.

There are currently seventy-seven (77) toxic and sixty-three (63) flammable and explosive substances listed by the EPA. Toxic substances were selected based on the acute toxicity due to inhalation. The list of flammable substances was selected based on their ability to cause vapor cloud explosions and fires under atmospheric dilution conditions.

The City of Ridgeland Hardy Road water well includes a single process that involves the storage and use of chlorine, a regulated, acutely hazardous material. The facility stores chlorine in up to two (2) one-ton cylinders. Maximum storage capacity is 4,000 pounds. Only one (1) of the cylinders is actively drained at any one time, while the remaining cylinder is connected ready for backup use. The TPQ for chlorine is 2,500 pounds. The City of Ridgeland Hardy Road water well is subject to the Program 2 requirements of the Accidental Release Prevention Provisions.

The purpose of this document is to summarize the requirements of the RMP standard and to document compliance with the standard. The document is divided into an introduction and eleven (11) chapters, each of which addresses specific requirements of the standard.

1.1 FACILITY INFORMATION

Physical Address:	City of Ridgeland Hardy Road Ridgeland, Mississippi
RMP Contact:	Alan Hart
24-Hour Phone:	(601) 853-2027
RMP Covered Process:	Water Treatment Facility utilizing chlorine to disinfect water

2.0 RISK MANAGEMENT PLAN

The Risk Management Plan (RMP) contains a summary of the information required by 40 CFR Part 68. The RMP contains the following items:

1. Executive Summary - brief summary of accidental release policy, the stationary source, regulated substances handled, worst-case and alternative release scenarios, the prevention program, the five-year accident history, the emergency response program, and any planned changes to improve safety;
2. Registration - includes information such as facility location, responsible official, name and CAS number of regulated substance, and date of last safety inspection;
3. Offsite Consequence Analysis - release scenarios, distances to endpoints, and public and environmental receptors within those distances;
4. Five-year Accident History;
5. Prevention Program - includes SIC code for process, date of hazard review, identification of major hazards, mitigation systems in use, training information, and dates of latest maintenance review, compliance audit, and incident investigation;
6. Emergency Response Program; and
7. Certification by Responsible Official.

The RMP has been submitted electronically to the EPA using the RMP*eSubmit program. A hard copy version of the RMP submitted to the EPA by the City of Ridgeland is provided in **Appendix A**.

2.1 REFERENCE

40 Code of Federal Regulations 68.150-68.195.

2.2 DOCUMENTATION REQUIREMENTS

A copy of the RMP will be kept on-site. The RMP will be revised and updated as follows:

1. Within five (5) years from its initial submission or most recent update, whichever is later;
2. Within six (6) months of any change to the offsite consequence analysis, any change requiring a revised hazard review, or a change which alters the Program level.

3.0 MANAGEMENT SYSTEM

The Accidental Release Prevention Provisions require that Program 2 facilities develop a management system to oversee the implementation of the risk management program. The owner or operator of the facility must designate a qualified person or position that has overall responsibility for the development, implementation, and integration of the risk management program elements. Documentation of the management system implemented by the City of Ridgeland can be found in **Appendix B** - Form 1.

Risk Management Program Element	Person or Position Assigned Responsibility
Safety Information	Alan Hart – (601) 853-2027 Plant – (601) 455-9062
Hazard Review	Alan Hart – (601) 853-2027 Plant – (601) 455-9062
Operating Procedures	Alan Hart – (601) 853-2027 Plant – (601) 455-9062
Training	Alan Hart – (601) 853-2027 Plant – (601) 455-9062
Maintenance	Alan Hart – (601) 853-2027 Plant – (601) 455-9062
Compliance Audits	Alan Hart – (601) 853-2027 Plant – (601) 455-9062
Accident Investigation	Alan Hart – (601) 853-2027 Plant – (601) 455-9062

** Additional staff include Mark McManus and Thomas Bishop*

3.1 REFERENCE

40 Code of Federal Regulations Part 68.15

3.2 DOCUMENTATION REQUIREMENTS

Any changes in the roles of responsibility for the management of any element within the risk management program shall be documented, such as personnel changes.

4.0 HAZARD ASSESSMENT

The Hazard Assessment of the regulated process includes a review of the facility's accident history over the past five (5) years, establishment of worst-case and alternative release scenarios which may occur with the covered process, and evaluation of the hazard zone (radial distance to endpoint) to determine the extent of offsite consequences in the result of an accidental release. The worst-case and alternative release scenarios, as determined using RMP*Comp software, are included in **Appendix C**.

4.1 WORST-CASE RELEASE SCENARIO

The worst-case release scenario for regulated toxic gases involves the ground-level release of the entire contents of the largest vessel at the facility over a ten-minute period. In the worst-case situation, this type of release would coincide with meteorological conditions that would result in minimal dilution of the vessel contents. The endpoint for toxic substances is the maximum airborne concentration below which nearly all individuals can be exposed for up to one hour without developing serious health effects which could impair the ability to take protective cover. For chlorine, this toxic endpoint is 0.087 mg/L (3 ppm). The distance to endpoint was determined using RMP*Comp, a software program developed by the National Oceanic and Atmospheric Administration (NOAA).

The worst-case scenario for the Hardy Road water well involves a total failure of the cylinder in use and the failure of the backup cylinder. This corresponds to a release of 4,000 pounds of chlorine over a ten-minute period. Although the water well does employ passive mitigation measures, i.e. enclosures, for purposes of the worst-case release scenario it was not accounted for. The distance to endpoint for this type of release is approximately three (3) miles. The estimated population potentially affected within the hazard zone based on 2010 Census information is approximately 10,761 people and approximately 4,075 housing units. Other public receptors within the hazard zone include a school, a shopping center, churches, and various commercial establishments.

4.2 ALTERNATIVE RELEASE SCENARIO

The alternative release scenario is an event more likely to occur than the worst-case scenario and will reach an endpoint offsite, unless no such scenario exists. In determining the distance to endpoint for the alternative release scenario, any mitigation controls employed in the process can be used. The distance to endpoint for the alternative release scenario was determined using RMP*Comp.

The most likely alternative scenario for the Hardy Road water well would involve a failing transfer hose. Since the transfer hose operates under vacuum, only a slow release of chlorine would result from this type of hose failure. The release would occur in the fiberglass enclosure surrounding the chlorine cylinders. The enclosure mitigates the release of chlorine to the atmosphere and was taken into account using RMP*Comp. The corresponding distance to endpoint for the alternative scenario would be 0.1 miles. The estimated population potentially affected within the hazard zone based on 2010 Census information is approximately 0 people and 0 housing units.

4.3 HAZARD ZONE EVALUATION

A circular area centered at the point of release is considered the hazard zone. **Figure 1** illustrates the point of release location and the radial distance to endpoint for both the worst-case and the alternative release scenarios. The residential population was estimated and the public/environmental receptors identified within the hazard zone using MARPLOT and ALOHA hazard modeling programs through CAMEO software suite.

Public receptors are defined as locations where the public could be exposed. This includes places where people work, live, and congregate. A release of chlorine from the Hardy Road water well would result in exposure to public receptors such as commercial areas, residential areas, schools, and churches. The hazard zones and population potentially affected by the worst-case and alternative release scenarios from the largest vessel at the facility are documented in **Appendix A and C**.

4.4 REFERENCE

40 Code of Federal Regulations 68.20 - 68.42.

4.5 DOCUMENTATION REQUIREMENTS

The City of Ridgeland will review and update the offsite consequence analyses at least once every five years. To document that the offsite consequence analyses have been reviewed and updated, the last copy will be retained, and each subsequent copy dated. If a change occurs in the process that may result in an increase or decrease in the distance to the endpoint by a factor of two or more, the City of Ridgeland will complete a revised analysis within six (6) months of the change and submit a revised RMP.

5.0 PROCESS SAFETY INFORMATION

In accordance with RMP requirements the covered stationary sources must compile and maintain on-site safety information related to the regulated substance, processes, and equipment. The information includes the following:

1. Material Safety Data Sheets;
2. Maximum intended inventory of the vessels;
3. Safe upper and lower temperatures, pressures, and flows;
4. Equipment specifications; and
5. Codes and standards used to design, build, and operate the process.

The required Process Safety Information is provided in **Appendix B**, Form 2. Equipment specifications were provided by equipment vendors and are kept on-site.

5.1 REFERENCE

40 Code of Federal Regulations 68.65.

5.2 DOCUMENTATION REQUIREMENTS

All safety information shall be documented and kept on-site. The City of Ridgeland will update the safety information if a major change occurs that makes the information inaccurate.

6.0 PROCESS HAZARD ANALYSIS

The City of Ridgeland is required to conduct a review of the hazards associated with the regulated process.

The review involves the following:

1. Hazards associated with the process;
2. Opportunities for equipment malfunction or human errors;
3. Safeguards used to control hazards or prevent equipment malfunction; and
4. Steps used to detect or monitor releases.

The Hazard Review Checklist can be found in **Appendix B**, Form 3.

6.1 REFERENCE

40 Code of Federal Regulations 68.67.

6.2 DOCUMENTATION REQUIREMENTS

The City of Ridgeland will document the results of the review and ensure that any identified problems are resolved in a timely manner. The review will be updated at least once every five (5) years. Hazard reviews will also be conducted whenever a major change in the process occurs.

7.0 OPERATING PROCEDURES

The owner or operator shall prepare written operating procedures that provide clear instructions for safely conducting activities associated with each covered process consistent with the safety information for that process. The procedures shall address the following:

1. Initial startup;
2. Normal operations;
3. Temporary operations;
4. Emergency shutdown;
5. Normal shutdown;
6. Startup following a shutdown; and
7. Equipment inspections.

The City of Ridgeland has developed standard operating procedures (SOPs) to conduct operations for the various systems within the facility. These procedures are documented in a SOP manual maintained at each site and in the office of the Public Works Director.

7.1 REFERENCE

40 Code of Federal Regulations 68.69.

7.2 DOCUMENTATION REQUIREMENTS

The City of Ridgeland will ensure that the standard operating procedures are updated whenever a major change occurs and prior to startup of the changed process. All SOPs pertaining to chlorine handling and storage are reviewed on an annual basis. The Public Works Director or his designee will perform the review. The SOPs will be reviewed to determine if they remain reflective of current site operating conditions and are adequate to minimize the risk of accidents.

8.0 EMPLOYEE TRAINING

An effective employee training program significantly reduces the number and severity of incidents arising from process operations. City of Ridgeland employees presently operating a process, or newly assigned to the process, have been trained or tested competent in the process operating procedures. The minimum requirements for an effective training program include initial training, refresher training, and documentation of training. The requirements of 40 CFR Part 68 allows the responsible official of the facility to certify that any employee involved in the process has been trained regarding process operations. This certification can be found in **Appendix B**, Form 4.

8.1 REFERENCE

40 Code of Federal Regulations 68.71.

8.2 DOCUMENTATION REQUIREMENTS

The City of Ridgeland will document that training has occurred or that employees currently operating the process have received and understand the process operations. Refresher training will also be documented and will occur at least every three (3) years.

9.0 MECHANICAL INTEGRITY

Equipment used to store, process, or handle covered chemicals must be designed, constructed, installed, and maintained to minimize the risk of releases of the chemical. This requires that a mechanical integrity program be in place to assure the continued integrity of the process equipment. The elements of the mechanical integrity program include the identification of equipment and instrumentation, development of written maintenance procedures, training for process maintenance activities, inspection and testing, and correction of deficiencies in the equipment. Operation and Maintenance manuals are kept on-site. The City of Ridgeland completes routine activities based on equipment manufacture recommendations and guidance from the Chlorine Institute. Employees of the Hardy Road water well trained in maintaining the mechanical integrity of the covered process will perform required maintenance inspections according to a maintenance schedule. This schedule can be found in **Appendix D**.

9.1 REFERENCE

40 Code of Federal Regulations 68.73.

9.2 DOCUMENTATION REQUIREMENTS

The City of Ridgeland will keep written procedures on-site for the covered process. Any tests performed on the equipment along with the Maintenance Inspection Checklists and a Maintenance Schedule will be among the written documents maintained on-site.

10.0 COMPLIANCE AUDITS

The owner or operator shall certify that the compliance with the prevention program requirements has been evaluated. The minimum requirements for the compliance audit include performing an audit at least once every three (3) years; maintaining the last two (2) audit reports at a minimum; conducting audits by at least one (1) person knowledgeable in the process; documenting the appropriate response to each finding; and documenting any deficiencies found and corrective actions taken. The Compliance Audit Checklist can be found in Appendix B, Form 5.

10.1 REFERENCE

40 Code of Federal Regulations 68.79.

10.2 DOCUMENTATION REQUIREMENTS

The compliance audit must be conducted and documented at least every three (3) years, and the results of the two (2) most recent reports will be kept on file at a minimum.

11.0 INCIDENT INVESTIGATION

The City of Ridgeland is required to investigate each incident that resulted in, or could reasonably have resulted in, a catastrophic release. An investigation shall be initiated no later than 48 hours following the incident. A summary shall be prepared at the conclusion of the investigation that includes at a minimum the following:

1. Date of incident;
2. Date investigation began;
3. Description of the incident;
4. Factors contributing to the incident; and
5. Any recommendations resulting from the investigation.

The owner or operator shall promptly address and resolve any findings and recommendations. The findings shall be reviewed with all personnel whose job tasks are affected by the findings. The Incident Investigation Report form can be found in **Appendix B**, Form 6. No reportable incidents have occurred at the Hardy Road water well within the last three (3) years.

