RE: **Britton's Abbey Letter of Credit and Hold Harmless and Indemnity Agreement**

I recommend that the Mayor and Board of Aldermen accept the amended Britton's Abbey Subdivision Letter of Credit and authorize the Mayor to sign the Hold Harmless and Indemnity Agreement.

The Letter of Credit has been amended to include the cost of constructing the subdivision's required sidewalk ADA ramps, which will remain the responsibility of the developer. The developer proposes to defer the final installation and connection of the ADA ramps to the curb, gutter, and street pavement until the final asphalt wearing surface is installed. This sequencing will allow the ramps to be properly tied into the finished street surface and provide smooth transitions while minimizing the potential for uneven surfaces or trip hazards.

The Hold Harmless and Indemnity Agreement provides additional protection to the City from liability arising from the deferred completion of the ADA ramps within the public right-of-way.

HOLD HARMLESS AND INDEMNITY AGREEMENT

This Hold Harmless and Indemnity Agreement (the “**Agreement**”) is made effective as of August 20, 2026, by **Sartain Associates, Inc., a Mississippi corporation (“Developer”)**, in favor of the **City of Ridgeland, Mississippi** (the “**City**”).

WHEREAS, Developer is developing the residential subdivision known as **Britton’s Abbey** (the “**Subdivision**”);

WHEREAS, as part of the required public improvements for the Subdivision, Developer is required to install certain curb ramps and related improvements necessary to provide accessible transitions between the sidewalks and streets in accordance with applicable requirements of the Americans with Disabilities Act and other applicable laws and regulations (collectively, the “**ADA Ramps**”);

WHEREAS, Developer has requested, and the City has agreed to allow, the installation of the ADA Ramps to be deferred until the final wearing surface of the streets within the Subdivision is installed; and

WHEREAS, as a condition of allowing such deferred installation, the City requires Developer to accept responsibility for the deferred installation and to indemnify and hold harmless the City as provided below.

NOW, THEREFORE, for good and valuable consideration, Developer agrees as follows:

1. **Installation of ADA Ramps.** Developer shall, at its sole cost and expense, construct and install all required ADA Ramps in accordance with the final plat and construction plans previously approved by the City and all applicable laws, ordinances, codes, standards, and specifications. The ADA Ramps shall be installed in connection with, or promptly following, installation of the final wearing surface of the adjacent streets.
2. **Costs and Expenses.** Developer shall be solely responsible for all costs and expenses associated with the construction of the ADA Ramps necessary to obtain final acceptance by the City. No portion of such costs shall be the responsibility of the City.
3. **Indemnity and Hold Harmless.** Developer shall indemnify, defend, and hold harmless the City and its elected officials, officers, employees, and agents from and against all claims, demands, causes of action, damages, losses, liabilities, judgments, and reasonable costs and expenses, including reasonable attorneys’ fees, arising out of or resulting from the deferred installation of the ADA Ramps, including any claim based upon the absence or incomplete condition of the ADA Ramps during the period of deferment.

(signature page follows)

IN WITNESS WHEREOF, Developer has executed this Agreement effective as of the date first written above.

Attachment I: City of Ridgeland Wastewater Flow Analysis

Ridgeland, MS

August 2026

A. BACKGROUND

The City of Ridgeland owns and operates an extensive wastewater collection system that ultimately conveys wastewater to regional treatment facilities. The City currently maintains permanent wastewater flow monitoring stations throughout the system that provide valuable information for operational and planning purposes. Since completion of the 2020 Wastewater Master Plan, continued development and changing regional wastewater conditions have increased the importance of accurately understanding existing and future wastewater flows. The Wastewater Flow Analysis will use these available data and tools to better understand system performance and support future infrastructure, development, and wastewater conveyance decisions.

B. SCOPE OF WORK

Task 1 – Wastewater Flow Monitoring Assessment and Program Development

Objective: Evaluate the existing wastewater collection and flow monitoring system and compile the information necessary to perform the Wastewater Flow Analysis.

Approach:

- 1.1 Compile available GIS information for gravity sewer, manholes, pump stations, force mains, interceptors, wastewater basins, metering stations, and water meters
- 1.2 Review the existing wastewater basin and sub-basin delineations and update as necessary based on current system configuration.
- 1.3 Inventory existing wastewater flow monitoring stations, including meter type, location, configuration, telemetry, power, and available historical data.
- 1.4 Visit existing wastewater flow monitoring stations with City staff to observe equipment, installation configuration, hydraulic conditions, and accessibility.
- 1.5 Review available meter calibration, verification, maintenance, and inspection information.
- 1.6 Review historical wastewater flow data to evaluate general data quality.
- 1.7 Recommend potential rehabilitation, replacement, relocation, or upgrades to the City's permanent wastewater monitoring network, including additional monitoring locations where warranted.

- 1.8 Develop a Wastewater Flow Monitoring Standard Operating Procedure (SOP) addressing routine inspection and maintenance, field verification and calibration, data validation and QA/QC, management of missing or questionable data, documentation and record retention, and periodic meter performance review.

Assumptions:

- *The City will provide available meter records, equipment information, historical flow data, calibration records, maintenance records, and access to metering locations.*
- *Assessment will be limited to existing accessible facilities and available information.*
- *Independent field calibration or replacement of existing meters is not included in this task.*
- *Recommended equipment improvements will be developed at a planning level.*

Deliverables:

- Wastewater metering station inventory and monitoring system figure.
- Summary of existing monitoring deficiencies and recommended improvements.
- Wastewater Flow Monitoring Standard Operating Procedure.

Task 2 – Wastewater Flow Data Development

Objective: Develop the wastewater flow and rainfall datasets necessary to characterize sanitary and wet-weather flows within the City’s wastewater basins.

Approach:

- 2.1 Review existing wastewater basin and sub-basin delineations and further delineate basins, where appropriate, based on collection system configuration and wastewater flow-monitoring locations.
- 2.2 Geocode available customer water meters and assign each meter to the appropriate wastewater basin or sub-basin to establish basin-level water consumption.
- 2.3 Evaluate available gauge-based and radar-derived rainfall data to determine whether historical and ongoing rainfall can be reliably estimated for each wastewater basin.
- 2.4 Identify gaps in the available wastewater flow and rainfall data. Where additional monitoring is warranted, coordinate with C.C. Lynch & Associates, Inc. to deploy supplemental wastewater flow meters and furnish and install up to five (5) permanent rainfall gauges.

Assumptions:

- *The City will provide available GIS, customer water-meter, and wastewater flow-meter data in Excel, CSV, or other readily usable electronic format.*
- *Basin delineation will utilize available GIS and system information without detailed field verification.*

- *The accuracy of basin-level water-use, wastewater-flow, and rainfall datasets will be dependent on the completeness and accuracy of available source data.*

Deliverables:

- Rainfall monitoring station location map.
- Up to five permanent rainfall monitoring stations if needed.
- Compiled wastewater flow, rainfall, and AMI water-consumption data.

Task 3 – Wastewater Flow Dashboard

Objective: Develop a GIS-based dashboard to integrate and visualize wastewater flow, customer water-use, and rainfall data by wastewater basin.

Approach:

- 3.1 Review available GIS and monitoring data and coordinate with City staff to establish dashboard requirements and key performance indicators.
- 3.2 Develop a GIS database to support wastewater basins, sewer infrastructure, wastewater flow-meter locations, rain gauge locations, customer water-meter information, and historical monitoring records.
- 3.3 Develop standardized import templates and procedures for wastewater flow, customer water-use, and rainfall data using Excel, CSV, or available vendor exports.
- 3.4 Develop an interactive dashboard displaying wastewater flow, customer water use, rainfall, monitoring locations, historical trends, maps, charts, system- and basin-level statistics, and applicable performance indicators.
- 3.5 Update the dashboard monthly with available wastewater flow, customer water-use, and rainfall data for a period of six (6) months.