11.1 REFERENCE

40 Code of Federal Regulations 68.81.

11.2 DOCUMENTATION REQUIREMENTS

The City of Ridgeland will document any resolutions or corrective actions taken as a result of the incident investigation. The investigation reports will be retained for five (5) years.

12.0 EMERGENCY PLANNING AND RESPONSE

In the event of a significant release from the water well, the City of Ridgeland Fire Department will be notified immediately to respond. The City of Ridgeland Fire Department will dispatch experienced personnel trained to handle such emergencies. After notification of the Fire Department, notifications would be made to site personnel responsible for well operations. A list of phone numbers for emergency contacts is kept on-site. The contact list is updated as needed.

12.1 REFERENCE

40 Code of Federal Regulations 68.95.

12.2 DOCUMENTATION REQUIREMENTS

The City of Ridgeland will maintain these written procedures on-site to follow in the event of an accidental release from the chlorine storage vessels.

Appendix A:
Risk Management Plan

Documentation shall be submitted to EPA before the July 2023 renewal deadline and shall be inserted in this location in the Risk Management Plan

FORM 3: HAZARD REVIEW CHECKLIST

HAZARD REVIEW CHECKLIST CHLORINE STORAGE

City of Ridgeland – Hardy Road Water Well

Answer the questions below by indicating “Yes”, “No”, or “N/A” (for not applicable). “No” responses require further comment and a projected completion date for correcting the deficiency. Comments can be recorded on a separate sheet that you reference in the comments section of this table.

	Yes/No/NA	Comments
General Conditions and Operation		
1) Are work areas clean?		
2) Are adequate warning signs posted?		
3) Is lighting sufficient for all operations?		
4) Is personal protective equipment (PPE) provided and adequate?		
5) Are containers and tanks protected from vehicular traffic?		
6) Are all flammables and combustibles kept away from containers, tanks, and feed lines?		
7) Are leak detectors with alarms present, operable, and tested?		
8) Are windsocks provided in a visible location?		
9) Are emergency repair kits available?		
10) Are appropriate emergency supplies and equipment present, including PPE and SCBA?		
11) Are emergency numbers posted in an appropriate place?		
12) Is equipment inspected daily?		
13) Are written operating procedures available to the operators?		
14) Have operators been trained on the operating procedures and use of PPE in normal operations?		
15) Are controls accessible and easily understood?		
16) Are labels adequate on instrument controls?		
17) Are all major components and piping clearly labeled?		
18) Are personnel trained in the emergency response plan?		
Chlorine – Siting		
1) Are storage, transfer, and use areas located away from sewer openings?		
2) Do storage, transfer, and use areas have easy access for emergency response?		

3) Are storage, transfer, and use areas downwind of or separated from most operations and support areas and ventilation intakes?		
4) Are storage, transfer, and use areas located away from residences and facility boundaries?		
Chlorine – Hazard Recognition		
1) Are MSDSs readily available to those operating and maintaining the system?		
2) Do employees understand that there are certain materials with which this material must not be mixed?		
3) Do employees understand the toxicity, mobility, and ability of Anhydrous Ammonia to sustain combustion?		
4) Do employees understand the effects of fire and elevated temperature on confined chlorine/ chloride dioxide and the potential for release?		
Chlorine – Container Unloading		
1) Are trucks inspected for wheel chocks and proper position?		
2) Are adequate warning signs posted?		
3) Is the shipment inspected for leakage, general condition, and valve protective housing before accepting?		
Chlorine – Housing Chlorine Systems		
1) Does the building comply with local building and fire codes?		
2) If flammable materials are stored in the same building as the chlorine, are they separated by a firewall?		
3) Are two or more exits provided from each chlorine storage and process area?		
4) Can the exhaust fan be remotely operated?		
Chlorine – Housing Chlorine Systems		
1) Do piping specifications meet chlorine requirements for the service?		
2) Are piping systems properly supported, adequately sloped for drainage, and with a minimum of low spots?		

3) Is all piping protected from excessive heat or fire?		
4) Is an appropriate vapor pressure relief provided on every line segment or device that can be isolated?

Release Scenario Information

RMP*Comp RMP*Comp

[Back](#)

Estimated Distance Calculation

 **Estimated distance to toxic endpoint:** 3.0 miles (4.8 kilometers)

This is the downwind distance to the toxic endpoint specified for this regulated substance under the RMP Rule. Report all distances shorter than 0.1 mile as 0.1 mile, and all distances longer than 25 miles as 25 miles.

Scenario Summary

Chemical: Chlorine

CAS number: 7782-50-5

Threat type: Toxic Gas

Scenario type: Worst-case

Quantity released: 4000 pounds

Release duration: 10 min

Release rate: 220 pounds per minute

Mitigation measures: Release in enclosed space, in direct contact with outside air

Surrounding terrain type: Rural surroundings (terrain generally flat and unobstructed)

Toxic endpoint: 0.0087 mg/L; basis: ERPG-2

Assumptions about this scenario

Wind speed: 1.5 meters/second (3.4 miles/hour)

Stability class: F

Air temperature: 77 degrees F (25 degrees C)

Estimated Distance Calculation

 **Estimated distance to toxic endpoint:** 0.1 miles (0.2 kilometers)

This is the downwind distance to the toxic endpoint specified for this regulated substance under the RMP Rule. Report all distances shorter than 0.1 mile as 0.1 mile, and all distances longer than 25 miles as 25 miles.

Scenario Summary

Chemical: Chlorine
CAS number: 7782-50-5
Threat type: Toxic Gas
Scenario type: Alternative
Release duration: 10 minutes
Release rate: 55 pounds per min

Mitigation measures: Release in enclosed space, in direct contact with outside air

Surrounding terrain type: Urban surroundings (many obstacles in the immediate area)
Toxic endpoint: 0.0087 mg/L; basis: ERPG-2

Assumptions about this scenario

Wind speed: 3 meters/second (6.7 miles/hour)
Stability class: D
Air temperature: 77 degrees F (25 degrees C)

Appendix D: Maintenance Schedule

MAINTENANCE SCHEDULE

Hardy Road Water Well

All maintenance activities are performed according to general procedures written by the Chlorine Institute. These activities are performed according to the schedule listed below.

Daily Activities

- Visually inspect all valves and piping in Chlorine Storage Room.
- Visually inspect all chlorinators and vacuum regulators.
- Check feed rate to set point.

Weekly Activities

- Clean Chlorine Storage Room.
- Clean Chlorine Feed Room.
- Check vent fan operation.
- Check chlorine leak detectors.