Assumptions:

- *Monitoring data will be provided in Excel, CSV, or readily usable vendor-export format.*
- *Data will be manually imported and updated monthly; automated API integration is not included.*
- *Consultant will provide monthly dashboard updates for six (6) months.*

Deliverables:

- Wastewater Flow GIS Dashboard.

Task 4 – Wastewater Flow Characterization

Objective: Characterize existing wastewater flows by basin and zoning classification to establish wastewater generation rates, dry-weather flows, wet-weather flows, and infiltration characteristics for system planning, future flow projections, and hydraulic modeling.

Approach:

- 4.1 Analyze wastewater flow data to establish average and peak dry-weather flows and representative diurnal flow patterns by wastewater basin.
- 4.2 Compare customer water consumption with measured wastewater flow to establish sanitary wastewater generation and water-to-wastewater return rates.
- 4.3 Utilize geocoded customer water-meter data, zoning, and land-use information to develop representative wastewater generation rates by applicable zoning or land-use classification.
- 4.4 Evaluate dry-weather wastewater flows to estimate groundwater infiltration and other non-sanitary base flows.
- 4.5 Analyze representative rainfall events and corresponding wastewater flow response to characterize wet-weather flow and rainfall-derived infiltration and inflow (RDII) by basin.
- 4.6 Evaluate seasonal variations, peak wet-weather flows, and rainfall response characteristics where sufficient data are available.
- 4.7 Develop existing and build-out wastewater flow conditions, including appropriate dry- and wet-weather flow characteristics, for use in hydraulic modeling and system planning.

Assumptions:

- *Flow characterization will utilize available historical data and data collected during the six-month monitoring period.*
- *Analysis will be performed for basins with sufficient wastewater flow, customer water-use, and rainfall data.*

Deliverables:

- Basin-level wastewater flow characterization.
- Build-out wastewater flow conditions

Task 5 – Final Report and Recommendations

Objective: Summarize the findings of the Wastewater Flow Analysis, evaluate potential wastewater conveyance and treatment alternatives, and develop recommendations for the City's long-term wastewater system.

Approach:

- 5.1 Summarize the findings of the wastewater flow characterization and build-out analysis.

- 5.2 Evaluate the impacts of existing and projected wastewater flows on the City's collection system and regional conveyance and treatment infrastructure.
- 5.3 Develop and evaluate up to four (4) wastewater conveyance, treatment, or system improvement alternatives identified in coordination with the City, including comparison of planning-level infrastructure requirements, costs, capacity, reliability, implementation considerations, and other applicable factors.
- 5.4 Develop a recommended action plan identifying near-term and long-term next steps for the City.
- 5.5 Prepare a Final Wastewater Flow Analysis Report summarizing the analysis, findings, alternatives, and recommended action plan.

Assumptions:

- *Alternatives will be selected in coordination with the City based on findings from the preceding tasks.*
- *One (1) round of consolidated City review comments is included.*

Deliverables:

- *Final Wastewater Flow Analysis Report.*

C. PROJECT SCHEDULE

Task	Duration	Cumulative Time
Project Initiation	---	Pending
Existing Wastewater Flow Monitoring Assessment	7 weeks	7 weeks
Wastewater Basin and Flow Data Development	4 weeks	11 Weeks
Wastewater Flow GIS Dashboard	12 Weeks	23 Weeks
Wastewater Flow Characterization and Build-Out Analysis	4 Weeks	27 Weeks
Final Report and Recommendations	4 Weeks	31 Weeks

D. COMPENSATION SCHEDULE

WEI will perform Services, as outlined in Exhibit A, Scope of Work, on a lump sum basis. Additional Services and Reimbursables, unless marked otherwise below, will be billed on an hourly basis as per the attached Exhibit B, Hourly Rate Schedule. The costs for each portion of work are as follows:

	Proposed Budget
Existing Wastewater Flow Monitoring Assessment	\$ 25,000.00
Wastewater Basin and Flow Data Development	\$ 22,000.00
Rain-gauge allowance. Up to five gauges at \$4,500 each	\$ 22,500.00
Wastewater Flow GIS Dashboard	\$ 35,500.00
Wastewater Flow Characterization and Build-Out Analysis	\$ 24,000.00
Final Report and Recommendations	\$ 23,000.00
TOTAL	\$ 152,000.00

Memorandum for Budget Amendment

TO: Honorable Mayor and Members of the Board of Aldermen

FROM: Chief Jonathan Posey, Ridgeland Fire Department

DATE: September 1, 2026

SUBJECT: Request and Approval for Budget Amendment to decrease account 001-160-620 (Salaries) and increase account 001-160-730 (Capital Machinery Equipment) in the amount of \$82,537.95 and seek Board Approval of purchase of the MACH Alert Toning System and Radio Equipment for Station 5 for \$82,537.95.

The Ridgeland Fire Department respectfully requests approval to transfer \$82,537.95 from the Salaries account to Capital Machinery Equipment.

The transferred funds will be applied toward the purchase of the MACH Alert station-alerting system, public-address speakers, and associated Motorola radio equipment required for dispatching Fire Station 5. The equipment is available under the Mississippi Wireless Information Network (MSWIN) State Contract, and the applicable quote is attached for review.

The remaining balance of the attached quote will be paid for from the remaining funds from the furnishing budget of Station 5 through Benchmark.

The Ridgeland Fire Department respectfully requests approval of the proposed budget amendment and authorization to purchase the Station 5 dispatch equipment from Motorola in the amount of **\$82,537.95**. This purchase was not included in the adopted budget; however, the requested amendments will result in no additional impact on the General Fund Balance.

Thank you for your consideration. Please let me know if additional information is needed.

Respectfully submitted,

Jonathan Posey

September 1, 2026

TO: Mayor & Board of Aldermen

FROM: Brian Myers, Chief of Police 

SUBJECT: Justification to Purchase 911 Recording Software from Jackson Communications

The Ridgeland Police Department received two quotes for the replacement of its 911 recording software. Quality Recording Solutions submitted an initial cost of \$28,323, while Jackson Communications submitted an initial cost of \$30,587.

Although Jackson Communications has a slightly higher initial cost, its annual recurring cost is significantly lower. Quality Recording Solutions has an annual cost of \$8,272 compared to \$3,240 for Jackson Communications. Over five years, the total projected cost for Quality Recording Solutions is \$61,411, while Jackson Communications is \$43,547, resulting in a five-year savings of \$17,864 with Jackson Communications.

In addition to the substantial long-term savings, Jackson Communications has technicians located in the Jackson Metro area. Quality Recording Solutions' closest technician is located in Alabama. Because the recording system is a critical component of the Communications Division and is responsible for recording and retaining 911 calls and emergency radio traffic, timely technical support is essential. Having local technicians provides the department with quicker access to on-site service and reduces the potential for extended downtime should a system failure occur.

While Jackson Communications requires an additional \$2,264 in initial funding, that difference is recovered quickly through the lower annual costs. The combination of \$17,864 in projected five-year savings and locally available technical support makes Jackson Communications the more cost-effective and operationally reliable option.

The Ridgeland Police Department respectfully recommends approval of the Jackson Communications proposal for the replacement of the 911 recording software.

TO: Mayor & Board of Aldermen
FROM: Brian Myers, Chief of Police 
SUBJECT: Review and Approve Quotes for New Traffic Cones

Please review and approve the attached quotes for the purchase of new traffic cones.

These traffic cones will be used to train our officers in tactical and emergency vehicle operations. This training will improve officers' driving skills, enhance safety, and help reduce the number of preventable vehicle accidents involving department vehicles. By reducing accidents, the department can also help lower vehicle repair expenses and insurance-related costs.