Monthly Activities

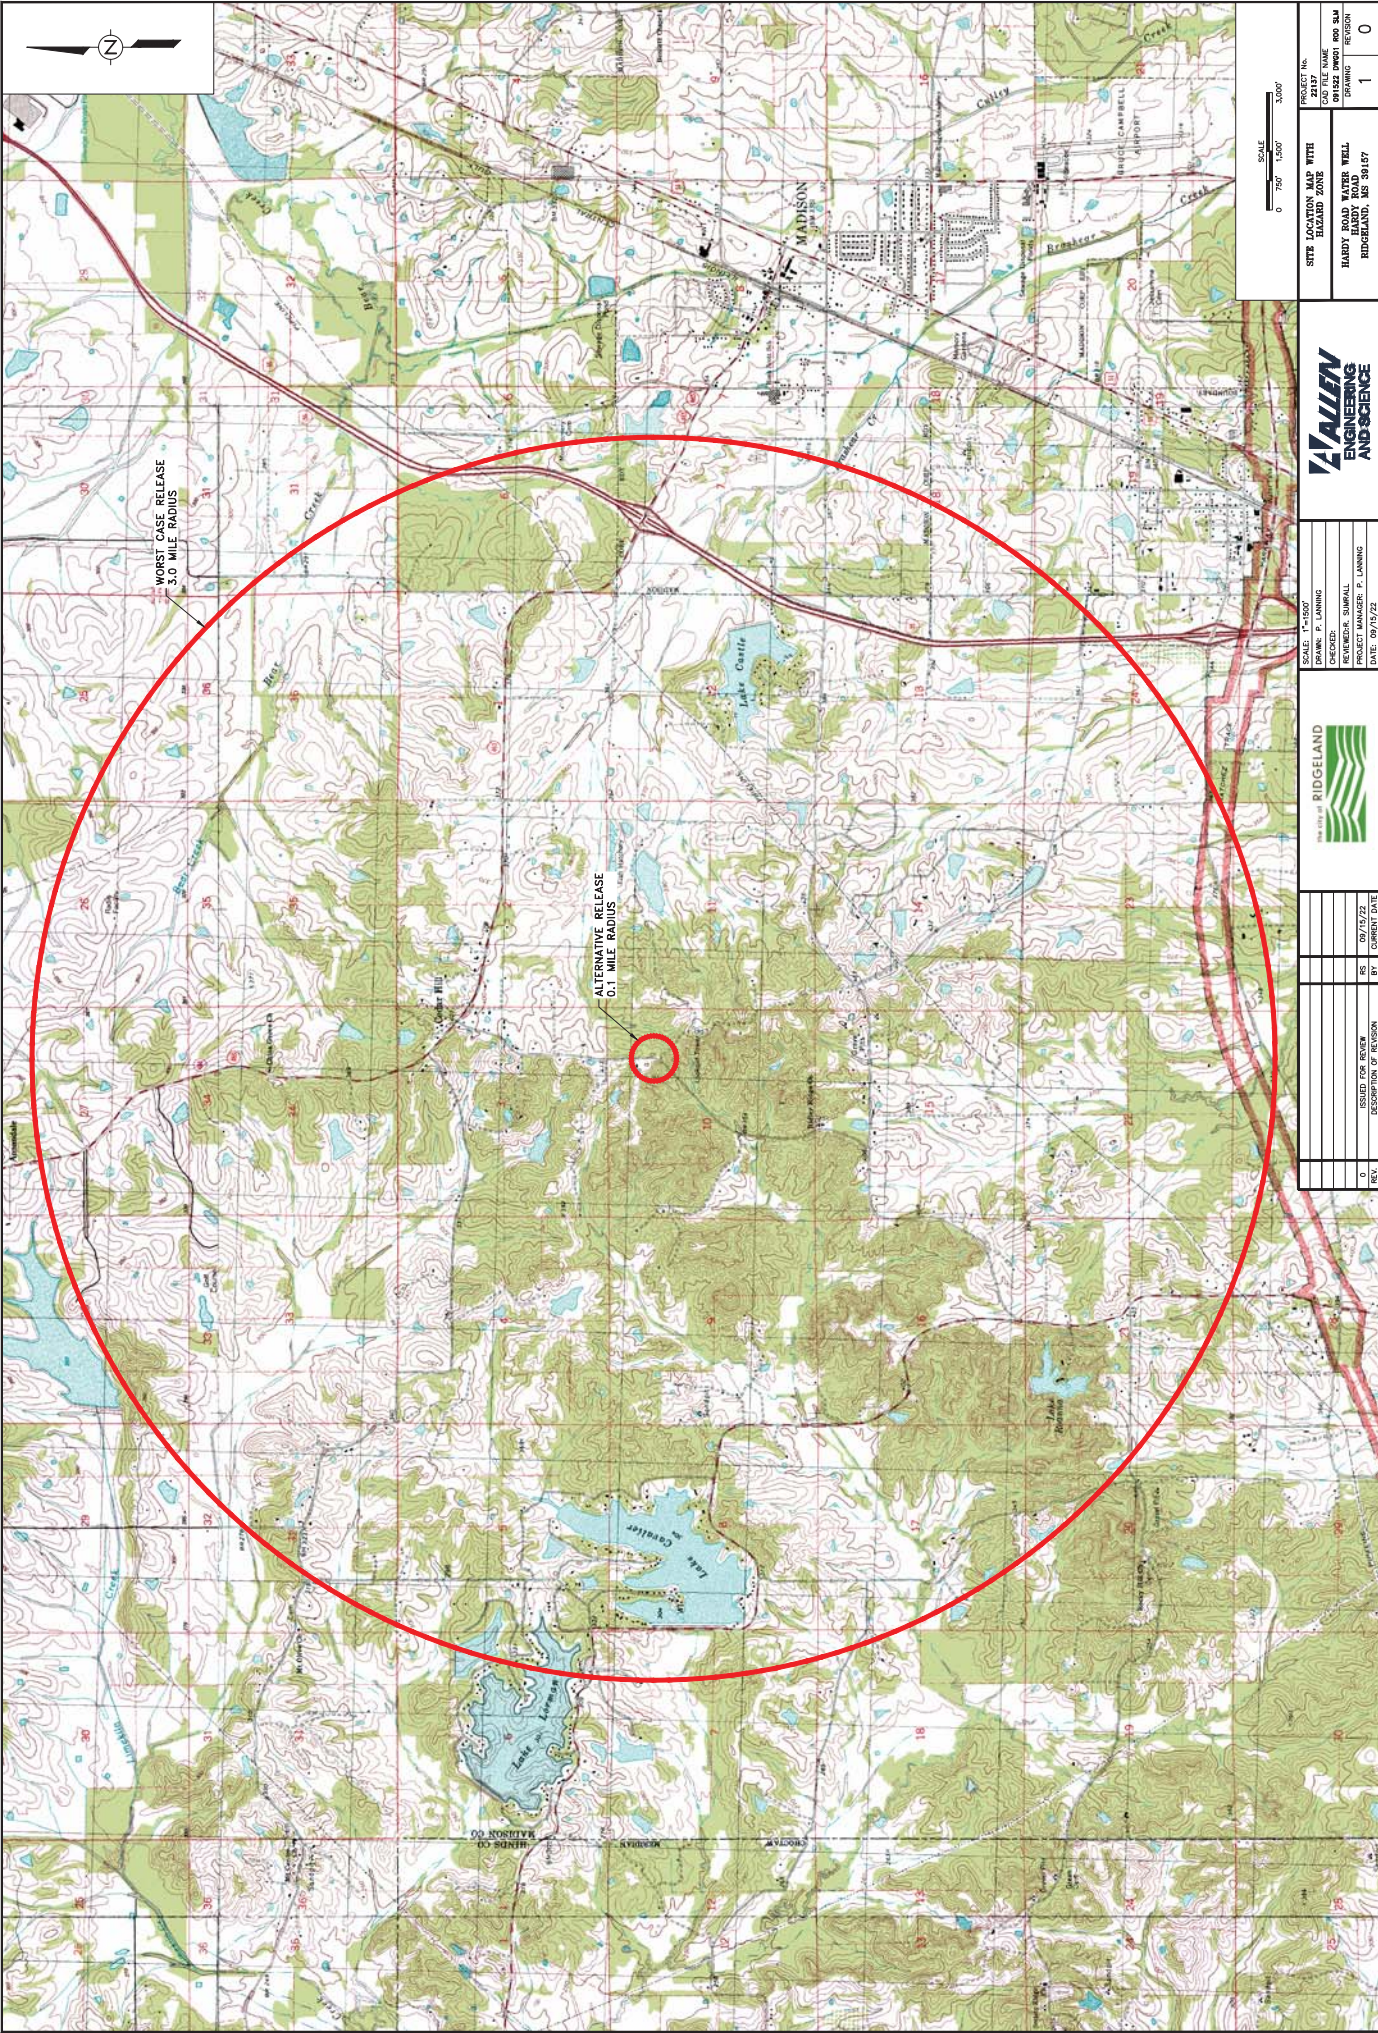

- Check operation of vacuum regulators.
- Check leak alarms semi-annually.

Annual Activities

- Replace any flex piping that has any indication of wear.
- Check calibration of chlorinators.
- Keep Kit on hand for Emergency Response team.
- Have escape masks.

MEMORANDUM

TO: The Mayor and Board of Aldermen

FROM: Alan Hart, Public Works Director

DATE: October 13, 2022

RE: **EPA Emergency Response Plan**
Ridgeland Public Water System

I recommend that the Mayor and Board of Aldermen approve the Plan as presented at the Board Meeting. Updates to the Plan are necessary in order to maintain the highest rating with the Health Department. If you have any questions in advance of the meeting, please contact me.

SUBJECT: Special Event – Boys & Girls Club of Central MS (Blues by Starlight)

I have attached a request for a Special Event Permit from Edward Hunt with the Boys & Girls Club of Central MS. This event is their annual fundraiser “Blues by Starlight” scheduled Thursday, October 27, 2022, from 7:00 p.m. to 10:00 p.m. at the Renaissance Mall located at 1000 Highland Colony Parkway.

There will be one main entrance near the Renaissance Cinema Bar & Grill and all other entrances to the site will be barricaded off. Arm bands will be issued to patrons wishing to participate in the consumption of alcohol and ID checks will be made by volunteers stationed at the entrance to the area where alcohol will be served.

Mr. Hunt is expecting a crowd of approximately 600 participants. A cleaning agency has been hired to clean-up upon conclusion of this event. Renaissance Mall has made arrangements for restroom facilities to accommodate participants and a first aid/medical station will be available on site.

This event will generate overtime for the police department for two (2) officers for three (3) hours.

Mr. Hunt submitted the filing and bond fees for this event.

Your consideration and approval will be greatly appreciated.

Applicant Printed Name: Edward Hunt Contact Number: 769-233-3686

Applicant Signature: Edward Hunt Date: 9-14-2022

Application Instructions

- 1). You must present to the Chief of Police or his designee your plan for parking and traffic control. You must state in this plan whether or not police or private security personnel will be needed to direct and handle traffic and parking.
- 2). City of Ridgeland Special Events Ordinance section 10-33(2) requires adequate security be provided at special events. This requirement is one security officer for every 400 people in attendance. A private security company may be used but preference shall be given to the hiring of off duty personnel. The assistance from Ridgeland Police Department for road course races/walks to secure intersections shall not be considered as part of the security requirement. The personnel assigned for traffic control are in addition to any requirement for on-site security personnel required in the ordinance.
- 3). If the event is to have outdoor music, a Permit to Play on Premises Music will be required from the applicant agreeing to comply with the noise ordinance of the City of Ridgeland, MS.
- 4). If there is a need for Police Dept., Fire Dept., Public Works Dept. and/or Rec/Parks Dept. personnel to work in controlling the special event, the applicant will agree to pay this cost from the filing of a bond fee.
- 5). The applicant may be required to post a bond fee in the minimum amount of one thousand dollars (\$1,000.00) with the City Clerk. This is to ensure that the event area is immediately cleaned up after its conclusion, and any City employee who works overtime as a result of the special event, will be compensated from the bond proceeds.
- 6). Submit the above application and information to the Office of the Chief of Police with a non-refundable filing fee of one hundred dollars (\$100.00) along with the above referenced bond fee. This application will be forwarded to the Patrol Division Commander or a designee who will review the application for all required documentation. This application and documentation will be presented to the Ridgeland Board of Aldermen for subsequent approval. **Please allow a minimum of 30 days to complete the process and receive approval.**

- 7). Event organizers should submit a map outlining the area where an event is to be held. Points of interest (entrance/exit points, first aid stations, etc...) shall be included on this map. If the event is a road race/walk, a map reflecting the proposed course route along with a description of the route shall be included. If any portion of the route will include sections of the Natchez Trace Parkway, you must first obtain approval from the Natchez Trace Chief (phone no. 662-680-4014; Ridgeland office 601-856-7321) and documentation reflecting this approval must be submitted with this application.
- 8). If the event is to be held at Old Trace Park and/or Madison Landing, you must first seek approval from PRVWSD Parks and Recreation (601-856-6319) and obtain a Facility Use Application which must be submitted with this application.
- 9). The number of event personnel will represent the number of people from the organization who will be assisting with the overall operation of the event. This will include any volunteers from the organization.
- 10). The arrangements for restroom facilities as addressed in the Ridgeland Code of Ordinances indicate 1 restroom per 150 people in attendance. These may be portable restrooms or existing restroom structures.
- 11). The event organizer or organization will be responsible for clean-up at the conclusion of the event. The City of Ridgeland encourages organizations to participate in a recycle program for any waste or debris to be discarded.
- 12). The first aid station located on the event site shall be manned by a state certified EMT.
- 13). The number of police/security personnel shall be determined by the expected crowd size. The event organizer may staff the event to satisfy this requirement through off-duty law enforcement personnel. The Ridgeland Police Department will assist the organizers if they choose the police department assigned option, or the event organizers may choose the self-hire option to select their own personnel to comply with the ordinance.
- 14). In accordance with City of Ridgeland Mobile Food Vending Ordinance (Chapter 22, Article V), any special event organizer who utilizes the services of a mobile food truck or pushcart must comply with the requirements under this above referenced section. If you utilize the services of a mobile food vendor, the applicant named on this permit will ensure the requirements under section 22-203 (b) are met and obtain a Special Event Mobile Food Vending Permit from the City of Ridgeland Department of Finance and Administration.

For Police Department Use Only

This application was received by the Ridgeland Police Department on <u>4/22/2022</u> and has been reviewed by the appropriate personnel. This application has been APPROVED / DENIED by the Chief of Police or Designee. If approved by Ridgeland PD, this application will be submitted for consideration at the Ridgeland Mayor and Board of Alderman meeting to be held on <u>10-18-2022</u> .

October 10, 2022

TO: Mayor & Board of Aldermen

FROM: Brian Myers, Chief of Police 

SUBJECT: Special Event Permit – Colonial Heights Baptist Church (Hearts of Compassion 5K and Fun Run)

I have attached a Special Event Permit request from Julie Welch with Colonial Heights Baptist Church. This event is the Hearts of Compassion 5K Race and 1 mile Fun Run scheduled for Saturday, November 5, 2022, from 8:00 a.m. to 9:30 a.m. at Colonial Heights Baptist Church located at 444 North Park Drive, Ridgeland, MS.

Mrs. Welch is expecting a crowd of approximately 200 and the church will be open for the use of its facilities to accommodate the participants. Volunteers will be responsible for setup and clean-up upon conclusion of the event.

This event will generate overtime for the Police Department as there are eight (8) posts that will need to be manned for approximately three (3) hours each for participant safety.

The race will begin in the Colonial Heights Baptist Church parking lot. Racers will turn left onto Northpark Drive and continue to Towne Center Blvd where they will turn left. Once on Towne Center Blvd. the participants will travel to Wheatley St. and will turn left. They will travel down Wheatley St. until they get to Ring Rd. At Ring Rd. they will turn left. The participants will travel Ring Rd. to Northpark Dr. and finish the race at Colonial Heights Baptist Church parking lot.

Checks in the amounts of \$100.00 and \$1,000.00 representing the requisite filing fee and bond money were received along with the Special Event Permit Application and Permit to Play on Premises Music.

Your consideration and approval will be greatly appreciated.

Applicant Printed Name: JERRY WELCH Contact Number: 601.526.9910

Applicant Signature:  Date: 09.16.22

Application Instructions

- 1). You must present to the Chief of Police or his designee your plan for parking and traffic control. You must state in this plan whether or not police or private security personnel will be needed to direct and handle traffic and parking.
- 2). City of Ridgeland Special Events Ordinance section 10-33(2) requires adequate security be provided at special events. This requirement is one security officer for every 400 people in attendance. A private security company may be used but preference shall be given to the hiring of off duty personnel. The assistance from Ridgeland Police Department for road course races/walks to secure intersections shall not be considered as part of the security requirement. The personnel assigned for traffic control are in addition to any requirement for on-site security personnel required in the ordinance.
- 3). If the event is to have outdoor music, a Permit to Play on Premises Music will be required from the applicant agreeing to comply with the noise ordinance of the City of Ridgeland, MS.
- 4). If there is a need for Police Dept., Fire Dept., Public Works Dept. and/or Rec/Parks Dept. personnel to work in controlling the special event, the applicant will agree to pay this cost from the filing of a bond fee.
- 5). The applicant may be required to post a bond fee in the minimum amount of one thousand dollars (\$1,000.00) with the City Clerk. This is to ensure that the event area is immediately cleaned up after its conclusion, and any City employee who works overtime as a result of the special event, will be compensated from the bond proceeds.
- 6). Submit the above application and information to the Office of the Chief of Police with a non-refundable filing fee of one hundred dollars (\$100.00) along with the above referenced bond fee. This application will be forwarded to the Patrol Division Commander or a designee who will review the application for all required documentation. This application and documentation will be presented to the Ridgeland Board of Aldermen for subsequent approval. Please allow a minimum of 30 days to complete the process and receive approval.

- 7). Event organizers should submit a map outlining the area where an event is to be held. Points of interest (entrance/exit points, first aid stations, etc...) shall be included on this map. If the event is a road race/walk, a map reflecting the proposed course route along with a description of the route shall be included. If any portion of the route will include sections of the Natchez Trace Parkway, you must first obtain approval from the Natchez Trace Chief (phone no. 662-680-4014; Ridgeland office 601-856-7321) and documentation reflecting this approval must be submitted with this application.
- 8). If the event is to be held at Old Trace Park and/or Madison Landing, you must first seek approval from PRVWSD Parks and Recreation (601-856-6319) and obtain a Facility Use Application which must be submitted with this application.
- 9). The number of event personnel will represent the number of people from the organization who will be assisting with the overall operation of the event. This will include any volunteers from the organization.
- 10). The arrangements for restroom facilities as addressed in the Ridgeland Code of Ordinances indicate 1 restroom per 150 people in attendance. These may be portable restrooms or existing restroom structures.
- 11). The event organizer or organization will be responsible for clean-up at the conclusion of the event. The City of Ridgeland encourages organizations to participate in a recycle program for any waste or debris to be discarded.
- 12). The first aid station located on the event site shall be manned by a state certified EMT.
- 13). The number of police/security personnel shall be determined by the expected crowd size. The event organizer may staff the event to satisfy this requirement through off-duty law enforcement personnel. The Ridgeland Police Department will assist the organizers if they choose the police department assigned option, or the event organizers may choose the self-hire option to select their own personnel to comply with the ordinance.
- 14). In accordance with City of Ridgeland Mobile Food Vending Ordinance (Chapter 22, Article V), any special event organizer who utilizes the services of a mobile food truck or pushcart must comply with the requirements under this above referenced section. If you utilize the services of a mobile food vendor, the applicant named on this permit will ensure the requirements under section 22-203 (b) are met and obtain a Special Event Mobile Food Vending Permit from the City of Ridgeland Department of Finance and Administration.

For Police Department Use Only

This application was received by the Ridgeland Police Department on <u>9/16/22 12:53</u> and has been reviewed by the appropriate personnel. police department

October 10, 2022

TO: Mayor & Board of Aldermen

FROM: Brian Myers, Chief of Police 

SUBJECT: Special Event Permit- Twilight Concerts at Renaissance

Please review the attached Special Event Permit Application from Richard Greenlee with Wratchet Entertainment Group, LLC, to conduct an outside concert on Saturday, November 5, 2022, at the Renaissance. This event will begin at 5:00 p.m. and end at 11:00 p.m.

Mr. Barnett is expecting a crowd of approximately 2,500. Portable restrooms will be on site and a cleaning service has been hired for the duration of event, as well as checking the site the following morning. Nick Secoy with Cultivation Food Hall will be selling alcohol at the event and Mr. Greenlee is taking the appropriate steps to comply with the city's ordinance regarding "go cups".

Mr. Greenlee has indicated that food vendors will be on-site, and will be responsible for ensuring compliance with the city's mobile food vending ordinance.

This event will generate overtime for the police department and will require seven (7) officers for approximately 7.5 hours each. The use of reserve officers will be made if they are available.

Mr. Greenlee submitted the filing fee, bond fee, and additional overtime fee with his application.

Your consideration and approval will be greatly appreciated.

**MINUTES OF A MEETING OF THE ARCHITECTURAL REVIEW BOARD
OF THE CITY OF RIDGELAND, MISSISSIPPI**

A meeting of the Architectural Review Board of the City of Ridgeland, Mississippi, (the “Board”), was duly called, held, and conducted on Tuesday, October 11, 2022 at 6:00 o’clock P.M. in the Ridgeland City Hall in the City of Ridgeland, Madison County, Mississippi.

.....

The following members were present, to-wit:

Bill Dicken, Chairman
Robert Moore
Connie Suber
Randy Lynn

Members Absent:

Leigh Sullivan
Lynette Praytor
David Dunbar

Also attending:

Jordan Lohman, City Planner

The meeting was called to order by Chairman Bill Dicken. Chairman Dicken led the invocation. It was determined by the members present that there was a quorum.

The first item on the agenda was **LITTLE DREAMERS CHILDCARE** located at **104 Pine Knoll Dr.** The project was presented by **Ms. Jackie Smith**. The applicant is requesting approval of site plan and architectural renovations to their existing building.

Chairman Dicken opened the floor for a motion. Robert Moore made a motion to approve the architectural review of the project as a “minor” agenda item with the condition that any future changes to the site will require the site to conform with all landscape ordinance requirements. Randy Lynn seconded the motion and a vote was taken thereon as follows:

Connie Suber	Aye
Robert Moore	Aye
Randy Lynn	Aye
Lynette Praytor	Absent
Leigh Sullivan	Absent
David Dunbar	Absent

Chairman Dicken then declared the motion to approve the architectural review of the project carried.

The second item on the agenda was **TRU HOTEL** located at **6934 I-55 N Frontage Road**. The project was presented by **Mr. Kishan Gopal**. The applicant is requesting approval of site plan and architecture for a new hotel.

Chairman Dicken opened the floor for a motion. Randy Lynn made a motion to approve the architectural review of the project as a “major” agenda item. Connie Suber seconded the motion and a vote was taken thereon as follows:

Connie Suber	Aye
Robert Moore	Aye
Randy Lynn	Aye
Lynette Praytor	Absent
Leigh Sullivan	Absent
David Dunbar	Absent

Chairman Dicken then declared the motion to approve the architectural review of the project carried.

The third item on the agenda was **LENS-CRAFTERS STOREFRONT** located at **1000 Highland Colony Parkway**. The project was presented by **Mr. Jordan Lohman**. The applicant is requesting approval of a new storefront design in the Renaissance shopping center.

Chairman Dicken opened the floor for a motion. Robert Moore made a motion to approve the architectural review of the project as a “minor” agenda item. Randy Lynn seconded the motion and a vote was taken thereon as follows:

Connie Suber	Aye
Robert Moore	Aye
Randy Lynn	Aye
Lynette Praytor	Absent
Leigh Sullivan	Absent
David Dunbar	Absent

Chairman Dicken then declared the motion to approve the architectural review of the project carried.

The fourth item on the agenda was **NORTHEAST ANIMAL HOSPITAL** located at **1530 E County Line Road**. The project was presented by **Mr. Jordan Lohman**. The applicant is requesting approval of architectural color changes to their existing building.

Chairman Dicken opened the floor for a motion. Connie Suber made a motion to approve the architectural review of the project as a “minor” agenda item. Robert Moore seconded the motion and a vote was taken thereon as follows:

Connie Suber	Aye
Robert Moore	Aye
Randy Lynn	Aye
Lynette Praytor	Absent
Leigh Sullivan	Absent
David Dunbar	Absent

Chairman Dicken then declared the motion to approve the architectural review of the project carried.

The minutes from the September 27, 2022 meeting were then read and approved by the board. There being no further business to come before the board, the meeting adjourned.

Bill Dicken, Chairman

ATTEST:

Connie Suber, Secretary

Ridgeland, Mississippi

DOCUMENTATION SET.
1. THESE DRAWINGS ARE PART OF THE CONSTRUCTION DOCUMENTATION SET WHICH ALSO INCLUDE THE PROJECT MANUAL/SPECIFICATION, PROJECT PRODUCT MANUAL AND ANY OTHER REFERENCES WITHIN THESE DOCUMENTS.
2. ALL DRAWINGS SHALL BE READ IN CONJUNCTION WITH ALL OTHER DRAWINGS, PROJECT MANUAL/SPECIFICATION AND THE PROJECT PRODUCT MANUAL.
3. THE PROJECT PRODUCT MANUAL CONTAINS TRU by HILTON BRAND PRODUCT SPECIFICATIONS WITH KEY MARKS IDENTIFIED ON THE DRAWINGS. ALL OTHER PRODUCT KEY MARK IDENTIFIED ON THE DRAWINGS ARE EITHER SCHEDULED IN THE DRAWING SET OR SPECIFIED IN THE PROJECT MANUAL/SPECIFICATION.
4. ALL ITEMS INDICATED IN THE CONSTRUCTION DOCUMENTS ARE TO BE FURNISHED AND INSTALLED BY THE CONTRACTOR UNLESS DIRECTED OTHERWISE BY THE OWNER.
a. IT IS THE CONTRACTOR RESPONSIBILITY TO VERIFY THE SCOPE OF OWNER FURNISHED AND INSTALLED ITEMS.
b. IF THE OWNER IS FURNISHING ONLY, THE CONTRACTOR SHALL INSTALL THOSE ITEMS.
c. CONTRACTOR SHALL BE RESPONSIBLE FOR SCHEDULING AND COORDINATING OWNER ALL DELIVERY AND INSTALLATION ACTIVITIES.

- NOTES:**
- FOR SHEAR WALL FRAMING TYPES AND SHEATHING, REFER STRUCTURAL.
 - FLOORS TO BE PROVIDED WITH STC 50 MIN. AND 55 IN. (IMPACT INSULATION CLASS) OR BETTER.
 - PROVIDE GWS MOISTURE RESISTANT AT ALL BATHROOMS AND POOL.
 - PROVIDE MIN. R11 INSULATION AT ALL INTERIOR WALL PARTITIONS, U.N.O.
 - PROVIDE MIN. R-25 INSULATION AT ALL EXTERIOR WALL PARTITIONS, U.N.O.
 - PROVIDE MIN. R19 INSULATION AT ALL FLOOR ASSEMBLIES, U.N.O.
 - MIN. FIRE RATED GYPSUM BOARD TYPE "C" FINISHES THROUGHOUT REQUIRED.
 - FIRE RATED GYPSUM BOARD TO EXTEND UP TO THE BOTTOM OF THE FLOOR DECK AND ROOF DECK TO MAINTAIN CONTINUOUS FIRE RATING.

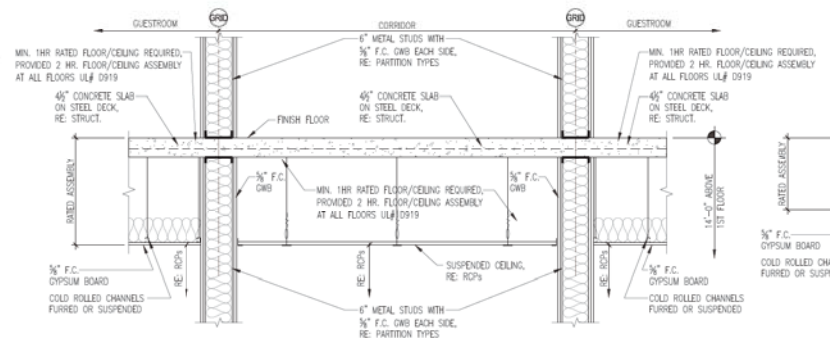

1 PARTITION TYPES - STEEL
 SCALE: 3/4\"/>

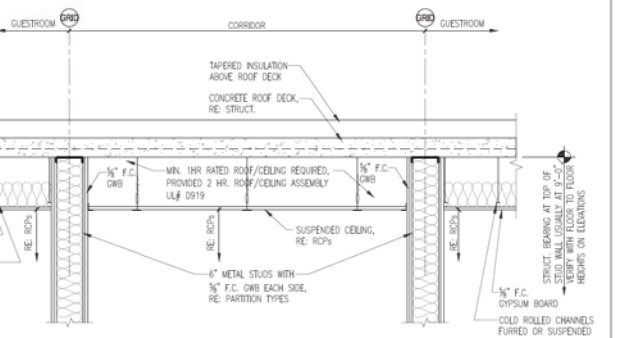

2 SECTION AT GUEST ROOMS OVER LOBBY
 SCALE: 3/4\"/>

3 TYP. SEC/DETAIL AT ALL FLOORS EXCEPT 2ND AND TOP FLOORS
 SCALE: 3/4\"/>

4 TYP. SEC/DETAIL AT 2ND FLOOR
 SCALE: 3/4\"/>

5 SEC/DETAIL AT TOP FLOOR CEILING
 SCALE: 3/4\"/>

SHOWING BUILDING SCHEDULES:

- PROVIDE SCHEDS FOR ALL PARTITIONS FOR ALL WALL-HANGING ITEMS.
- THESE ANCHORING DETAILS ARE SHOWN AS TYPICAL AND ARE NOT INTENDED TO BE ALL INCLUSIVE. PROVIDE WOOD OR STEEL SCHEDS IN PARTITIONS FOR WALL HANGING ITEMS, SUCH AS WALL CABINETS, BLDG ACCESS, BATHROOM ACCESS, SHELVEING, CLOTH-HOLDING, ETC. SCHEDS, ETC. IN ACCORDANCE WITH OWNER'S REQUIREMENTS, AND RELOCATE EXISTING ITEMS.
- USE THE FOLLOWING ASSUMED LOADS TO DETERMINE BLDG & FASTENER REQUIREMENTS UNLESS GREATER LOADS ARE KNOWN:
 - 1. 8\"/>
- WALL CABINETS - USE WEIGHT OF CABINET PLUS 100 LB PER FOOT OF SHELF.
1. 12\"/>
1. 12\"/>
1. 12\"/>

LOADING TABLE NOTES:

- SEE TABLE 1 OR 2 BELOW FOR QUANTITY AND SIZE OF SCREWS FOR CONNECTION OF WALL HANGING ITEMS, IF NOT ALREADY PROVIDED BY MFG OF WALL HANGING ITEM.

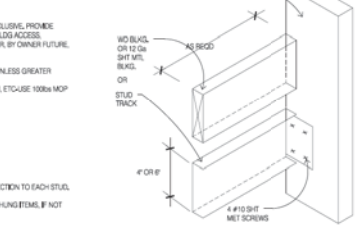

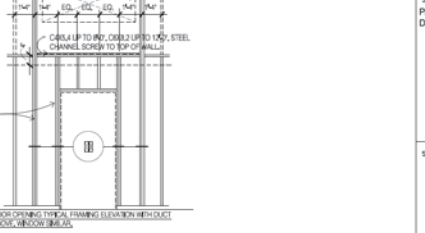

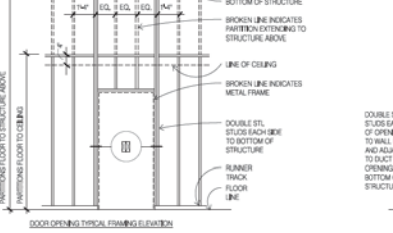

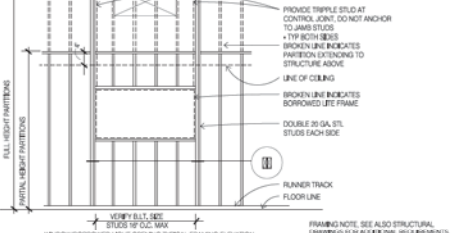

TABLE 1				
MINIMUM ALLOWABLE LOADS (POUNDS)				
WOOD SCREW	LENGTH OF WALL HUNG ITEM			
QUAN.	SIZE	14" OR LESS	24" OR LESS	24" OR MORE
2x4 WOOD BLOOMING				
3	#6	150	320	480
2	#6	240	480	720
2	#10	320	540	720
2x6 WOOD BLOOMING				
3	#6	240	480	720
2	#6	360	720	720
3	#10	480	720	720

LOADS BASED ON GROUP 1 WOOD SPECIES & SCREWS EMBEDDED IN WOOD A MIN OF 7 TIMES THE SCREW OR ON SCREWS INSERTED IN JOIST GRIP ON ONE SIDE & JOIST GRIP ON OPPOSITE END.