Your consideration and approval will be greatly appreciated.

QUOTED BY:

September 1, 2026

TO: Mayor & Board of Aldermen

FROM: Brian Myers, Chief of Police 

SUBJECT: Purchase of 2 BMW Motorcycles Justification

The Ridgeland Police Department received pricing for the purchase of two police motorcycles from Chunky River Harley-Davidson and BMW Motorrad. The total cost for two Harley-Davidson motorcycles is \$63,336.00, while the total cost for two BMW motorcycles is \$73,569.77, a difference of \$10,233.77.

Although the BMW motorcycles have a higher initial purchase price, they come equipped with the required blue emergency lighting and sirens. The Harley-Davidson motorcycles are delivered without this equipment, requiring the City to purchase the necessary emergency equipment separately and have it installed locally. These additional costs are not reflected in the initial Harley-Davidson price and would also delay placing the motorcycles into service while equipment is ordered and installation is completed.

The Ridgeland Police Department currently operates two BMW police motorcycles. Purchasing two additional BMW motorcycles would maintain consistency within the fleet, reducing the need to stock different replacement parts, equipment, and supplies for multiple motorcycle manufacturers.

Additionally, the Department has already invested in sending personnel to BMW-specific training, allowing routine maintenance and service to be performed in-house. This reduces the need to transport motorcycles to a dealership for routine maintenance, decreasing downtime and providing continued savings in labor and service costs.

While the BMW motorcycles have a higher initial purchase price, the \$10,233.77 difference does not represent a direct comparison of equally equipped motorcycles. The BMW motorcycles include required police equipment, can be placed into service more quickly, match the Department's existing motorcycle fleet, and can be routinely maintained by trained Department personnel.

For these reasons, the Ridgeland Police Department respectfully recommends the purchase of two BMW police motorcycles for \$73,569.77 as the option that provides the greatest operational and long-term value to the City.

SUBJECT: Special Event – C.A.R.A Wine Tasting Event

I have attached a request for a Special Event Permit from Denise Cantrell with Community Animal Rescue & Adoption (C.A.R.A.). The event is the C.A.R.A. Wine Tasting Fundraiser, scheduled for Saturday, October 3, 2026, from 5:00 p.m. to 7:00 p.m. at Renaissance at Colony Park in the green area near Malco Theatres.

Ms. Cantrell is expecting approximately 200 attendees. Individuals consuming alcohol will be required to provide proper identification and will be issued wristbands. Arrangements have been made for restroom facilities and site cleanup following the event.

Ms. Cantrell has advised that C.A.R.A. has applied for the required wine permit and will provide a copy upon receipt.

This event will not generate overtime for the Ridgeland Police Department. On-duty personnel will be notified of the event, and periodic patrols will be conducted as needed.

Checks in the amounts of \$100.00 and \$1,000.00, representing the filing fee and bond fee, respectively, were submitted with the Special Event Permit Application, along with the Permit to Play on Premises Music.

Your consideration and approval of this request will be greatly appreciated.

Application Instructions

- 1). You must present to the Chief of Police or his designee your plan for parking and traffic control. You must state in this plan whether or not police or private security personnel will be needed to direct and handle traffic and parking.
- 2). City of Ridgeland Special Events Ordinance section 10-33(2) requires adequate security be provided at special events. This requirement is one security officer for every 400 people in attendance. A private security company may be used but preference shall be given to the hiring of off duty personnel. The assistance from Ridgeland Police Department for road course races/walks to secure intersections shall not be considered as part of the security requirement. The personnel assigned for traffic control are in addition to any requirement for on-site security personnel required in the ordinance.
- 3). If the event is to have outdoor music, a Permit to Play on Premises Music will be required from the applicant agreeing to comply with the noise ordinance of the City of Ridgeland, MS.
- 4). If there is a need for Police Dept., Fire Dept., Public Works Dept. and/or Rec/Parks Dept. personnel to work in controlling the special event, the applicant will agree to pay this cost from the filing of a bond fee.
- 5). The applicant may be required to post a bond fee in the minimum amount of one thousand dollars (\$1,000.00) with the City Clerk. This is to ensure that the event area is immediately cleaned up after its conclusion, and any City employee who works overtime as a result of the special event, will be compensated from the bond proceeds.
- 6). Submit the above application and information to the Office of the Chief of Police with a non-refundable filing fee of one hundred dollars (\$100.00) along with the above referenced bond fee. This application will be forwarded to the Patrol Division Commander or a designee who will review the application for all required documentation. This application and documentation will be presented to the Ridgeland Board of Aldermen for subsequent approval. Please allow a minimum of 30 days to complete the process and receive approval.