TABLE 1					
MINIMUM ALLOWABLE LOADS (POUNDS)					
SCREW SIZE	QUANTITY OF SCREWS				
	2	3	4	5	6
#4-11	224	336	448	560	672
#6-8	226	344	452	560	672
#8-6	272	432	584	736	896
#10-5	272	432	584	736	896
#12-4	288	432	576	720	864

LOADS BASED ON PULLER DATA FOR 1/2" X 6" COTTON TILLAGE SCREW WITH 20-24 ALL-STEEL, BENT-FLUTE AND LEVERING PITCH, 3/16" DIA. HOLE, 1/2" DIA. HOLE, 1/

SHEET TITLE:
ENLARGED OPTIONAL
PATIO PLAN

SHEET NUMBER

AS0.02

 SHEET REVISED
PER LATEST PROTOTYPE VER. 2.0

1 FIRST FLOOR PLAN
SCALE: 1/8"=1'-0"

NOTE:
ALL GUESTROOMS PLANS REVISED
PER LATEST PROTOTYPE VER. 2.0

- KEY NOTES:**
- REFER TO ENLARGED GUESTROOM PLANS FOR INFORMATION
 - OVERALL BUILDING DIMENSIONS BASED ON WOOD FRAME CONSTRUCTION - OVERALL DIMENSION WILL VARY BASED ON FINAL BUILDING CONSTRUCTION
 - EXPRESS STAIR IN 2-HR RATED MIN. STAIR ENCLOSURE
 - ROOF ACCESS HATCH, PROVIDE ALTERNATING TREAD DEVICE, VERIFY REQUIREMENTS WITH LOCAL JURISDICTIONS
 - LINE OF ROOF CANYON
 - FIRE SEPARATION DOORS TO BE ON AUTOMATIC CLOSURES ACTIVATED BY FIRE ALARM SYSTEM - VERIFY REQUIREMENTS WITH LOCAL JURISDICTIONS
 - POTENTIAL LOCATION FOR MECHANICAL/ELECTRICAL PLUMBING CHASE
 - CANYON ROOF DRAIN BELOW
 - ELEVATOR LOBBY DOORS REQUIRED 9" BUILDING IS 4-STORIES OR MORE IN HEIGHT - INSTALL 55 DOORS ARE ON AUTOMATIC CLOSURES ACTIVATED BY FIRE ALARM SYSTEM - VERIFY REQUIREMENTS WITH LOCAL JURISDICTIONS
 - SHEER ROLLER SHADES AT GUEST CORRIDOR AND ELEVATOR LOBBY
 - PROVIDE ADEQUATE STORAGE SOLUTIONS FOR LINEN STORAGE, LINEN CART STORAGE AND HOUSEKEEPING APPLIANCE STORAGE PER TRU BY HILTON BRAND STANDARDS
 - THIS ELEVATOR CAR SHALL PROVIDE EMERGENCY ACCESS TO ALL FLOORS AND BE LARGE ENOUGH TO ACCOMMODATE AN AMBULANCE STRETCHER
 - LINEN CHUTE - FIRE SEPARATE PER LOCAL JURISDICTIONS - REFER TO TRU BY HILTON BRAND STANDARDS FOR ADDITIONAL INFORMATION
 - KEYCARD READER ENTRANCE HARDWARE, MOUNTED SO THAT TOP OF READER IS A MAXIMUM OF 48" ABOVE GRADE OR FINISH FLOOR
 - EXTERIOR FIRE PIT WITH MANUAL EMERGENCY SHUT-OFF VALVE, SECURE IN PLACE TO RESET MOVEMENT. REED WITH UNDERGROUND LINE FROM BUILDING GAS SERVICE. PROVIDE APPROPRIATELY SIZED SAFETY SCREEN

- OWNER SUPPLIED ITEMS:**
- REFER TO TRU BY HILTON ARCHITECTURAL FINISH & FURNITURE SPECIFICATIONS, THE PROCUREMENT GUIDE AND/OR TRU BY HILTON FOOD SERVICE DOCUMENTS FOR SOURCING INFORMATION
- 09-202 HALF ROUND TRASH RECEPTACLE AT LOBBY AND ELEVATOR LOBBIES
09-204 SMALL TRASH RECEPTACLE AT FITNESS WATERCLOSE
09-303 ICE MACHINE AT WATERCLOSE
09-402 WALK OFF MAT AT SECONDARY ENTRANCE
- FURNISHINGS LEGEND:**
- PA-402 SHEER ROLLER SHADE AT GUEST CORRIDORS AND ELEVATOR LOBBIES

- SYMBOL KEY:**
- ACCESSIBLE ROOM
 - C.I. ROOM - REFER TO ENLARGED GUESTROOM PLANS FOR POWER AND SIGNAL
 - MAGNETIC HOLD-OPEN DEVICES TIED TO BUILDING ALARM SYSTEM - REFER TO FOUR SCHEDULES FOR ADDITIONAL INFORMATION
 - DOOR TAG - REFER TO ENLARGED GUESTROOM PLANS FOR GUESTROOM DOOR TYPES
 - FLOOR DRAIN - SLOPE FLOOR AS REQ.

- GENERAL NOTES:**
- REFER TO TRU BY HILTON BRAND STANDARDS FOR ADDITIONAL REQUIREMENTS FOR PASSENGER ELEVATORS, ELEVATOR LOBBIES & CORRIDORS
 - REFER TO TRU BY HILTON BRAND STANDARDS FOR ADDITIONAL REQUIREMENTS FOR BACK OF HOUSE AREAS
 - FIRE EXTINGUISHERS, SMOKE DETECTORS & OTHER EMERGENCY DEVICES TO BE LOCATED PER LOCAL CODE - FIRE EXTINGUISHER LOCATIONS WITHIN THE PUBLIC SPACE SHALL BE CONTAINED WITHIN FULLY RECESSED CABINETS
 - REFER TO HANCOCK FOR ADDITIONAL REQUIREMENTS FOR PUBLIC SPACES & EQUIPMENT
 - LIFE SAFETY AND FIRE ALARM SYSTEM DRAWINGS ARE TO BE COORDINATE BY GC TO BE COMPLIANT WITH ALL LOCAL CODES/REGULATIONS
- NOTES:**
- PROVIDE REQUIRED KNOX BOX AT MAIN ENTRANCE CORRIDOR
 - PROVIDE REQUIRED KNOX BOX OUTSIDE MAIN POWER ROOM DOOR
 - LOCKED ROOF ACCESS KEYS TO BE PLACED IN THE KNOX BOX
 - IF MECHANICAL ROOM WITH WATER WASTERS, DISBURG THAT FLOOR IS SLOPED TO FLOOR DRAIN
 - AT LAUNDRY CHUTE REMEDIATION ROOM PROVIDE 2HR RATED FLOOR/CEILING ASSEMBLY, U/LF 019
 - ALL WETTED CORRIDORS AND ROOM CONNECTING DOOR ASSEMBLIES TO COMPLY WITH 1.17M, PROVIDE SCHEDULES AND DO NOT REMOVE OR PAINT OVER ANY LABELS PRIOR TO INSPECTIONS
 - SWIFT IN CORRIDORS TO BE COMPLETED WITH CORRIDOR WALL SECTION LOOSE TO BE PLACED AFTER INSPECTIONS

- GENERAL FLOOR PLAN NOTES:**
- [A] PARTITION TYPES REFER PARTITION TYPES SHEET
 - FIRE EXTINGUISHER IN SERVICE RECESSED CABINET WITH 10LB EXTINGUISHER, MAX. SPACING 75 FT
 - EXTERIOR DIMENSIONS ARE FROM CENTER OF STUDIOS TO CENTER OF STUDIOS, TYP. U.N.D.
 - INTERIOR DIMENSIONS ARE FROM CENTER OF STUDIOS TO CENTER OF STUDIOS, TYP. U.N.D.
 - PROVIDE MAGNETIC HOLD-OPEN DEVICES (TIED TO THE BUILDING'S FIRE ALARM SYSTEM) AT ALL DOORS BETWEEN INTERIOR STAIRWELLS AND CORRIDORS
 - KEYCARD READER ENTRANCE HARDWARE, MOUNTED SO THAT TOP OF READER IS A MAXIMUM OF 48" ABOVE GRADE OR FINISH FLOOR
 - (REC) FIRE EXTINGUISHER 10LB, (CABINET IN PUBLIC AREAS), INSTALLED SO THAT NO OPERABLE PART IS HIGHER THAN 48" A.F.F.
 - SEAL-CLIPPING, WATER UNDER CHAIR DISCHARGE HATCH WITH FUSIBLE LINK TIED TO FIRE ALARM SYSTEM, PROVIDE CLEAR DOOR SPACE BELOW DISCHARGE AREA
 - PROVIDE WATER-RESISTANT GYPSUM BOARD AT ALL RESTROOMS, SHOWERS AND ALL WET LOCATIONS. AT GUEST ROOMS WITH ROLL-IN SHOWERS, FINISH FLOOR FOR ROLL IN SHOWER AREA TO BE 1" BELOW BATHROOM FINISH FLOOR
 - INTERIOR FRAMES ARE TO MEET OR EXCEED THE REQUIREMENTS OF CHAPTER 8 OF THE ADOPTED IBC. FLAME SPREAD AND SMOKE DEVELOPED RATINGS OF FINISH MATERIALS ARE TO BE CLASSIFIED PER TABLE 803.9 FOR THE TYPE OF OCCUPANCY AND SPRINKLER REQUIREMENTS AND THEN MEET THE CLASS RATINGS DETERMINED IN 803.1.1
 - PROVIDE ADD'L 10LB FIRE EXTINGUISHERS REQ'D PER CODE, PORTABLE 10LB FIRE EXTINGUISHERS MUST BE PROVIDED IN NON-PUBLIC AREAS: OFFICES, LAUNDRY, ENGINEERING OFFICE, MECHANICAL AND ELECTRICAL ROOMS, KITCHENS AND STORAGE ROOMS (EXCEPT WHERE ALLOWED BY THE HAU WHEN UNDER 500 FT² OR WITHIN A TRAVEL DISTANCE OF 75'-0" OF ANOTHER READILY AVAILABLE EXTINGUISHER)
 - SIGNS PERMIT TO BE OBTAINED SEPARATELY
 - WHEEL CHAIR ACCESSIBLE
 - HEARING IMPAIRED ACCESSIBLE

NOTE:
MINIMUM R-25 INSULATION AT EXTERIOR WALLS.
MINIMUM R-11 INSULATION AT INTERIOR WALLS.
MINIMUM R-19 INSULATION AT FLOOR CEILING ASSEMBLIES.

ROOM DISTRIBUTION FIRST FLOOR:	
KING	3
KING ACCESSIBLE	1
DOUBLE QUEEN	7
DOUBLE QUEEN ACCESSIBLE	0
TOTAL	11

TRU Project #: 16-150

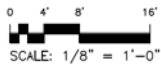

SHEET TITLE:
FIRST FLOOR PLAN

SHEET NUMBER:

A2.01

1 ROOF PLAN
SCALE: 1/8"=1'-0"

KEY NOTES:

1. ROOF OF CANOPY BELOW.
2. MEMBRANE ROOF, SLOPE STRUCTURE TO DRAIN TOWARDS ROOF DRAIN/GUTTERS.
3. TAPERED INSULATION CRICKET.
4. ROOF LEADERS, ROOF DRAIN AND OVERFLOW DRAIN TO THROUGH-WALL AND DOWN TO CONNECT TO UNDERGROUND STORM SEWER. RE: MEP AND CIVIL. OPTIONAL OVERFLOW DRAIN TO CONNECT TO THRU-WALL NICKEL BRASS DOWNPOUT NOZZLE WITH SHORT TONGUE, AND MUST BE CENTERED IN BETWEEN WINDOWS, TYP.
5. ROOF HATCH, SIZE PER LOCAL BUILDING CODES, ACCESSED VIA AN ALTERNATING TREAD STAIR.
36"x48" MIN. ROOF ACCESS HATCH ABOVE. PROVIDE ALTERNATING TREAD DEVICE AND MUST BE ENCLOSED WITH DECORATIVE SECURITY FENCING WITH LOCKABLE DOOR/GATE SO THAT PUBLIC CANNOT ACCESS. NOTE: STRAIGHT, WALL-MOUNTED LADDER IS PROHIBITED.
6. ROOF PARAPET.
7. GRAVEL STOP EDGE.
8. MAKE UP AIR UNIT ON ROOF CURB.
9. ELEVATOR OVER RUN PENTHOUSE.
10. LAUNDRY CHUTE VENT.
11. ALUMINUM OUTER AND DOWNPOUT.
12. MECHANICAL EQUIPMENT SCREEN TO BE TALL ENOUGH TO FULLY HIDE EQUIPMENT. PROVIDE CLEARANCE AND ACCESS AS REQUIRED BY EQUIPMENT MANUFACTURER AND/OR LOCAL CODE PROVISIONS.
13. SPLASHBLOCK.
14. WALKWAY PROTECTION FAD IN CONTRASTING COLOR TO ROOF.
15. EXHAUST FAN LOCATION.
16. ELECTRICAL CONDUIT FOR THE BUILDING SIGNS MUST BE ROUTED FROM THE ROOF PARAPET OR CONTAINED WITHIN THE EXTERIOR WALL ASSEMBLY. EXPOSED CONDUIT OR OTHER ELECTRICAL DEVICES ARE NOT BE PERMITTED IN THE ADJACENT STAIRWELL OR QUESTROOM. PROVIDE TWO (2) ELECTRICAL STUD OUTS, ONE FOR EACH PORTION OF THE REFER TO THE TRU BY HILTON STANDARDS MANUAL FOR SIGN REQUIREMENTS.

- ROOF NOTES:
- ROOFING SYSTEM IS TO BE A LIGHT COLOR, ENERGY STAR OR EQUIVALENT COMPLIANT LIGHT COLOR (SOLAR REFLECTIVE INDEX 50% OR BETTER).
 - ROOFING MUST BE INSTALLED BY A CERTIFIED ROOFING CONTRACTOR AND CARRY A 20 YEAR WARRANTY.
 - R-30 RIGID INSULATION AT ROOF.
 - 40 MIL EPDM ROOF FOR FSU's.

GENERAL NOTES:

1. REFER TO TRU SITES BY HILTON STANDARDS MANUAL FOR ADDITIONAL REQS FOR MECHANICAL, ELECTRICAL & EQUIPMENT ROOMS.
2. REFER TO TRU BY HILTON STANDARDS MANUAL FOR ADDITIONAL REQS FOR ROOFING MATERIALS.
3. ROOF SLOPES & NUMBER OF ROOF DRAINS PER LOCAL BUILDING CODES.

TRU Project #: 16-150

SHEET TITLE:
ROOF PLAN

SHEET NUMBER:

A2.05

- KEY NOTES:**
- APPROXIMATE LINE OF GRADE
 - ARCH GRADE EXPOSED FOUNDATION WALL AS REQUIRED PER LOCAL FROST DEPTHS
 - CONCRETE FOOTING AND FOUNDATION WALL AS REQUIRED PER LOCAL FROST DEPTHS
 - ALUMINUM FIXED WINDOW IN THERMAL BROKEN FRAME, INSULATED GLAZING WITH INTERIOR ALUMINUM COVER AT FINISH UNITS
 - ALUMINUM FIXED WINDOW IN THERMAL BROKEN FRAME, INSULATED GLAZING
 - ALUMINUM STOREFRONT SLIDING ENTRY DOOR IN THERMAL BROKEN FRAME AND INSULATED GLAZING
 - ALUMINUM PTAC COVER - COLOR TO MATCH ADJACENT MATERIAL
 - ALUMINUM AUTOMATIC SLIDING ENTRY DOOR IN THERMAL BROKEN FRAME AND INSULATED GLAZING
 - OVERLAP SOLIDPANEL BASE OF SIGNAGE RECESSES INC. - MODEL # 52314R
 - SIGNAGE - REFER TO TRU BY HILTON EXTERIOR SIGNAGE SPECIFICATIONS
 - KYNAR FINISH ALUMINUM COPING GRAVEL STOP SYSTEM - COLOR TO MATCH ADJACENT MATERIAL
 - REVIEW ALL VIEWS AROUND PROPERTY BEFORE LOCATING ALL ROOF TOP MECHANICAL UNITS - VERIFY ALL EQUIPMENT IS ADEQUATELY SCREENED
 - EXPANSION JOINT @ FLOOR LINE W/ BACKER ROD AND SEALANT
 - BUILDING HEIGHT DIMENSIONS ARE BASED ON WOOD FRAME CONSTRUCTION
 - ACCENT "P" JOINT
 - DOWNLIGHT & IN-GROUND UPLIGHT TO ACCENT MULTI-COLORED BUILDING RECESSES
 - ELECTRICAL CONDUIT FOR THE BUILDING SIGNAGE MUST BE ROUTED FROM THE ROOF PARAPET OR CONTAINED WITHIN THE EXTERIOR WALL ASSEMBLY. EXPOSED CONDUIT OR OTHER ELECTRICAL DEVICES WILL NOT BE PERMITTED IN THE ADJACENT STAIRWELL OR GUESTROOM. PROVIDE TWO (2) ELECTRICAL SUB-CUTS, ONE FOR EACH PORTION OF THE REFER TO THE TRU BY HILTON STANDARDS MANUAL FOR SIGN REQUIREMENTS.
 - ALUMINUM COVER - COLOR TO MATCH ADJACENT WALL MATERIAL

- ARCHITECTURAL LIGHTING LEGEND:**
- L-18 DOWNLIGHT @ FACADE RECESSES
 - L-28 IN-GROUND UPLIGHT @ FACADE RECESSES

- BUILDING SIGNAGE:**
- ALL SIGNAGE SHOWN FOR ILLUSTRATIVE PURPOSES ONLY - LOCATION AND ETC. TO BE DETERMINED BY AN INDIVIDUAL PROJECT BASIS
- MINIMUM 3/4" PLYWOOD BACKER BOARD REQUIRED AT SIGN LOCATIONS - AREA SHOULD COVER ENTIRE LENGTH AND HEIGHT OF FACIA OR SPACE AVAILABLE FOR SIGN
- ELECTRICAL AND FINAL CONNECTION BY CONTRACTOR - ELECTRICAL REQUIREMENTS MAY BE OBTAINED FROM SIGN COMPANY - TYPICAL 120V REQUIREMENT
- BACKINGS/WHIRLS ARE NOT ALLOWED
- PERMANENT ACCESS DOORS TO INTERIOR OF ALL PARAPETS WHERE SIGNS ARE LOCATED TO BE PROVIDED BY CONTRACTOR - CONTRACTOR TO TURN IN AND CONNECT PRIMARY ELECTRICAL SERVICE INSIDE PARAPET WALL
- GUESTROOMS OR PUBLIC SPACES WITH SIGNAGE ON EXTERIOR WALLS MUST HAVE ELECTRICAL PENETRATIONS AND/OR INSTALLED PRIOR TO CLOSING UP THE WALL - PENETRATION LAYOUT MAY BE OBTAINED FROM SIGN COMPANY

- FINISH LEGEND:**
- EPS CLADDING SYSTEM (EX) - BASE OF DESIGN - "OUTSULATION PLUS MD EPS" BY DRYVET SYSTEMS, INC.
- PROVIDE EPS HIGH IMPACT MESH ASSEMBLY FOR LOWER 8'-0" OF WALL AREAS AT GRADE. BASE OF DESIGN - DRYVET "STANDARD" MESH OVER "FANTEX 20 02" HIGH IMPACT MESH
- COORDINATE FOR MINIMUM EXTERIOR CONTINUOUS INSULATION THICKNESS / R-VALUE REQUIREMENTS IN ACCORDANCE WITH ADOPTED ENERGY CODE REQUIREMENTS FOR ALL CLADDING AREAS

- WOOD BRACKETS - PROVIDE COLOR AND FINISH OPTIONS TO CHAIRMAN HILTON**
- WD 01 EPS - CROWN MOULDING - COLOR SW 7108 HONEY WHITE OR SIMILAR
 - EX 01 EPS - CROWN MOULDING - COLOR SW 7108 HONEY WHITE OR SIMILAR
 - EX 02 EPS - CROWN MOULDING - COLOR SW 7108 HONEY WHITE OR SIMILAR
 - BR 01 BRICK VENEER, COLOR - SLATE GRAY - BRICK.COM
 - BR 02 BRICK VENEER, COLOR - STEEL GRAY - BRICK.COM
 - BR 03 BRICK VENEER, COLOR - GLAZIER WHITE - BRICK.COM
 - BR 04 BRICK VENEER, COLOR - CHALKBOARD GRAY OR AUTUMN GOLD - BRICK.COM
 - EX 03 HIGH PRESSURE LAMINATE PANEL, LIGHT FINISH
 - EX 04 BENJAMIN MOORE EXTERIOR PAINT: 1566 NIGHTFALL HIGH GLOSS FINISH
- PROVIDE BRICK COLOR MATCH TO SUPPLY
- NOTE: REFER TO ARCHITECTURAL FINISHES AND FINISH SPECIFICATIONS FOR EX - NUMBER COLOR CODING INFORMATION

- GENERAL NOTES:**
- REFER TO TRU BY HILTON STANDARDS MANUAL, ARCHITECTURAL FINISHES AND FINISHES FOR ADDITIONAL INFORMATION REGARDING EXTERIOR MATERIALS, CONSTRUCTION REQUIREMENTS AND SIGNAGE REQUIREMENTS
 - BUILDING HEIGHT DIMENSIONS ARE BASED ON WOOD FRAME CONSTRUCTION. THESE DIMENSIONS WILL VARY BASED ON FINAL BUILDING CONSTRUCTION. INTERIOR CEILING HEIGHTS ARE CRITICAL TO MAINTAIN AS MINIMUMS

Subject: Tru retaining wall detail
Date: Wednesday, October 5, 2022 4:39:30 PM
Attachments: [Outlook-Wealth Hos.png](#)
[Concrete Retaining Wall.png](#)

Caution! This message was sent from outside your organization.

Jordan

For the retaining wall we will have CMU or solid concrete wall with rebar and covered with matching brick from the building. We will build a sample wall for approval before starting the retaining wall.

EROSION CONTROL NOTES

1. NO TREES ARE TO BE REMOVED AND/OR VEGETATION DISTURBED EXCEPT AS NECESSARY FOR GRADING PURPOSES.
2. TOPSOIL IS TO BE STRIPPED FROM ALL CUT AND FILL AREAS, STOCKPILED, AND REDISTRIBUTED OVER ALL GRADED AREAS TO A MINIMUM OF 4". ALL AREAS NOT COVERED BY BUILDINGS OR PAVING TO RECEIVE TOPSOIL.
3. ALL GRADED AREAS INCLUDING SLOPES ARE TO BE STABILIZED WITHIN 14 DAYS AFTER GRADING IS COMPLETED. COORDINATE WITH LANDSCAPING DRAWINGS AS TO TYPE OF PERMANENT GROUND COVER TO BE USED. AT A MINIMUM, ALL DISTURBED AREAS ARE TO BE SEEDED AND MULCHED.
4. CUT AND FILL SLOPES ARE NOT TO EXCEED 3:1 UNLESS OTHERWISE NOTED.
5. CONSTRUCT EROSION CONTROL DEVICES AS SHOWN AND WHERE DESIGNATED BY THE ENGINEER.
6. ALL NEW STRUCTURES AND EXISTING STRUCTURES SHALL HAVE ALL SEDIMENT REMOVED PRIOR TO ACCEPTANCE.
7. ALL DIMENSIONS AND LOCATIONS OF TEMPORARY SOIL EROSION AND WATER POLLUTION CONTROL DEVICES SHALL BE SUBJECT TO ADJUSTMENT AS NECESSARY TO BE EFFECTIVE.
8. WHEN THE TEMPORARY SOIL EROSION AND WATER POLLUTION CONTROL DEVICES ARE NO LONGER REQUIRED FOR THE INTENDED PURPOSE THEY SHALL BE REMOVED.
9. SILT FENCES ARE TO BE REPLACED WHEN EFFECTIVENESS IS SIGNIFICANTLY REDUCED, OR AS DIRECTED.
10. EROSION CONTROL MEASURES SHALL MEET OR EXCEED MINIMUM CRITERIA, STANDARDS, AND SPECIFICATIONS SET BY THE MISSISSIPPI DEPARTMENT OF ENVIRONMENTAL QUALITY.
11. CONTRACTOR SHALL ENSURE THAT ANY EROSION CONTROL MEASURES DO NOT CAUSE WATER TO ENTER ONTO ROADWAY.
12. CONTRACTOR IS RESPONSIBLE TO PERFORM ALL REQUIRED INSPECTIONS AND TO SUBMIT ALL REQUIRED DOCUMENTATION TO THE LOCAL AUTHORITY.
13. TOPSOIL MATERIAL AND SEEDING
 - A. TOPSOIL MATERIAL (STOCKPILED, AS SPECIFIED IN SECTION 02200) HAS BEEN SAVED FOR USE IN FINISH GRADING. AFTER SIFTING OUT ALL PLANT GROWTH, RUBBISH, AND STONES, USE FOR AREAS DESIGNATED TO RECEIVE GRASS. IF STOCKPILED TOPSOIL IS NOT SUFFICIENT QUANTITY TO COMPLETE WORK, FURNISH ACCEPTABLE TOPSOIL FOR GRASS AREAS UNLESS NOTED OTHERWISE ON THE DRAWINGS. GRASS AREAS SHALL BE DEFINED AS THAT GRADED AREA DISTURBED DURING CONSTRUCTION NOT TO BE PAVED OR BUILT UPON.
 - B. ACCEPTABLE TOPSOIL MATERIAL SHALL BE DEFINED AS NATURAL FERTILE, AGRICULTURAL SOIL, CAPABLE FOR SUSTAINING VIGOROUS PLANT GROWTH, UNIFORM COMPOSITION THROUGHOUT, WITHOUT ADMIXTURE OF SUBSOIL, FREE OF STONES, LUMPS, PLANTS AND THEIR ROOTS, STICKS, OR OTHER EXTRANEOUS MATTER DO NOT DELIVER WHILE IN A FROZEN OR MUDDY CONDITION.
 - C. GRASS SEED SHALL BE OF THE PREVIOUS SEASON'S CROP AND THE DATE OF ANALYSIS SHOWN ON EACH BAG FOR TESTING. GRADING CONTRACTOR SHALL HIRE A QUALIFIED LANDSCAPE CONTRACTOR TO PREP FOR AND PERFORM ALL PERMANENT SEEDING.
 - D. THE SEED SHALL COMPLY WITH ALL PROVISIONS OF THE U.S. DEPARTMENT OF AGRICULTURE AS TO LABELING, PURITY, AND GERMINATION.
 - E. PERMANENT STAND OF GRASS SHALL BE ESTABLISHED 30 DAYS PRIOR TO GRAND OPENING. ALL WATERING, MAINTENANCE, MOWING, ETC. SHALL BE PERFORMED BY THE SITE CONTRACTOR WITH ACCEPTANCE BY OWNER.
14. SEE SHEET C-07 FOR ADDITIONAL DETAILS ON EROSION AND SEDIMENT CONTROL.