- 7). Event organizers should submit a map outlining the area where an event is to be held. Points of interest (entrance/exit points, first aid stations, etc...) shall be included on this map. If the event is a road race/walk, a map reflecting the proposed course route along with a description of the route shall be included. If any portion of the route will include sections of the Natchez Trace Parkway, you must first obtain approval from the Natchez Trace Chief (phone no. 662-680-4014; Ridgeland office 601-856-7321) and documentation reflecting this approval must be submitted with this application.
- 8). If the event is to be held at Old Trace Park and/or Madison Landing, you must first seek approval from PRVWSD Parks and Recreation (601-856-6319) and obtain a Facility Use Application which must be submitted with this application.
- 9). The number of event personnel will represent the number of people from the organization who will be assisting with the overall operation of the event. This will include any volunteers from the organization.
- 10). The arrangements for restroom facilities as addressed in the Ridgeland Code of Ordinances indicate 1 restroom per 150 people in attendance. These may be portable restrooms or existing restroom structures.
- 11). The event organizer or organization will be responsible for clean-up at the conclusion of the event. The City of Ridgeland encourages organizations to participate in a recycle program for any waste or debris to be discarded.
- 12). The first aid station located on the event site shall be manned by a state certified EMT.
- 13). The number of police/security personnel shall be determined by the expected crowd size. The event organizer may staff the event to satisfy this requirement through off-duty law enforcement personnel. The Ridgeland Police Department will assist the organizers if they choose the police department assigned option, or the event organizers may choose the self-hire option to select their own personnel to comply with the ordinance.
- 14). In accordance with City of Ridgeland Mobile Food Vending Ordinance (Chapter 22, Article V), any special event organizer who utilizes the services of a mobile food truck or pushcart must comply with the requirements under this above referenced section. If you utilize the services of a mobile food vendor, the applicant named on this permit will ensure the requirements under section 22-203 (b) are met and obtain a Special Event Mobile Food Vending Permit from the City of Ridgeland Department of Finance and Administration.

Please find the forms and checks needed for the Special Event Permit application enclosed. CARA's Wine Tasting event will be held on Saturday, October 3 from 5 p.m. to 7 p.m. on the green area at Renaissance in Ridgeland. This event raises funds for the day-to-day cost to care for the animals in our shelter.

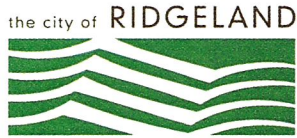

Included in the form is an aerial map along with a plat of the area. Parking will be in the two lots on either side of the green area and the two buildings, Zea Rotisserie & Bar and Aplós Ridgeland.

Event tickets are \$45 and guests must be 21 years of age to purchase a ticket. There will be one designated entrance where tickets will need to be presented by event goers to gain entrance. A wristband will be given to each attendee to ensure that no alcohol is served to anyone under the age of 21.

We have applied for the wine permit via our CPA, but have not received that permit to date. I can forward the permit as soon as we receive it. We apply for these permits for several other events during the year and have never had an approval issue with those events or previous wine tastings.

Renaissance management and maintenance staff help with set up and take down of the event as well as security during the event. Food will be provided by volunteers.