- CONSTRUCTION SPECIFICATIONS**
1. STONE - USE COARSE AGGREGATE (2 - 3 INCH STONE)
 2. LENGTH - AS EFFECTIVE, BUT NOT LESS THAN 100 FEET.
 3. THICKNESS - NOT LESS THAN EIGHT (8) INCHES.
 4. WIDTH - NOT LESS THAN FULL WIDTH OF ALL POINTS OF INGRESS OR EGRESS.
 5. WASHING - WHEN NECESSARY, WHEELS SHALL BE CLEANED TO REMOVE SEDIMENT PRIOR TO ENTRANCE ONTO PUBLIC RIGHT-OF-WAY. WHEN WASHING IS REQUIRED, IT SHALL BE DONE ON AN AREA STABILIZED WITH CRUSHED STONE WHICH DRAINS INTO AN APPROVED SEDIMENT TRAP OR SEDIMENT BASIN. ALL SEDIMENT SHALL BE PREVENTED FROM ENTERING ANY STORM DRAIN, DITCH, OR WATERCOURSE THROUGH USE OF SAND BAGS, GRAVEL, BOARDS OR OTHER APPROVED METHODS.
 6. MAINTENANCE - THE ENTRANCE SHALL BE MAINTAINED IN A CONDITION WHICH WILL PREVENT TRACKING OR FLOWING OF SEDIMENT ONTO PUBLIC RIGHT-OF-WAY. THIS MAY REQUIRE PERIODIC TOP DRESSING WITH ADDITIONAL STONE AS CONDITIONS DEMAND AND REPAIR AND/OR CLEANOUT OF ANY MEASURES USED TO TRAP SEDIMENT. ALL SEDIMENT SPILLED, DROPPED, WASHED OR TRACKED ONTO PUBLIC RIGHTS-OF-WAY MUST BE REMOVED IMMEDIATELY.
 7. 12" X 24" METAL GRATE MAY BE USED. GRATE SHALL BE 25' AWAY FROM PAVEMENT AND APPROPRIATE SEDIMENT CONTROL TRAPPING DEVICE SHALL BE USED AT GRATE OUTLET POINT.

EROSION CONTROL BLANKET DETAIL
FOR SLOPE INSTALLATION

1. PREPARE SOIL BEFORE INSTALLING BLANKETS, INCLUDING ANY NECESSARY APPLICATION OF LIME, FERTILIZER, AND SEED. NOTE: WHEN USING CELL-O-SEED DO NOT SEED PREPARED AREA. CELL-O-SEED MUST BE INSTALLED WITH PAPER SIDE DOWN.
 2. BEGIN AT THE TOP OF THE SLOPE BY ANCHORING THE BLANKET IN A 6" (15cm) WIDE TRENCH WITH APPROXIMATELY 12" (30cm) OF BLANKET EXTENDED BEYOND THE UP-SLOPE PORTION OF THE TRENCH. ANCHOR THE BLANKET WITH A ROW OF STAPLES/STAKES APPROXIMATELY 12" (30cm) APART IN THE BOTTOM OF THE TRENCH. BACKFILL AND COMPACT THE TRENCH AFTER STAPLING. APPLY SEED TO COMPACTED SOIL AND FOLD REMAINING 12" (30cm) PORTION OF THE BLANKET BACK OVER SEED AND COMPACTED SOIL. SECURE BLANKET OVER COMPACTED SOIL WITH A ROW OF STAPLES/STAKES SPACED APPROXIMATELY 12" (30cm) APART ACROSS THE WIDTH OF THE BLANKET.
 3. ROLL THE BLANKETS (A) DOWN OR (B) HORIZONTALLY ACROSS THE SLOPE. BLANKETS WILL UNROLL WITH THE APPROPRIATE SIDE AGAINST THE SOIL SURFACE. ALL BLANKETS MUST BE SECURELY FASTENED TO SOIL SURFACE BY PLACING STAPLES/STAKES IN APPROPRIATE LOCATIONS AS SHOWN IN THE STAPLE PATTERN GUIDE. WHEN USING OPTIONAL DOT SYSTEM, STAPLES/STAKES SHOULD BE PLACED THROUGH EACH OF THE COLORED DOTS CORRESPONDING TO THE APPROPRIATE STAPLE PATTERN.
 4. THE EDGES OF PARALLEL BLANKETS MUST BE STAPLED WITH APPROXIMATELY 2"-5" (5cm-12.5cm) OVERLAP DEPENDING ON BLANKET TYPE. TO ENSURE PROPER SEAM ALIGNMENT, PLACE THE EDGE OF THE OVERLAPPING BLANKET (BLANKET BEING INSTALLED ON TOP) EVEN WITH THE COLORED SEAM STITCH ON THE PREVIOUSLY INSTALLED BLANKET.
 5. CONSECUTIVE BLANKETS SPLINED DOWN THE SLOPE MUST BE PLACED END OVER END (SHINGLE STYLE) WITH AN APPROXIMATE 3" (7.5cm) OVERLAP. STAPLE THROUGH OVERLAPPED AREA, APPROXIMATELY 12" (30cm) APART ACROSS ENTIRE BLANKET WIDTH.
- NOTE: IN LOOSE SOIL CONDITIONS, THE USE OF STAPLE OR STAKE LENGTHS GREATER THAN 6" (15cm) MAY BE NECESSARY TO PROPERLY ANCHOR THE BLANKETS.

Hanover®
Detectable Warning® Paver

Persons with visual impairments depend upon environmental cues of potential hazards — ambient sounds and physical elements that can be sensed by a cane or texture changes underfoot. Any pedestrian area requiring the use of a detectable warning surface can utilize the Detectable Warning® Paver. The distinctively textured walking surface can help to warn pedestrians of an impending hazard on the route ahead.

Stocked Sizes	Stocked Colors
11 3/4" x 11 3/4" x 2" (297mm x 297mm x 51mm)	Red 15
23 1/2" x 23 1/2" x 2" (597mm x 597mm x 51mm)	Charcoal
	Yellow (M1517)

Please Note: Other sizes and colors are available upon request when quantities permit. Contact a Hanover® Representative for more information.

An affordable solution for equipment screening is finally here...

Envisor equipment screens now offer architects the flexibility to create affordable, elegant, **customized screening solutions** that integrate with their building design, all with **no rooftop penetration**.

Our patented equipment screens also provide a viable solution for **municipal screening code requirements** on everything from HVAC units to

52" Louver Panels

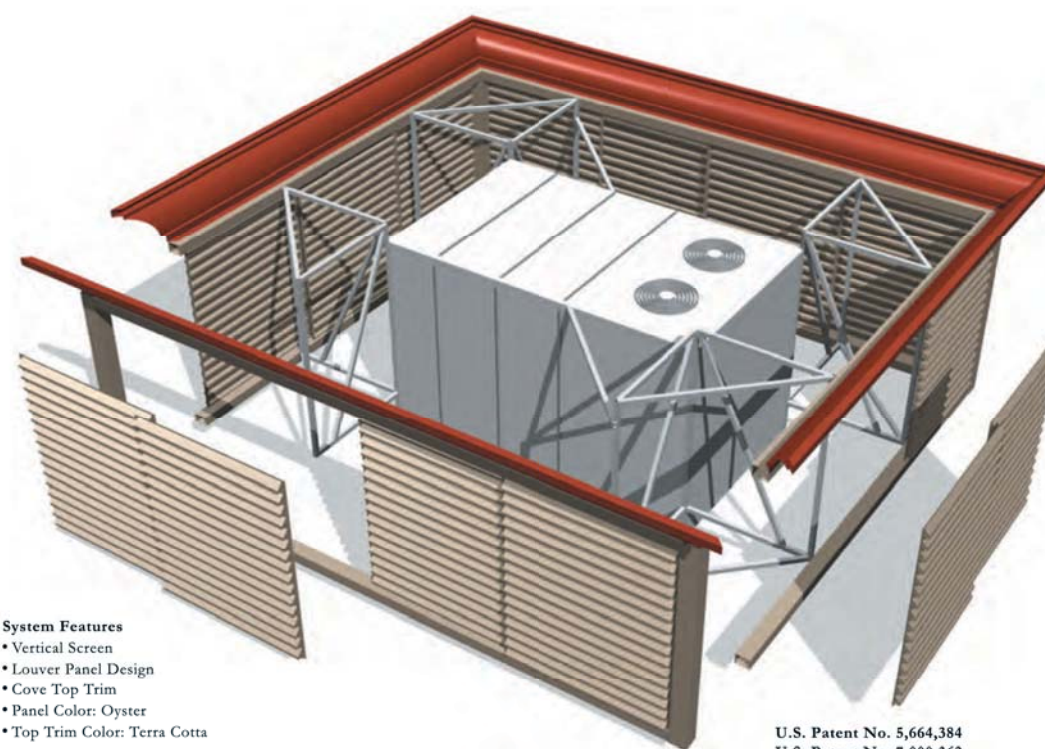

The Ohio State University Foundation - Columbus, Ohio

chillers, air handlers, power exhausts, roof stacks, communication equipment, dumpsters - you name it!

Customizing a screen to fit your needs is easy...

Simply choose between canted or vertical, decide on a panel design, select a top trim (optional), and pick a color. It's that simple! **We can customize any feature** to your particular design requirements, including custom panel designs, custom colors, and custom top trim designs. If you don't see what you need, tell us what you want. We'll build it for you.

System Features

- Vertical Screen
- Louver Panel Design
- Cove Top Trim
- Panel Color: Oyster
- Top Trim Color: Terra Cotta

U.S. Patent No. 5,664,384
U.S. Patent No. 7,000,362
U.S. Patent No. 7,707,798

Step 1: Choose a Canted or Vertical System

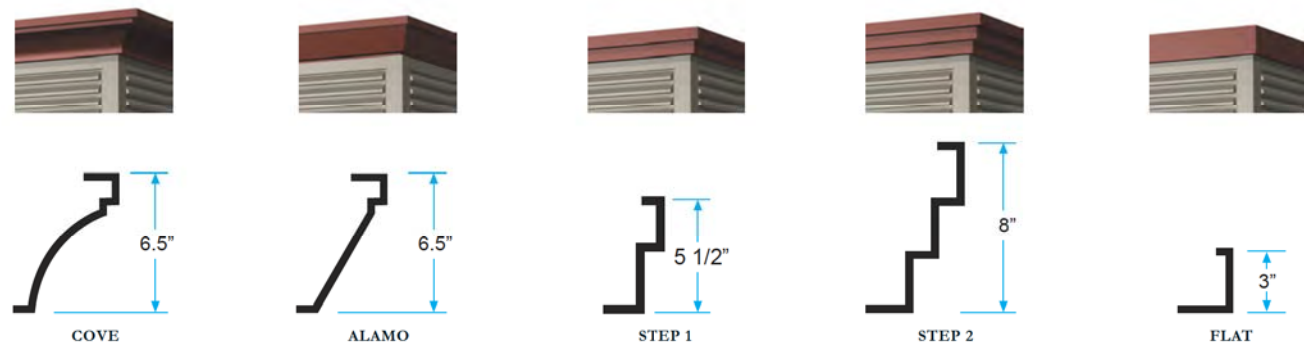

Envisor screens are the perfect alternative to parapet walls and they satisfy even the strictest screening code requirements. Both styles feature our patented attachment method, which secure our screens directly to the equipment with no rooftop penetration. Screen heights are available to screen virtually anything you desire.

Step 2: Decide on a Panel Design

Panels are available in **5 standard styles** allowing you to control the project without sacrificing the essential elements of the building design. The panels are constructed of thermoformed high impact ABS with a **co-extruded UV protective layer** on both sides. The panels are held firmly in place using a rust-free, double tracked aluminum rail system. This enables the panels to slide side-to-side for easy access to the unit during servicing and maintenance. Don't see a panel that fits your project? Tell us and we'll make one that you design.