If you have questions or need additional information, please contact Denise Cantrell at denise.cantrell@outlook.com or 601-842-4404.

Event Name: Mississippi Recovery Festival & Walk

Date: Saturday, September 10 or 17, ~~2021~~ 2020

Time: 4:00 p.m. – 7:00 p.m.

Location: Old Trace Park, Ross Barnett Reservoir, Ridgeland, Mississippi

The Mississippi Recovery Festival & Walk is a free, family-friendly community event hosted by the Mississippi Public Health Institute (MSPHI) during National Recovery Month. The purpose of the event is to celebrate recovery from substance use disorders, reduce stigma, promote hope, and connect individuals and families with recovery support services available throughout Mississippi.

The event will begin with participant registration and a community resource fair featuring behavioral health providers, recovery community organizations, peer support organizations, recovery housing providers, faith-based organizations, state agencies, and other community partners. Educational materials regarding overdose prevention, recovery support services, and wellness resources will be available throughout the event.

Following the opening ceremony, participants will take part in a non-competitive, Recovery Walk utilizing the existing paved walking paths within Old Trace Park. The walk is intended to promote health, wellness, and community support for individuals in recovery and their families.

After the walk, participants will return to the main event area for a recovery celebration that will include guest speakers, recognition of individuals and organizations supporting recovery, music, food vendors, family activities, and opportunities to engage with community resources.

No races, competitive sporting events, or alcohol-related activities will be conducted. The event is expected to conclude by 7:00 p.m., with cleanup completed immediately afterward.

GENERAL TERMS AND CONDITIONS

CUSTOMER OBLIGATIONS:

- Operate the equipment in accordance with the manufacturer's recommended instructions.
- Promptly notify Terry Service Inc. of any unusual operating conditions.
- Pay for any services and materials not specifically included in this contract.
- Allow Terry Service Inc., to perform any and all approved repairs to equipment listed on Agreement on a fixed price contract or time and materials basis.

SUPPLEMENTAL CONDITIONS AND CLARIFICATIONS:

- This agreement includes only the labor and material needed to perform the inspection procedures and/or additional services as described in repla.
- This agreement does not include refrigerant, repair parts, repair labor or emergency service calls unless specifically noted in Service Agreement Proposal.
- Deficiencies and needed repairs may be discovered upon inspection. Upon discovery, any such condition will be brought to the Customer's attention and an estimate will be furnished for the cost of correcting the problem.
- Additional repair work will not be performed unless approved verbally or in writing by the Customer or his authorized representative.
- Applicable taxes are not included in Preventative Maintenance Agreement pricing.
- Refrigerant Recovery/Recycle/Reclaim and oil disposal procedures are now required by law and will be followed by Terry Service Personnel.

- Payment of each invoice will be made by the Customer within thirty (30) days from its date and will not be delayed due to insurance claims or other settlements.

WARRANTIES AND LIABILITIES:

- Terry Service Inc. warrants for a period of one year that all replacement parts furnished by TSI under this service ticket are free from defects in workmanship and material.
- The obligations and liabilities of Terry Service Inc., under this warranty are limited to replacement parts not conforming to this warranty which have been returned freight prepaid to TSI furnished F.O.B. shipping point, or freight collect to buyer's city.
- No liability whatever shall attach to Terry Service Inc., until said parts have been paid for by the Customer. Then liability is limited to the purchase price.
- Labor is warranted for ninety (90) days unless otherwise noted in repair proposals.
- Any further warranty must be in writing, signed by an officer of Terry Service Inc.
- In no event shall Terry Service Inc., be obligated to pay for the cost of lost refrigerant due to mechanical breakdown of equipment, leaks, or improper use of equipment.
- The warranty and liability set forth herein are in lieu of all other warranties and liabilities whether in contract or in negligence, express or implied, in law or in fact, including implied warranties of merchant-ability and fitness for particular use.
- In no event shall Terry Service Inc., be liable for any incidental or consequential damages.