Step 3: Select a Top Trim (optional)

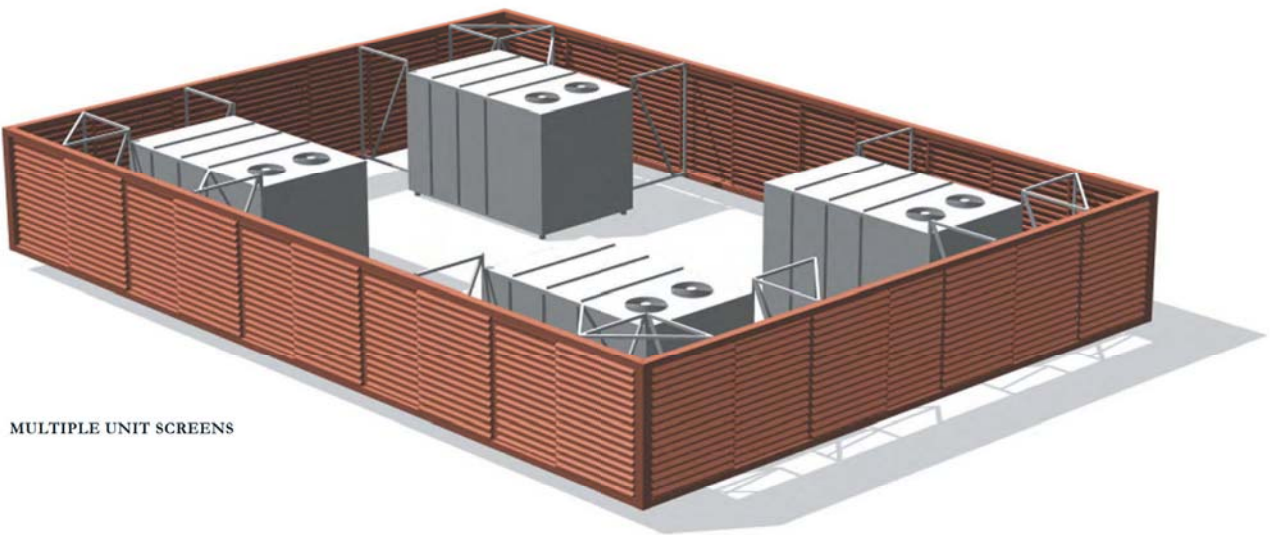

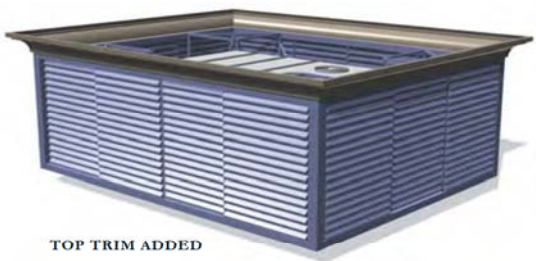

Decorative top trim options offer the flexibility to further customize the elegant appearance of the screens by **picking up on your building design elements** and incorporating those details into the screen itself. Although optional, they offer one more way to make screens part of the design, not part of the problem. We can manufacture any size and shape top trim you create.

Step 4: Pick a Designer Color

Our designer colors complement most architectural applications, but don't let standard colors limit your creativity. We have the ability to **match to any cross-referenced color specification**. Send us samples to match. We've even matched a color to a rock! *Colors shown are only approximate. Please call for actual samples.*

Step 5: Custom Designed Solutions

Envisor equipment screens can be manufactured in a limitless combination of shapes and configurations to help reduce cost, add to the aesthetics of a building, or both. Let us design one for you! Just tell us the equipment manufacturer, the model numbers, and the special requirements you might have. Call for a complete design kit today or visit our website at www.cityscapesinc.com.

Product Features

No Rooftop Penetration

Pre-Engineered Screening System

Screening Code Solution

Attractive Alternative to Parapet Walls

Multiple Panel Designs

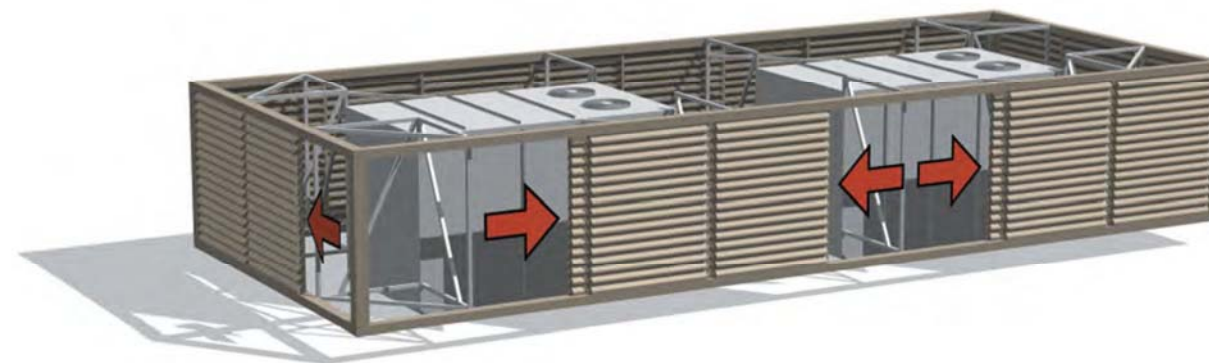

Designer Top Trim Accents

Panels Slide for Easy Service Access

Custom Design Capabilities

Our panels are designed to slide side-to-side in either direction for easy access to the equipment for servicing and routine maintenance.

police department

October 10, 2022

TO: Mayor & Board of Aldermen

FROM: Brian Myers, Chief of Police 

SUBJECT: Special Event Permit – Word of Life Fall Fest

I have attached a Special Event Permit application from Anna Kate Williams with Word of Life Church. The event is a church function scheduled for Sunday, August 14, 2022, at their campus, 670 Highland Colony Parkway beginning at 9:00 a.m. and ending at 1:00 p.m.

Ms. Williams is expecting a crowd of approximately 500. Arrangements have been made for event cleanup by volunteers, as well as adequate restroom facilities on site. Ms. Williams indicated food vendors will be on site, and will provide application forms to City Hall. Ms. Williams provided 3 vendors for the event: Kona Ice, T&J Concessions and The Good Guys Kitchen.

Ms. Williams advised that there will be amusement park rides, which will include a small Ferris wheel. The rides are being provided by Big Round Wheel. The Ridgeland Police Department has requested a copy of Big Round Wheel's liability insurance for this event. As of October 10, 2022, the paperwork has not been turned in.

This event will not generate overtime for the police department. The on-duty shift personnel will conduct periodic patrols of the area.

Ms. Williams has submitted the filing and bond fees for this event.

Your consideration and approval will be greatly appreciated.

(If additional Mobile Food Vendors will be present, attach a separate sheet with the above information included)

UNMANNED AIRCRAFT SYSTEM – DRONE USAGE

Will the organizers of this event use the services of an UAS (unmanned aircraft system): ☐ YES ☒ NO

If Yes, who is the operator of the system: _____ Cell Number: _____

If an UAS/Drone will be utilized, a copy of the following required documents must be attached to this application:

Section 333 Exemption or Aircraft Certification

- Certificate of Authorization (COA)
- Aircraft Registration and Markings
- Pilot Certificate

FIRST AID/MEDICAL STATION(s): ☒ YES ☐ NO LOCATION(s): first aid in the building

POLICE/SECURITY PERSONNEL REQUIRED: _____ ☐ Police Dept. Assigned ☒ Self-Hired ☐ Not Applicable

ASSISTANCE FROM OTHER CITY DEPARTMENTS: ☐ Fire Department ☐ Public Works/Streets ☐ Recreation/Parks

Applicant Printed Name: Anna Kate Williams Contact Number: 916-640-3454

Applicant Signature: Anna Kate Williams Date: 4/10/22

Application Instructions

- 1). You must present to the Chief of Police or his designee your plan for parking and traffic control. You must state in this plan whether or not police or private security personnel will be needed to direct and handle traffic and parking.
- 2). City of Ridgeland Special Events Ordinance section 10-33(2) requires adequate security be provided at special events. This requirement is one security officer for every 400 people in attendance. A private security company may be used but preference shall be given to the hiring of off duty personnel. The assistance from Ridgeland Police Department for road course races/walks to secure intersections shall not be considered as part of the security requirement. The personnel assigned for traffic control are in addition to any requirement for on-site security personnel required in the ordinance.
- 3). If the event is to have outdoor music, a Permit to Play on Premises Music will be required from the applicant agreeing to comply with the noise ordinance of the City of Ridgeland, MS.
- 4). If there is a need for Police Dept., Fire Dept., Public Works Dept. and/or Rec/Parks Dept. personnel to work in controlling the special event, the applicant will agree to pay this cost from the filing of a bond fee.
- 5). The applicant may be required to post a bond fee in the minimum amount of one thousand dollars (\$1,000.00) with the City Clerk. This is to ensure that the event area is immediately cleaned up after its conclusion, and any City employee who works overtime as a result of the special event, will be compensated from the bond proceeds.
- 6). Submit the above application and information to the Office of the Chief of Police with a non-refundable filing fee of one hundred dollars (\$100.00) along with the above referenced bond fee. This application will be forwarded to the Patrol Division Commander or a designee who will review the application for all required documentation. This application and documentation will be presented to the Ridgeland Board of Aldermen for subsequent approval. Please allow a minimum of 30 days to complete the process and receive approval.

- 7). Event organizers should submit a map outlining the area where an event is to be held. Points of interest (entrance/exit points, first aid stations, etc...) shall be included on this map. If the event is a road race/walk, a map reflecting the proposed course route along with a description of the route shall be included. If any portion of the route will include sections of the Natchez Trace Parkway, you must first obtain approval from the Natchez Trace Chief (phone no. 662-680-4014; Ridgeland office 601-856-7321) and documentation reflecting this approval must be submitted with this application.
- 8). If the event is to be held at Old Trace Park and/or Madison Landing, you must first seek approval from PRVWSD Parks and Recreation (601-856-6319) and obtain a Facility Use Application which must be submitted with this application.
- 9). The number of event personnel will represent the number of people from the organization who will be assisting with the overall operation of the event. This will include any volunteers from the organization.
- 10). The arrangements for restroom facilities as addressed in the Ridgeland Code of Ordinances indicate 1 restroom per 150 people in attendance. These may be portable restrooms or existing restroom structures.
- 11). The event organizer or organization will be responsible for clean-up at the conclusion of the event. The City of Ridgeland encourages organizations to participate in a recycle program for any waste or debris to be discarded.
- 12). The first aid station located on the event site shall be manned by a state certified EMT.
- 13). The number of police/security personnel shall be determined by the expected crowd size. The event organizer may staff the event to satisfy this requirement through off-duty law enforcement personnel. The Ridgeland Police Department will assist the organizers if they choose the police department assigned option, or the event organizers may choose the self-hire option to select their own personnel to comply with the ordinance.
- 14). In accordance with City of Ridgeland Mobile Food Vending Ordinance (Chapter 22, Article V), any special event organizer who utilizes the services of a mobile food truck or pushcart must comply with the requirements under this above referenced section. If you utilize the services of a mobile food vendor, the applicant named on this permit will ensure the requirements under section 22-203 (b) are met and obtain a Special Event Mobile Food Vending Permit from the City of Ridgeland Department of Finance and Administration.

**NOTICE AND REQUEST FOR PROPOSALS
FROM FINANCIAL INSTITUTIONS FOR
SELECTION OF DEPOSITORIES FOR
THE CITY OF RIDGELAND, MISSISSIPPI**

Pursuant to Sections 27-105-305 and 27-105-353 of the Mississippi Code of 1972, as amended, notice is hereby given to all financial institutions in Madison County, Mississippi, that the Mayor and Board of Aldermen of the City of Ridgeland, Mississippi shall receive proposals to act as depository for the privilege of keeping the municipal funds, or any part thereof, for the calendar years 2023, 2024, 2025 and 2026, at their December 6, 2022 meeting at 6:00 p.m., at Ridgeland City Hall. All proposals must comply with the requirements and provisions of Sections 27-105-305, 27-105-315 and 27-105-353 of the Mississippi Code of 1972, as amended, and participate in the state pool guaranty program. Proposals are due on Monday, November 28, 2022 at 9:00 a.m. and should be delivered to the City Clerk.

Please contact the City Clerk for additional written instructions pertaining to the proposal requirements.

BY ORDER OF THE MAYOR AND BOARD OF ALDERMEN OF THE CITY OF RIDGELAND, MISSISSIPPI, on this the 19th day of October, 2022.

Paula Tierce, City Clerk

**Publish: 10/20/2022

CITY OF RIDGELAND
CITY DEPOSITORY – REQUEST FOR PROPOSALS
ADDITIONAL INSTRUCTIONS
CALENDAR YEARS 2023, 2024, 2025, and 2026

The City of Ridgeland is seeking proposals from qualified financial institutions to serve as city depository. Only those financial institutions that are members of the state guaranty pool program will be considered.

Virtually all City business, including payables, payroll, and deposits of cash receipts, is conducted utilizing a single operating account. Most City governmental funds including the General Fund and the Utility Fund are operated from this account. This account is further used for internet banking, direct payroll deposit and automatic withdrawals from customer accounts for utility bills. The City agrees to maintain a minimum balance in this account of \$2,000,000 however the balance in this account has historically ranged between \$3,000,000 and \$17,000,000. No other significant operating accounts are maintained by the City.

Your proposal shall set forth all fees and charges related to the aforementioned operating account. In addition your proposal shall state the interest rate as a function of the Federal Reserve Discount Rate to be paid on this account. Such interest rate shall be adjusted no less than quarterly. Also, please indicate any services to be provided for which there will be no charge. Those financial institutions not selected for this account may still be selected as an approved city depository eligible to receive other City funds such as Certificates of Deposit.

It remains the intent of the City to periodically invest surplus funds on a short term basis. The financial institution receiving these funds will be selected from the qualifying list of approved depositories on a competitive basis at the time the investment is made. The selection process will include qualifying federal treasury securities.

Your proposal should be sent to Paula Tierce, City Clerk, PO Box 217, 100 W. School St., Ridgeland, MS 39158. The deadline for your proposal is November 28, 2022. at 9:00 a.m.
